20TH YEAR. NO. 160. EAST LIVERPOOL, O., THURSDAY, JULY 9, 1903. TWO CENTS.

THE BOARD OF REVIEW THROUGH WITH ITS WORK

Took 40 Days of Strenuous Application to Complete the Task—Large Increases Made in Every Ward.

HOW THE FIGURES HAVE BEEN ADJUSTED

After 40 days of strenuous application to their work, the members of the board of review, C. A. Ferguson, T. H. Arbuckle and J. S. Hilbert, have practically finished the stupenduous undertaking and they expect to leave tomorrow morning for Lisbon to submit their report to the county auditor. Considering the vast amount of work incident to the review of the city's taxable property, the board has made a remarkable record. It was in their power, had they so desired, to have deferred the compilng of the report until the latter part of the present month.

As a result of the board's careful and conservative estimate on the value of city property it has increased the valuation over that submitted by the assessors nearly $130,000, which alone will increase the amount of money submitted yearly to the city by the county auditor about $1,400. The total increase on personal property found by the board divided among the wards is as follows: First ward, $1,990; Second ward, $9,704; Third ward, $23,565; Fourth ward, $2,400; corporation return, $13,439.95; total, $51,158.95.

On new structures the board also determined upon quite an increase. In the First ward there are 165 new buildings, valued at $70,400 by the assessors. The board increased the valuation $6,700. In the Second ward there are 145 new structures, valued at $64,450. The valuation was increased $37,200 by the board. In the Third ward the 42 new structures were valued at $26,410 by the assessors. The board made an increase of $13,470. In the Fourth ward the 36 new structures, valued at $15,100 by the assessors, were increased $7,600. The total valuation being $241,330.

The board increased the valuation of the new additions to the city $7,840. The valuation made by the assessors was $46,665 and that made by the board was $54,505.

The total increase over last year's taxation aggregates $300,328.95. The increase found last year by the board of equalization was $320,710.

PROPERTY OWNERS KEEP INDUSTRIES

Away From the City by Asking High Prices For Their Real Estate.

FIRMS WANT TO COME

According to a letter received by Mayor Weaver from R. T. J. Martin, of Lorain, the American Shovel & Stamping company, of that city, is desirous of changing its location and has selected East Liverpool as a suitable site. The letter was turned over to Frank H. Croxall, president of the local board of trade, who stated this morning that the members of the board would give it due consideration. Though there is a strong likelihood of the board's inability to offer the company the inducements, it has requested that a strenuous effort be made in that direction.

Mr. Croxall in an interview with a reporter of the News Review stated that the board has had numerous applications from wealthy and reliable firms for a site in this city during the past year, and that it would have been an easy matter to have arranged for the new industries were the circumstances governing such deals different.

"You see," said Mr. Croxall, "the board is up against a strong proposition. When a company makes application for a location the first thing for the board to do is to find the ground. It is not hard to find a desirable site, but the minute the owner of the property is asked for his price he raises it to such a figure that only millionaires could even consider the purchase. Only yesterday three capitalists were in the city looking for a site. I told them there were many to be found and we started out to investigate. We found three spots, each one of them isolated and from an ordinary standpoint not worth $300 per acre. The owners seemingly understood what we wanted the property for and placed the price at $2,000 per acre.

Such prices cannot even be considered. The majority of applicants do not ask for a bonus, they simply want the board to assist them in getting the site at a reasonable figure. If the property owners will not act with us, what are we going to do? In regard to the Lorain company, I do not know exactly what is wanted, but I feel that its wishes are reasonable and the board will do all within its power to have it locate here."

The letter received by Mayor Weaver is as follows:

"Lorain, O., July 7, 1903.

"The Mayor, East Liverpool, O.

"Dear Sir—Beg to inquire as to whether your citizens are desirous of additional manufacturing industries and if so to learn as to the shipping facilities, railroads, water supply, cost, etc., fuel, where from, cost delivered, etc., tax rate and as to the advantages of your location and also as to what inducement would be offered a corporation of good financial standing, for the location, installation and operation of a rolling mill, the sale of their product being assured and who might also make a line of forks, rakes and hoes and would do a business of from $200,000 to $300,000 per annum and employ from 200 to 500 hands.

"We desire to take prompt decision in regard to the location. Therefore, kindly advise fully and definitely, eliminating a vast amount of correspondence.

"Yours very truly,

"R. T. J. MARTIN."

BOLD BURGLARS CAUGHT AT WORK

THEY HAD INTENDED TO LOOT A HOUSE.

Peculiar Incident Frustrated Well Laid Plans of Two Prowlers.

The attempt of two bold burglars to pilfer a Fourth street residence at a late hour last night was frustrated by a rather peculiar incident. Evidently the plans of the burglars had been laid some time as they had proceeded without hesitation up to the moment of the interruption.

The house they had planned to loot stands at the northeast corner of Fourth and Jackson streets and is occupied by the family of Fred Laufenberger. The front porch is heavily shaded with vines and there are numerous trees along both streets, effectually screening the house and sidewalk from the rays of the street light. The spot is an excellent one for such an attempt.

Mrs. Laufenberger had been at the reception for the choir of the First M. E. church at the home of Mrs. E. W. Fowler, returning a short time before midnight. Chancing to look down upon the sidewalk Mrs. Laufenberger saw two men standing near the fence and their actions at once aroused her suspicion. Presently she heard one of them say:

"Can you hear me?"

"It's all right, I tell you," replied his companion.

"Can you hear me walk?" were the next words she heard.

"Go on I tell you, this is the place all right."

The men then walked northward along Jackson street and stopped at the dining room windows, peering through them into the window. One of them started to lift the latch of the gate to enter the yard and as he did so the interruption came. The men hearing a noise sought the shadow and Mrs. Laufenberger, looking across the street, saw Rev. Dr. Pratt and an officer standing upon the steps of the parsonage. The men then ran south along Jackson street and disappeared into the darkness.

Rev. Dr. Pratt had been at the reception and upon returning home was informed by his son that a man had entered an old building at the rear of the parsonage, evidently to find lodging for the night. Dr. Pratt had no thought of burglars but was fearful that the man might set fire to the structure, which is as dry as tinder. He made a search of the place but could not locate his lodger, having no lantern and not daring to use matches. He telephoned for a policeman and Officer Dawson responded. It was after making a search of the premises that the minister and policeman came out onto the porch.

Mrs. Laufenberger thought the officer was after the men at her home but neither he or Dr. Pratt were aware that real burglars were so near.

DESERTED FAMILY WANTS TO KNOW

What Became of Gray After Silence of 23 Years—Chief Gets Letter.

MAN EASILY LOCATED

Leaving his children at Grant's Lick, Campbell county, Ky., nearly 23 years ago without giving them the least knowledge of where he was going, Benjamin Gray, after spending most of that time in Washington county, O., moved to this city three years ago and a year later died as the result of an accident occurring at the Buckeye plant of the K., T. & K. pottery. His body now rests in Riverview cemetery.

Relative to the deceased Chief Wyman received the following letter last evening:

"Covington, Ky., July 6, 1903.

"Chief of Police—About 23 years ago my father, Ben Gray, left Grant's Lick, Campbell county, Ky. Since that time his children have not been able to obtain any authentic information regarding him. He was rather stout, fair complexion, red hair. The latter must be gray by now as he is about 57 years old if living. He is, I believe, 5 feet 10 inches in height.

"About two years ago we heard that he dropped dead in your town. Later we heard that he was married again and living somewhere in Ohio.

"If there is in East Liverpool any one answering the description I have given you, or if you can tell me where he may be found, I will be very grateful to you.

"I think it was in February, 1901, that my father was reported dead in East Liverpool. Address,

"MRS. PEARL GRANT."

The information requested in the above letter was furnished to the chief early this morning, a number of local people having known Gray intimately while he resided in the city. William Dorff, of the Tri-State Gas company, knew Gray while he lived in Washington county. Dorff says that Gray moved there a good many years ago and shortly after his arrival met a woman whom he afterward married.

They lived in the country until three years ago when they with their several children moved to East Liverpool. Upon their coming to the Crockery City, Gray obtained employment as "saw and hatchet" man at the K., T. & K. pottery, and according to Frank Price, of Third street, who is now employed at the plant, he was well liked

BUILDERS TRADES COUNCIL NEEDED

Labor Man Says Present Conditions Would Have Been Prevented

BY PROPER SUPPORT

Accorded Plumbers And Painters By Other Trades—Brush Wielder Has Something to Say About It—May Be a Calm Before Storm.

"If there ever was a time when the need of a builders' trades council was felt in East Liverpool it is now," said a well known labor man this morning. "With the painters and plumbers both on strike and with the prospect of failure staring them in the face, it is enough to make the average tradesman think twice before venturing an opinion. I will venture to say, and am sure none will contradict, that the plumbers and painters would both have won had such an organization been in existence."

The painters have been on strike since April 1, and though the fight for a shorter day and a slight increase in pay has been waged in a judicious and business-like way, the best they have been able to do to the present was the unionizing of about four firms. The others are still outside, and are likely to remain so. The principal cause for this condition can be attributed to the fact that other building trades have not given the aid or co-operation they should. In speaking of the situation a painter said:

"The carpenters are more closely allied with our craft than any other of the building trades, and it is from them that we should reasonably expect to receive the help of which we so sorely stand in need. As a rule, the carpenters and painters are at work upon the construction of a new building at about the same time. They could easily handicap our work or aid us as it pleased them. We made the request early in the history of our present strike that they refuse to work on the same job with a non-union man, and were told that consideration would be given the matter as soon as we made out an unfair list for their guidance. This was promptly done by the painters and resulted in nothing more tangible than an evasive and far-fetched resolution that benefited us not at all.

"There have been a few instances in which crews of carpenters have refused to continue on a job with men who were working against our interests, and the cases, few as they were, have redounded to our good, but while this is true, there have been scores of opportunities for them to aid us which have been passed over unnoticed.

"You see, the bosses who are yet outside, and who have steadily refused to sign our scale or recognize the union, have made a mutual agreement to stand together and help each other with the contracts on hand. Their plan is to either take the contracts together or to help one another when in a tight place. No attempt has been made to hire non-union men, but there is a sufficient number of contractors on the outside to form a good-sized crew when they all get together. This is the element with which we have been compelled to contend for the most part.

"Then there is another annoyance, and the worst in many ways that has confronted our workmen. I speak of the members of the painters' union who have deserted us and who are now at work under the non-union conditions. There is one man, who, during the period of his affiliation with No. 165 was more active than the average member. He was faithful and industrious in his devotion to the union, but when trouble came on he at once began to look for an excuse to go back. Our officers interested themselves in his behalf, knowing that he was weakening, but it did no good, and in a short time we lost him. He is now working, and justifies his unusual actions by saying the men on strike were paid strike benefits regularly, while he received nothing.

"Now, as a matter of fact, no member of No. 165 has ever drawn one penny in the way of benefits. We received a few hundred dollars from our headquarters, but no part of it was ever used for any other purpose than to pay expenses incurred by reason of the strike and to aid in winning our fight against the master painters. No

ELECTRIC LINES SHOW ACTIVITY

Y. & S. Company Pushing Construction—Goodman's Company Up and Doing.

THE PROPOSED ROUTES

Lisbon, July 9.—(Special)—Construction work on the Youngstown & Southern Electric line is now well under way and there seems to be no room for further doubt that the company means business and that the line will be built.

J. R. Long, of Youngstown, the company's real estate manager, who has secured almost the entire right of way from Youngstown to East Liverpool, and E. Smith, a member of the engineering corps, were in Lisbon last evening and from them it was learned that rapid progress is being made on the grading of the roadbed south from Youngstown. Nearly 50 teams and about 70 men are now at work and, since the first sod was turned a few days ago, more than a mile of the route has been made ready for the rails and cross ties.

At this rate of progress, and in consideration of the fact that the working force is to be increased as fast as possible, the prediction that cars will be running to Lisbon by November next appears easy of fulfillment.

The engineering corps has completed its survey to a point just north of this city but has retraced for the present to complete some cross sections. They expect to come into this place next week by what is known as the "Mill Seat" route, following the stream to a point in the east end of the city, from whence the line will diverge, traversing the eastern part of the city and crossing the Little Beaver in the vicinity of the bridge

POPE LEO TAKES TURN FOR BETTER

Surprising Rally in His Condition, Some Hope For His Recovery.

Rome, July 9.—(Special)—A surprising rally in the pope's condition has been noted today and his vitality is becoming more and more wonderful to the physicians and watchers at his bedside.

After a fairly good night he was sufficiently well this morning to be shaved and during the remainder of the morning hours seemed to be more cheerful evidently gaining strength as the minutes passed.

The functional disorders have almost entirely passed and his physicians have stated that they now have some hopes of his recovery. The heart action has become noticeably stronger and the circulation is much better.

An attack or diarrhoea developed this afternoon, caused by the quantity of food taken and the physicians are now in consultation.

VOLHONI IS DEAD

Rome, July 9—(Special)—Monsignor Volhoni, secretary of the Consistorial Congregation, died today. He was stricken last night while at the vatican, with cerebal congestion and remained unconscious until the end came.

Monsignor Volhoni was a very close friend of the stricken pontiff and was ever near him.

RAILWAY OFFICIALS MEET LOCAL BOARD

A most important conference was held yesterday afternoon by the East Liverpool board of public service and three representatives of the C. & P. Railroad company, Supt. Scriven, Attorney J. R. Carey and the chief engineer.

It was the object of both the board and the visiting gentlemen to learn the demands and concessions that are to be made by each regarding the improvement of the railroad within the city limits. The conference from this standpoint was not fruitless, but the board positively refused to make any promises, owing to the absence of Solicitor George E. Davidson from the city.

The railroad men upon arriving in the city on the noon train made their presence known to the board and at 1:30 the parties got together and proceeded to make a tour of inspection along the railway line. They went to Walker and walked from there to the eastern limit of the city. Everything in connection with the proposed improvements was thoroughly discussed and there was no difficulty encountered in bringing about mutual agreements.

It was the desire of the railway officials to have the board give them an answer on the questions, but it refused and will make no report whatever until the solicitor offers advice. The passenger station in the East End was discussed and it is said the railway company is agreeable to erecting it. The freight station in the central part of the city was also talked of, but definite action was deferred.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Attention Has Again Centered On Question of Pure Water Supply—Old Plan Too Expensive.

OHIO RIVER PLANT IS FAVORABLY MENTIONED

Attention has again centered on the question of providing a filtering plant for the city water works. For more than a year the matter has been practically dead, owing to the bankruptcy of the fund from which the money would necessarily be drawn for the building of the plant, but now there seems to be a plan in sight that will eventually result in the securing of the required amount, and those having the question under control are giving it much conservative thought. However, there will be no attempt made to raise the money until the city has sufficiently recovered from its present financial embarrassment. This state of affairs will be reached, it is thought, within the year.

One of the most important factors in connection with the question at the present time is in relation to what kind of a plant would be, in the end, the least expensive and also produce the best results.

It will be remembered that the old water works board purchased nearly an acre of ground adjoining the north side of the reservoir on Thompson's hill. It was then the intention of the board to pump all of the water in use into the plant, which was to be built upon a plan that was later thought to be too expensive and was dropped. The plan was to excavate to the required depth and place a number of different substances in the enclosure which would properly filter the water, but the process was one that would constantly wear and it was this point that led the board to abandon the idea, the cost of the wear and tear being considered too much.

Upon the bottom of the plant there were to be perforated iron pipes into which the water would run and from which it would empty into the reservoir. Immediately above the pipes there would have been a layer of sand stone, next a layer of gravel and then white sand. Whenever the top layer of sand would become filthy it would be necessary to remove a portion of

ATTORNEY TAYLOR WILL MAKE RACE

FOR PROSECUTORSHIP IF HEALTH PERMITS.

Salem Man Courts County Office and Is Regaining Health.

Salem, July 9.—(Special)—Attorney A. W. Taylor, who was brought to his home here a few days ago from North Baltimore, O., where he was stricken with paralysis some weeks ago, has so far recovered as to be able to drive about the city.

While Mr. Taylor was sick at North Baltimore the Columbiana county Democratic convention was held at Lisbon and he was nominated for prosecuting attorney. News of the nomination was forwarded to him by telegraph. Aside from acknowledging the same, Mr. Taylor has said nothing about his political intentions. Should he recover his health it is believed he will make active canvass for the place.

Mr. Taylor's friends here say that he has long courted county office and will certainly be in the prosecutorship race if his health permits. In case he finds that he will not be able to make the race he will decline the nomination and the vacancy will be filled by the county committee.

Probate Court.

Lisbon, July 9.—(Special)—W. W. Kernohan, who was appointed by the court the other day to administer the estate of the late Robert E. Johnson, of Lisbon, has resigned and the court has accepted his resignation.

The late Richard Barr, of Wellsville, having left no will, W. A. Snediker has been appointed administrator of his estate under bond of $400. Appraisers, W. E. Smith, John F. McQueen and C. V. Shoub.

Xenia Gets Convention.

Akron, July 9.—The Ohio Catholic Total Abstinence union convention closed its three days' convention this afternoon. Xenia was chosen as the place of holding the next convention in 1904. Rev. N. J. Kelly, of Xenia, was elected president.

THE NEWS REVIEW VOTING CONTEST

Is a Fair One, and Every Candidate Has an Equal Chance.

HOW THE VOTE STANDS

It has come to the knowledge of the News Review that some one has been busy with the circulation of a story to the effect that papers containing coupons for the voting contest are being sold from this office at the rate of 75 cents per 100. The statement is untrue and misleading.

We desire to inform readers, as was stated in the beginning that the contest will be conducted in a fair and business-like manner. No paper containing a valid coupon will be or has been sold for less than the regular price. The News Review sells for two cents per copy, and as long as a series of coupons are valid and can be voted they will not be sold for a less figure. After the time expires in which votes may be presented and counted, the old papers will be sold at the old paper rate.

The contest grows more interesting with each issue, and the candidates are very busy gathering in the votes. There are some changes among the three leaders and the vote stands as follows:

The following are the candidates who have received 100 votes or more up to date.

J. E. Anderson, Lincoln avenue	30,205
Thomas Lounds, Fourth street	30,072
Thomas Neal, Riverside Park	29,951

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

THE WEATHER.

Ohio—Local rains and not so warm; Friday showers; light southwest winds.

Western Pennsylvania — Showers Thursday and probably Friday; light to fresh southwest winds.

West Virginia—Fair; Friday showers.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address. Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hustrand, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torpid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, O., writes under date July 10, 1900: I take pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for Cameron to accept a similar position in the Boreadum plant.

Dr. M. W. Taylor and J. M. Buckle went out to Ohioville last night, ostensibly to attend a social. Nobody outside of these two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and catharties but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9.—Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

LEGAL.

LEGAL NOTICE

Henry Reichet, whose residence is unknown and the unknown heirs of Henry Reichet and all persons claiming by, through or under them, or either of them, will take notice that on the 3d day of July, 1903, Frank H. Nagle filed his petition in the Common Pleas Court, Columbiana county, Ohio, in case No. 4523, against the above named and designated parties and others praying for the quieting of title as against any claims of the above named or designated parties in that part of lot No. 408 in East Liverpool, Ohio, bounded and described as follows: Beginning at the southwest corner of said lot and running thence in an eastwardly direction along the south line of said lot a distance of 40 feet to a point; thence at right angles in a northwardly direction back across said lot parallel with the west line thereof, a distance of 40 feet to a point; thence at right angles in a westwardly direction parallel with the south line of said lot, a distance of 40 feet to the west line of said lot; thence in a southwardly direction along the west line of said lot to the place of beginning. Said part of said lot forms a parcel of ground fronting 40 feet on Peach alley and extending back rectangularly along Summit Lane 40 feet.

Said parties are required to answer on or before the first day of August, 1903, or judgment will be taken against them.

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address. Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

THE WEATHER.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torpid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, O., writes under date July 10, 1900: I take pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for Canton to accept a similar position in the Boneadum plant.

Dr. M. W. Taylor and J. M. Buckie went out to Ohioville last night, ostensibly to attend a social. Nobody outside of these two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9. — Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

LEGAL.

LEGAL NOTICE

Henry Reichet, whose residence is unknown and the unknown heirs of Henry Reichet and all persons claiming by, through or under them, or either of them, will take notice that on the 3d day of July, 1903, Frank H. Nagle filed his petition in the Common Pleas Court, Columbiana county, Ohio, in case No. 4523, against the above named and designated parties and others praying for the quieting of title as against any claims of the above named or designated parties in that part of lot No. 408 in East Liverpool, Ohio, bounded and described as follows: Beginning at the southwest corner of said lot and running thence in an eastwardly direction along the south line of said lot a distance of 40 feet to a point; thence at right angles in a northwardly direction back across said lot parallel with the west line thereof, a distance of 40 feet to a point; thence at right angles in a westwardly direction parallel with the south line of said lot, a distance of 40 feet to the west line of said lot; thence in a southwardly direction along the west line of said lot to the place of beginning. Said part of said lot forms a parcel of ground fronting 40 feet on Peach alley and extending back rectangularly along Summit Lane 40 feet.

Said parties are required to answer on or before the first day of August, 1903, or judgment will be taken against them.

All Youngstown is up in arms about the quality of drinking water secured from the Mahoning river, and a new source of supply is demanded by citizens. Chemical tests of the water of the Mahoning river show 6,000 to 7,700 bacteria to every cubic centimeter. All authorities agree that over 250 bacteria to the cubic centimeter makes water dangerous to use. In looks, water from the Mahoning cannot compare with the iron gray fluid taken from the majestic Ohio, and it's a winning bet that there are more zoological specimens in a cubic inch of Ohio fluid than there are in a barrel of the Mahoning variety.

"The Republican party went into power in Ohio 12 years ago pledged to wipe out the state funded debt," says the Cincinnati Times. "The last Democratic administration was that of James Campbell, and the state funded debt at the conclusion of his term of office was $2,291,665. In 12 years the Republican party, by judicious and wise taxation measures and economic administration, has paid off this debt, and done it without taking the money needed for the proper administration of the state's affairs and the maintenance of her charitable institutions. Not only is this the case, but last week, after the last payment had been made on the state's debt, there remained a balance of $3,142,233.62 in the state treasury."

The mayor and chief of police ought to direct, and see that it's done, that the next wife beater coming before them is submerged under water for five minutes. Water cure of such a nature applied in about one case would forever check this pastime frequently indulged in by brutal husbands. Rigorous measures enforced by the officials in a few cases would cause fewer women's tears to be needlessly shed.

Bob Burdette, the humorist, is to give up the lecture platform, which he has made famous and which has made him rich, to preach in a Los Angeles church. When Bob gets up in the pulpit it is safe to say there will be no empty pews before him, and if any members of his congregation sleep they will miss something.

That East Liverpool woman who so dramatically declared she would rather tie a stone around her neck and dive from the Southside bridge than live with her husband, may be well acquainted with her lord and master, but the chances are she has never experimented with such a thrilling leap.

Judging from the way wife beaters, thugs, highwaymen and other fourth grade citizens have been holding the stage in this city and neighborhood for the last three days, there was just a little too much Fourth.

The special meeting of city council to be held this evening ought to be interesting enough, if all business at hand is attended to, to warrant the charging of a small admission fee to spectators.

A New Castle man named Michael Juice has been in police court four times within a week. Every time he sees his name in print it gives him the jim-jams.

Since it has been ascertained that the Dow tax catches "Bishop's beer," many people have arrived at the conclusion that it wasn't much of a drink anyhow.

France's president is visiting in England and Uncle John is whooping it up. Many cries of "Vive Loubet," you bet.

When the old jail is in condition to receive visitors we ought to make a housewarming and invite Lisbon over.

The weather man probably went away on his vacation and forgot to turn off the gas.

Farm Labor Brings Fancy Prices.

Russell, Kan., July 9.—So great is the demand for harvest hands in this section that laborers are bringing fancy prices by selling their services at auction. Bidding on two ordinary workmen started at $2.50 and advanced to $3.21. A negro who guaranteed to stack all the grain one header could cut brought $6 per day.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Continued from First Page.

it and of course replace it, all of which would be expensive.

The plan now under consideration is to build a plant in the Ohio river. It is known as the sand filtration process and has been worked successfully at most every point along the river. Cities owning such a plant have the best water in the state and, though it costs considerable money to build one, the saving in years is a factor that cannot be overlooked. The filtering is done by a natural process, the water sinking through many feet of pure sand and when it reaches the reservoir it is nearly pure.

East Liverpool has long needed an improvement on its present water supply and every citizen interested in the health of himself and the community will favor any plan that will result in proper filtration.

BOARD AND COUNCIL HAVE REAL CLASH

MEMBERS EXCHANGE UNCOMPLIMENTARY REMARKS.

Trouble Came Up Over Question of Quarters for Service Board.

The city council and board of public service held a joint meeting last night and after a lengthy session it was agreed that the service board should seek an office elsewhere than in the city hall.

There was a lively tilt between Councilmen Bissett and O. P. Bowers of the board, and Bissett wanted to know if Bowers proposed to run the city single, high-handed and alone, to which Mr. Bowers retorted that when he transacted business it was only with gentlemen and men who were sober. This caused a commotion, but President Crubaugh held the threatened outbreak in check and order was soon restored.

It was first agreed that the board of public service should have the west portion of the council chamber for their offices, but when a vote was taken to appropriate money to fit up the same it lost, and then a motion prevailed that the board should look elsewhere for quarters, council agreeing to pay the rent without dissention. The postoffice room will now be enlarged, the improvement to take in the room occupied by the board of public service and water works trustees as an office.

AN ITALIAN WAS BRUTALLY BEATEN

NEAR VULCAN WORKS BY AN ENRAGED BOSS.

The Knocker Will Be Arrested on Sight—Victim in Bad Shape.

Antonio Perri, an Italian who works for Contractor Charles Sims on the C. & P., was brutally beaten Tuesday night near the Vulcan brick works by Frank Ray, a boss under Sims. Perri is about 60 years of age and was too feeble to put up much of a defense. He was terribly bruised about the face and chest and has been in the care of a doctor since the occurrence. His face is swollen to twice its natural size and several stitches were required to dress a big gash in his cheek.

A warrant was issued in Mayor Fogo's court yesterday afternoon for the arrest of Ray and the officers will bring him in on sight. He is charged with assault and battery, but it may be changed to something more serious in case the Italian does not get along well.

The fight occurred over some misunderstanding of Ray's orders relative to the work Perri and other Italians were engaged in doing.

KNIFE FOUND

With Which John Dennis Cut His Throat—Revolver Still Missing.

Edward Geisse, nephew of John Dennis, made a careful search of the upstairs part of the Dennis restaurant on Third street and was rewarded by finding the knife with which Dennis cut his throat last Friday afternoon. The knife was of the ordinary pocket variety and was found in a little room used as an attic, where Dennis had thrown it under a lot of rubbish. The large blade was open and covered with blood, leaving no room for doubt as to it being the one used by the suicide.

The revolver with which he attempted to shoot Mollie Taylor has not yet been unearthed and considerable mystery attaches to its disappearance.

COMMISSIONERS

Inspected Roads and Bridges in the Vicinity of Wellsville.

County Commissioners W. K. George, C. Bowman and Eden Reeder were here yesterday afternoon on a road inspection tour. Judge P. M. Smith escorted the commissioners over the road passing Hibbett's mill to Coal Hollow, for the improvement of which 125 citizens recently petitioned.

While here they also inspected the railway bridge over Little Yellow Creek, deciding to floor it with concrete in the near future.

His Third Venture.

This afternoon Barney Rand and Mrs. Susan Lichtenberger were united in marriage by Rev. C. E. Clark, pastor of the First Methodist church here. The groom is well and favorably known here and this is his third matrimonial venture. The bride is talented and wealthy. Immediately after the ceremony the couple were driven to their cosy summer home at Spring Grove camp ground, where they will spend their honeymoon. A reception was given there this afternoon, followed by a serenade and feast.

Carrier Will Quit.

Edward Bunting, carrier of free rural delivery route No. 1, will step down and out tomorrow, the government having accepted his resignation to take effect at that time.

Just what will be done in the matter of appointing his successor is not known. No one seems to want the job and the chances are good for a total suspension of the free rural delivery system here.

Difficult Operation.

Drs. Parke and Hutcheson performed a very dangerous surgical operation yesterday afternoon when a cancer was removed from Mrs. Vale, wife of J. H. Vale, a butcher of the West End. The operation consumed 30 minutes and was highly successful, and the patient is resting well today at her home on Eighteenth street.

CHESTER CITIZENS FIGHT GAS RATE

THEY CHARGE THE COMPANY WITH BAD FAITH.

The Matter Will Be Brought to the Attention of the Town Council.

Though little has been said respecting the matter to the present, there promises to be one of the biggest protests ever heard in the community when the Ohio Valley Gas company attempts to raise its gas rate in Chester. The citizens are indignant at what they are pleased to term the ingratitude and lack of sincerity on the part of the gas company's officials.

The notice sent out to the private consumers of Chester covers the same ground and involves the same percentage of increase as that in East Liverpool. In proportion to the population of the town there are a great many more consumers in Chester than any other town in the two states. The average citizen looks upon the change as a deliberate attempt to bunco the private consumer, and a move is on foot to stop the robbery if the law can be made to apply. It is not known at this time whether the council has the power to regulate the price, but the matter will be investigated at once.

The patrons of the company are now thoroughly aroused, and will take up the fight against the unjust and excessive rate with a determination that cannot fail to bring success. The older residents have not forgotten the circumstances under which the corporation was granted permission to lay their lines through the streets of Chester, and the officials will be called to account. Superintendent Snyder, who had charge of the local branch at that time, came before the Chester council two years ago and made the request for a 25 year franchise. He was willing to do anything and make any sort of a pledge in order to bring about the desired end. It was the opinion of a majority of the council that the franchise should not be granted for a longer period than ten years, and after considerable discussion, it went through at that. Snyder and his associates protested, claiming it did not give the company a fair show in the matter of extensions and insisted to the very last upon a 25-year grant. He dwelt upon the fact that his company desired to be fair with the people of Chester, and promised that the concern which he represented would not raise the rate nor take advantage of the patrons in any way. The ten year regulation stood for one meeting, and when the next session of the council was held, the wily superintendent had played his cards so well that the former action was rescinded, and the franchise extended to 25 years.

This is the peculiar manner in which the gas corporation shows its appreciation for favors bestowed, and the citizens of the town cannot be expected to sit calmly by and permit the robbery to go on without attempting to stop it, or at least entering a vigorous protest.

IRONDALE POLICE CAUGHT ROBBERS

BROUGHT TO CHESTER FOR TRIAL TODAY.

Miller And Grim Likely to Receive a Salty Dose When They Go to Court.

Word was received by the Chester authorities last night that Andy Miller and Fred Grim, the two thugs who beat an Italian nearly to death in Chester Tuesday, had been located at Irondale. The men had remained in hiding at East Liverpool until late Tuesday night, when they boarded the midnight train and reached Irondale before daylight.

Chief of Police Alex Hanlon, of Irondale, had been communicated with by the Chester authorities, and was on the lookout for the robbers. As soon as they were known to be in town Chief Hanlon telegraphed Justice Pugh and received the instructions to hold them.

Officer Good, of the park force, went to Irondale this morning, returning at noon with his men. They consented to go back to West Virginia without papers, and they were placed in the Chester jail to await a hearing. Justice A. G. Pugh will lose no time in giving the housebreakers a preliminary hearing, and it is probable they will be bound over to court.

MARRIED YESTERDAY

James Johnston And Miss De Temple Surprised Their Friends When They Returned.

James Johnston, a well known young potter of Chester, and Miss Kate De Temple, of East Liverpool, were married at New Cumberland yesterday afternoon and returned to the city today, where they are receiving the congratulations of a large number of friends.

The young couple are well known and popular in pottery circles. Mr. Johnston being a son of Councilman Johnston, of Chester, and a jiggerman at the Edwin M. Knowles pottery, while the bride has been engaged at a pottery trade for some time. They will reside in Chester.

A BAD SPILL

Young Lady of Brilliant Was Badly Hurt at Wellsburg Tuesday.

While driving through Wellsburg with a party of friends Tuesday evening, Miss Julia Tuttle was thrown from a surrey and badly injured. The driver of the outfit had selected a back street to avoid the electric light, and the vehicle pitched over an embankment, throwing the occupants into a run below.

Miss Tuttle received several bad bruises which will lay her up for some time. The lady is well known to a large number of Chester people, and the news was received here with many expressions of regret.

ITALIAN HURT

Left Hand Was Caught in the Machinery and Terribly Mangled.

Pedro Condri was hurt at the mill just at noon by having his left hand caught in the rolls. The foreigner was an inexperienced hand and the accident occurred while he was engaged in a task with which he was not familiar. The thumb of his left hand was terribly mashed, while the hand itself was badly torn. The Italian was taken to the office of Dr. G. E. Lewis, where the wounds were dressed. He will not work for several weeks.

Two Attachment Suits.

Two attachment cases were entered in the court of Justice W. C. Johnston this morning, both of which are set for trial on July 15. W. R. Skeen sued C. M. Williamson for $8.20, claimed due for merchandise, and wages of Andrew Miller in the hands of the Chester tin mill company were attached by Mrs. H. Garner. The latter claim is for $8 and is claimed due for board.

An Unusual Occurrence.

Word was received in Chester of an unusual freak played by the lightning in a recent thunder storm over in Brooke county. A large wheat stack on the farm of John Brady was struck by a bolt of lightning and totally destroyed. In the memory of the oldest residents no parallel case can be recalled.

BRINGING NEGRO BACK

Sheriff Gone to Jeffersonville After Lee Brown, Slayer of Patrolman Massey.

TRIAL TO BE RUSHED THROUCH

May Be Difficult to Secure Counsel for Brown—Court House and Jail Still Guarded—Five Arrests for Rioting. Two Burials of Victims.

Evansville, July 9.—Acting under orders of Judge Rasch, Sheriff Kratz left secretly for the Indiana reformatory at Jeffersonville to bring back Lee Brown, the wounded negro who killed Patrolman Massey last Friday. It was this killing and the desire of the mob to lynch Brown that precipitated the rioting here. Brown was secretly removed to Vincennes early Sunday morning and from Vincennes to the state prison at Jeffersonville for safekeeping. How Sheriff Kratz will bring the negro here and what hour he will arrive will be kept secret if possible.

The sheriff took with him one deputy and Dr. Gilbert, who will try to prevent the negro from dying from the bullet in his lung. If the negro shall be successfull placed in the jail here his trial for the killing of Patrolman Massey will be rushed through, and unless a change of venue shall be taken the troops will be held here until after the trial. A venire of 150 names was drawn secretly from which an effort will be made to secure a jury. The court will appoint an attorney to defend Brown.

Militia Still on Guard.

Lawyers here think it will be difficutl to secure an attorney to act, so intense is the feeling. The court house and jail are still guarded night and day by the Martinsville and Evansville companies, the latter company being stationed inside the building. The trial of Brown will be held, according to present plans, with the streets guarded for a distance of one square in each direction from the court house.

Five arrests were made on grand jury indictments for the rioting Sunday night. Those under arrest are Richard Grosbeck, who was Socialist candidate for city clerk; A. P. Cardwell, a furniture merchant; J. T. Zeigler, William Trimble and James Steele. All were released under bond. The coroner heard evidence on the shooting Monday night. He has not returned a verdict. There were no more deaths. The three believed to be fatally shot are in about the same condition, with the outcome uncertain.

Funerals of Mob Victims.

There were two funerals of mob victims during the afternoon. August Jordan and Hazel Allman were buried.

The police authorities say that while many of those shot by the militia were reputable persons, who no doubt were drawn into the crowd from curiosity, two or three of those killed were disturbers and had caused the police trouble before. A revolver found on one of the dead bodies had three empty chambers that had been recently exploded.

A hardware firm whose store was emptied of arms by the mob inserted the following advertisement in local newspapers:

"Warning—If all guns, pistols, ammunition, etc., taken the night of July 5, be returned at once no questions will be asked. We have numbers of all guns, pistols, etc., taken and any one we find with them hereafter will be prosecuted to the full extent of the law."

REALM OF SPORTS

VISITORS TOOK ONE FROM LOCALS

First of a Series of Games Won by Homestead at West End Park.

LOSS ACCOUNTED FOR

By Some Wild West Playing on Part of Locals—Attendance Was Fair And Crowd Appeared to Root for the Visitors Like Fiends.

Mason's failure to catch a foul in the second inning, Umpire Stilwell's rank decision in the seventh, when he called Violet safe at home plate, and Gibson's foolhardy attempt to reach third in the same inning gave the game to Homestead yesterday afternoon in West End park by the score of 7 to 3.

The battle started with the points in favor of the visitors, they having the best bunch of hitters, but at that the locals would have left the field victorious had they retained their noodles when it was absolutely necessary. They fell down at times most inopportune, and as a result were compelled to allow the first of the series of three games to go to the crack Pennsylvania aggregation of amateurs.

Every fan in the city knows what kind of ball Homestead delivers and long before 4 o'clock the grand stand was well filled, with a goodly number scattered around over the field. From their actions, however, they certainly think that the sun rises and sets in the visiting gang. As in the games with the Fairbanks there was a corner full of them who went wild when a Homesteader would scoop a superior play and upon the return by a local if their hearts didn't drop they at least were not heard in the offering of any applause. Continued a few more games and there will not be no first team in East Liverpool. The boys numbered in it at present are everyone of them human. They feel grateful for any appreciation shown them and they certainly deserve some consideration.

In the first inning Gibson went out from third to first. Mason singled. Wallace flew to Tate. Brown singled and, though there were two outs, everything looked favorable for a run until Nolan beat the wind. The visitors started off with Violet walking. After that they went out in rapid succession.

It was in the second that the decisive turn was made. The locals had gone out in one, two, three order and were playing first-rate ball when very suddenly the man of whom it was least thought fell hard. Milton singled, but went out from pitcher to short, McChesney reaching first on the play. Ferguson stepped up and went out readily to Nolan. There were then two outs and only one man on bases. Coursey takes the bat and singles and Pearson lands for a two-bagger. While he was at bat he knocked a little pop foul to Mason. The latter dropped it like he would a ball of fire. Two men scored on the hit when there was no excuse in the world for it.

Neither side scored in the next, but they made up for it in the fourth. The visitors touched the goal just three times and landed four pretty hits. All of them were clean and were inevitable under the circumstances. Wallace led off for the locals by lining one to Ferguson. Brown walked and Nolan followed with a single. Both advanced a base, but when Webb knocked one down to short, Brown got so anxious to get home that he rushed in and was caught. Had he but waited another turn he might have landed. Chick was the next man up and he placed one of the prettiest hits in the rule book. Nolan and Webb scored and the side died when Emmerling played one down to the pitcher.

In the fifth Tate scored after making a two-bagger, but the locals failed to get to first base. In the sixth there was nothing doing for the Smoky City suburbanites. They went out fast. It was one of the innings in which the locals should have made a jump toward victory. Wallace went out from Pearson to first; Brown walked and Nolan allowed the ball to touch his shirt waist. It was Webb's time to make the play of his life, but he fanned. Right here Brown accepted the opportunity to steal third and scored on a wild throw. Reark walked, and it was then up to Emmerling to accept the chance that Webb so rudely discarded. He didn't fan, but went out from third to first.

Violet worked his bluff to perfection in the seventh. He intimidated Stilwell to the extent that he got his base on balls and when he ran in home, notwithstanding that he did not touch the plate by 18 inches, Stilwell called him safe. It was a mean inning for the locals.

One run was scored against them undeservingly and where two runs might have been scored by the home boys, they got nothing. Winters went out to the pitcher. Gibson hit for two bases, and as a result of trying to reach third on Mason's grounder, went out. Wallace, the next man up, got a hit and would have scored both Gibson and Mason. After that neither side could get to second and the game died out without the usual exciting ninth inning.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zeile himself, the pioneer druggist of 822 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902).

"After a serious illness of over a year Judge J. R. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'" —Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Renal Compound for Bright's and Kidney Diseases, etc., $1; for Diabetes, $1.50. John J. Tired

No Sleep for Weeks Nervous, Weak.

Surgical Operation Wrecked My Nerves.

Dr. Miles' Nervine Restored My Health.

"A few years ago I had to submit to a surgical operation which caused me severe spinal trouble. After treatment I could not gain strength because of extreme nervousness. I took everything I could hear of that was supposed to be good for my trouble but all in vain. I had not had a night's sleep in weeks, when one day one of your circulars was thrown into our yard and after reading what your Nervine had done for others, I resolved to try it. The second night after taking it I slept soundly for the first time in many months and after taking a few bottles I was completely cured. I also used the Nerve Plaster for backache with very gratifying results. I shall always be grateful for the benefits received from Dr. Miles' Restorative Remedies."—Mrs. C. W. Beaman, Savannah, Mo.

"I wish to thank you for the good your medicine has done me. It has almost worked wonders in my case. I was subject to nervous headaches for a period of thirty years. I had doctored with several doctors and had taken a number of different kinds of patent medicines, all to no avail. I was discouraged for I could not get permanent relief. At last I began a trial of Dr. Miles' Restorative Nervine and Nerve and Liver Pills. I am now completely cured and words cannot express my thankfulness to you and your medicine. If any one wishes to write to me personally I will gladly answer their letters."—J. W. Brant, Ingrahm, Ills.

WAS DELEHANTY DROWNED AT NIAGARA

A BODY FOUND ANSWERING HIS DESCRIPTION.

Team Mate of George Carey May Have Met An Untimely End.

Edward J. Delehanty, the Washington, D. C., base ball player, who has been missing, was probably drowned in the Niagara river, near Fort Erie, Province of Ontario. A man answering the description of the Washington player was taken from the river at that point several days ago. In one of the pockets a pass issued by the Washington club to Delehanty was found. Upon that fact his friends and his wife base their belief that the body taken from the river is that of Delehanty.

The man, whether Delehanty or some one else, fell into the river from the international bridge, over which he was trying to walk. The probability is that he committed suicide.

The first intimation that the body might be that of the player came in the form of a letter to Mrs. Delehanty from the Pullman company, saying that a passenger on a train leaving Detroit on the afternoon of July 2 had been put off the train at Fort Erie and had fallen into the river.

Another fact stated in the letter was that the ejected passenger had trouble with the bridge tender.

Delehanty was in a despondent mood when he left Detroit. That is shown in a letter which he had written to his daughter, telling her that he was recovering from a spree and that he felt mighty bad. He enclosed an accident policy and closed his letter with the wish that something would happen to the train on which he was riding so that she might get the benefit of the policy. A representative of the Washington club will go to Fort Erie for the purpose of looking at the body.

Delehanty was a team mate of George Carey, of this city, having been in the outfield of the Washington team this season. He has been one of the greatest outfielders in the history of ball playing but has been off his gait this year.

SHAMROCKS FORFEIT BY NON-APPEARANCE

Were Scheduled to Play the Marines, But Failed to Show Up And Lose By It.

Two teams of the Crockery City league were to have played a game at Rock Springs park yesterday afternoon, but only one of them, the Marines, appeared on the diamond, and as a result the other aggregation, the Shamrocks, took a fall in percentage, it being a rule in the league that a team failing to put in an appearance on a scheduled date shall lose 100 per cent. Notwithstanding that the Marines were unable to play a league game they were given some pretty good exercise with a picked nine, composed of all-around diamond experts. The score of the game, which lasted but five innings, was as follows:

SPORTING MISCELLANY.

Two two-baggers in one inning in yesterday's game failed to produce a run.

—

Sugden, of St. Louis, is the best, and Beville, of New York, the poorest fielding catcher.

—

Amos Rusie, the $75-a-month star, is said to be slated for his release by Vincennes, Ind.

—

Dandy Chimes, 2:07½, won the 2:08 pace at Readville, stepping the last half of one mile in 1:02.

—

Gochnaur's errors give him the lowest rank among the shortstops, with Moran, of Washington, leading.

—

Freddy Parent continues to lead the American league with the stick, and Lajoie is fifth, coming fast.

—

Walter J. Travis, former national and metropolitan golf champion, is rounding into his old-time form.

—

Lajoie is reckoned eighth in fielding by the compilers of averages when compared with other second basemen.

—

Local fans are anxious for a series here with the Niles team and if possible Manager Reark will accommodate them.

—

The O'Neill brothers, of the St. Louis Nationals, recently purchased a home in Scranton, Pa., and presented it to their parents.

—

Pearson, who pitched yesterday's game was with St. Louis last year, but failed to make good. He is a star in amateur circles, however.

—

"Buck" Washer, here earlier in the season with the Wheeling Central league team, is on Homestead's twirling staff and will be pitted against the locals in one of the games.

—

Clarke is now the regular first baseman for the Senators. Malachi Kittredge, recently released by Boston, relieving him behind the bat. Carey has not been playing up to his usual standard of late, according to the Washington papers.

—

"Slab" Burns, who is one of the twirlers with the Homestead team, played here last winter in a gridiron contest with John Walsh's team. "Slab" is one of the best foot ball players in eastern Ohio and is said to be as good at base ball. Years ago he played here with a ball team from Tiltonville.

BETWEEN TWILIGHT AND DAWN.

A trip across Lake Erie, via the steamers "Eastern States and "Western States," operated daily between Detroit and Buffalo, is a luxury in modern travel to be enjoyed at a moderate outlay. These fresh water leviathans are conceded to be the most intelligently designed and perfectly executed examples of marine architecture in existence for a night passenger route. This line is famed for the courteous treatment extended its patrons and the absolute wholesomeness of the entire service.

The two hundred and eighty-five miles between the two cities are traversed in 14 hours, and after a dusty and tiresome rail ride the change to comfort and pleasure amid the invigorating lake breezes is a boon to the weary traveler.

Steamers leave daily from Detroit at 4 p. m. and Buffalo at 5:30 p. m., arriving at their destinations the following morning at 7:30.

THE BOARD OF REVIEW THROUGH WITH ITS WORK

Took 40 Days of Strenuous Application to Complete the Task—Large Increases Made in Every Ward.

HOW THE FIGURES HAVE BEEN ADJUSTED

After 40 days of strenuous application to their work, the members of the board of review, C. A. Ferguson, T. H. Arbuckle and J. S. Hilbert, have practically finished the stupenduous undertaking and they expect to leave tomorrow morning for Lisbon to submit their report to the county auditor. Considering the vast amount of work incident to the review of the city's taxable property, the board has made a remarkable record. It was in their power, had they so desired, to have deferred the compiling of the report until the latter part of the present month.

As a result of the board's careful and conservative estimate on the value of city property it has increased the valuation over that submitted by the assessors nearly $130,000, which alone will increase the amount of money submitted yearly to the city by the county auditor about $1,400. The total increase on personal property found by the board divided among the wards is as follows: First ward, $1,990; Second ward, $9,704; Third ward, $23,565; Fourth ward, $2,400; corporation return, $13,439.95; total, $51,158.95.

On new structures the board also determined upon quite an increase. In the First ward there are 165 new buildings, valued at $70,400 by the assessors. The board increased the valuation $6,700. In the Second ward there are 145 new structures, valued at $64,450. The valuation was increased $37,200 by the board. In the Third ward the 42 new structures were valued at $26,410 by the assessors. The board made an increase of $13,470. In the Fourth ward the 36 new structures, valued at $15,100 by the assessors, were increased $7,600. The total valuation being $241,330.

The board increased the valuation of the new additions to the city $7,840. The valuation made by the assessors was $46,665 and that made by the board was $54,505.

The total increase over last year's taxation aggregates $300,328.95. The increase found last year by the board of equalization was $320,710.

PROPERTY OWNERS KEEP INDUSTRIES

Away From the City by Asking High Prices For Their Real Estate.

FIRMS WANT TO COME

According to a letter received by Mayor Weaver from R. T. J. Martin, of Lorain, the American Shovel & Stamping company, of that city, is desirous of changing its location and has selected East Liverpool as a suitable site. The letter was turned over to Frank H. Croxall, president of the local board of trade, who stated this morning that the members of the board would give it due consideration. Though there is a strong likelihood of the board's inability to offer the company the inducements, it has requested that a strenuous effort be made in that direction.

Mr. Croxall in an interview with a reporter of the News Review stated that the board has had numerous applications from wealthy and reliable firms for a site in this city during the past year, and that it would have been an easy matter to have arranged for the new industries were the circumstances governing such deals different.

"You see," said Mr. Croxall, "the board is up against a strong proposition. When a company makes application for a location the first thing for the board to do is to find the ground. It is not hard to find a desirable site, but the minute the owner of the property is asked for his price he raises it to such a figure that only millionaires could even consider the purchase. Only yesterday three capitalists were in the city looking for a site. I told them there were many to be found and we started out to investigate. We found three spots, each one of them isolated and from an ordinary standpoint not worth $300 per acre. The owners seemingly understood what we wanted the property for and placed the price at $2,000 per acre.

Such prices cannot even be considered. The majority of applicants do not ask for a bonus, they simply want the board to assist them in getting the site at a reasonable figure. If the property owners will not act with us, what are we going to do? In regard to the Lorain company, I do not know exactly what is wanted, but I feel that its wishes are reasonable and the board will do all within its power to have it locate here."

The letter received by Mayor Weaver is as follows:

"Lorain, O., July 7, 1903.

"The Mayor, East Liverpool, O.

"Dear Sir—Beg to inquire as to whether your citizens are desirous of additional manufacturing industries and if so to learn as to the shipping facilities, railroads, water supply, cost, etc., fuel, where from, cost delivered, etc., tax rate and as to the advantages of your location and also as to what inducement would be offered a corporation of good financial standing, for the location, installation and operation of a rolling mill, the sale of their product being assured and who might also make a line of forks, rakes and hoes and would do a business of from $200,000 to $300,000 per annum and employ from 200 to 500 hands.

"We desire to take prompt decision in regard to the location. Therefore, kindly advise fully and definitely, eliminating a vast amount of correspondence.

"Yours very truly,

"R. T. J. MARTIN."

BOLD BURGLARS CAUGHT AT WORK

THEY HAD INTENDED TO LOOT A HOUSE.

Peculiar Incident Frustrated Well Laid Plans of Two Prowlers.

The attempt of two bold burglars to pilfer a Fourth street residence at a late hour last night was frustrated by a rather peculiar incident. Evidently the plans of the burglars had been laid some time as they had proceeded without hesitation up to the moment of the interruption.

The house they had planned to loot stands at the northeast corner of Fourth and Jackson streets and is occupied by the family of Fred Laufenberger. The front porch is heavily shaded with vines and there are numerous trees along both streets, effectually screening the house and sidewalk from the rays of the street light. The spot is an excellent one for such an attempt.

Mrs. Laufenberger had been at the reception for the choir of the First M. E. church at the home of Mrs. E. W. Fowler, returning a short time before midnight. Chancing to look down upon the sidewalk Mrs. Laufenberger saw two men standing near the fence and their actions at once aroused her suspicion. Presently she heard one of them say:

"Can you hear me?"

"It's all right, I tell you," replied his companion.

"Can you hear me walk?" were the next words she heard.

"Go on I tell you, this is the place all right."

The men then walked northward along Jackson street and stopped at the dining room windows, peering through them into the window. One of them started to lift the latch of the gate to enter the yard and as he did so the interruption came. The men hearing a noise sought the shadow and Mrs. Laufenberger, looking across the street, saw Rev. Dr. Pratt and an officer standing upon the steps of the parsonage. The men then ran south along Jackson street and disappeared into the darkness.

Rev. Dr. Pratt had been at the reception and upon returning home was informed by his son that a man had entered an old building at the rear of the parsonage, evidently to find lodging for the night. Dr. Pratt had no thought of burglars but was fearful that the man might set fire to the structure, which is as dry as tinder. He made a search of the place but could not locate his lodger, having no lantern and not daring to use matches. He telephoned for a policeman and Officer Dawson responded. It was after making a search of the premises that the minister and policeman came out onto the porch.

Mrs. Laufenberger thought the officer was after the men at her home but neither he or Dr. Pratt were aware that real burglars were so near.

DESERTED FAMILY WANTS TO KNOW

What Became of Gray After Silence of 23 Years—Chief Gets Letter.

MAN EASILY LOCATED

Leaving his children at Grant's Lick, Campbell county, Ky., nearly 23 years ago without giving them the least knowledge of where he was going, Benjamin Gray, after spending most of that time in Washington county, O., moved to this city three years ago and a year later died as the result of an accident occurring at the Buckeye plant of the K., T. & K. pottery. His body now rests in Riverview cemetery.

Relative to the deceased Chief Wyman received the following letter last evening:

"Covington, Ky., July 6, 1903.

"Chief of Police—About 23 years ago my father, Ben Gray, left Grant's Lick, Campbell county, Ky. Since that time his children have not been able to obtain any authentic information regarding him. He was rather stout, fair complexion, red hair. The latter must be gray by now as he is about 57 years old if living. He is, I believe, 5 feet 10 inches in height.

"About two years ago we heard that he dropped dead in your town. Later we heard that he was married again and living somewhere in Ohio.

"If there is in East Liverpool any one answering the description I have given you, or if you can tell me where he may be found, I will be very grateful to you.

"I think it was in February, 1901, that my father was reported dead in East Liverpool. Address,

"MRS. PEARL GRANT."

The information requested in the above letter was furnished to the chief early this morning, a number of local people having known Gray intimately while he resided in the city. William Dorff, of the Tri-State Gas company, knew Gray while he lived in Washington county. Dorff says that Gray moved there a good many years ago and shortly after his arrival met a woman whom he afterward married.

They lived in the country until three years ago when they with their several children moved to East Liverpool. Upon their coming to the Crockery City, Gray obtained employment as "saw and hatchet" man at the K., T. & K. pottery, and according to Frank Price, of Third street, who is now employed at the plant, he was well liked

BUILDERS TRADES COUNCIL NEEDED

Labor Man Says Present Conditions Would Have Been Prevented

BY PROPER SUPPORT

Accorded Plumbers And Painters By Other Trades—Brush Wielder Has Something to Say About It—May Be a Calm Before Storm.

"If there ever was a time when the need of a builders' trades council was felt in East Liverpool it is now," said a well known labor man this morning. "With the painters and plumbers both on strike and with the prospect of failure staring them in the face, it is enough to make the average tradesman think twice before venturing an opinion. I will venture to say, and am sure none will contradict, that the plumbers and painters would both have won had such an organization been in existence."

The painters have been on strike since April 1, and though the fight for a shorter day and a slight increase in pay has been waged in a judicious and business-like way, the best they have been able to do to the present was the unionizing of about four firms. The others are still outside, and are likely to remain so. The principal cause for this condition can be attributed to the fact that other building trades have not given the aid or co-operation they should. In speaking of the situation a painter said:

"The carpenters are more closely allied with our craft than any other of the building trades, and it is from them that we should reasonably expect to receive the help of which we so sorely stand in need. As a rule, the carpenters and painters are at work upon the construction of a new building at about the same time. They could easily handicap our work or aid us as it pleased them. We made the request early in the history of our present strike that they refuse to work on the same job with a non-union man, and were told that consideration would be given the matter as soon as we made out an unfair list for their guidance. This was promptly done by the painters and resulted in nothing more tangible than an evasive and far-fetched resolution that benefited us not at all.

"There have been a few instances in which crews of carpenters have refused to continue on a job with men who were working against our interests, and the cases, few as they were, have redounded to our good, but while this is true, there have been scores of opportunities for them to aid us which have been passed over unnoticed.

"You see, the bosses who are yet outside, and who have steadily refused to sign our scale or recognize the union, have made a mutual agreement to stand together and help each other with the contracts on hand. Their plan is to either take the contracts together or to help one another when in a tight place. No attempt has been made to hire non-union men, but there is a sufficient number of contractors on the outside to form a good-sized crew when they all get together. This is the element with which we have been compelled to contend for the most part.

"Then there is another annoyance, and the worst in many ways that has confronted our workmen. I speak of the members of the painters' union who have deserted us and who are now at work under the non-union conditions. There is one man, who, during the period of his affiliation with No. 165 was more active than the average member. He was faithful and industrious in his devotion to the union, but when trouble came on he at once began to look for an excuse to go back. Our officers interested themselves in his behalf, knowing that he was weakening, but it did no good, and in a short time we lost him. He is now working, and justifies his unusual actions by saying the men on strike were paid strike benefits regularly, while he received nothing.

"Now, as a matter of fact, no member of No. 165 has ever drawn one penny in the way of benefits. We received a few hundred dollars from our headquarters, but no part of it was ever used for any other purpose than to pay expenses incurred by reason of the strike and to aid in winning our fight against the master painters. No

ELECTRIC LINES SHOW ACTIVITY

Y. & S. Company Pushing Construction—Goodman's Company Up and Doing.

THE PROPOSED ROUTES

Lisbon, July 9.—(Special)—Construction work on the Youngstown & Southern Electric line is now well under way and there seems to be no room for further doubt that the company means business and that the line will be built.

J. R. Long, of Youngstown, the company's real estate manager, who has secured almost the entire right of way from Youngstown to East Liverpool, and E. Smith, a member of the engineering corps, were in Lisbon last evening and from them it was learned that rapid progress is being made on the grading of the roadbed south from Youngstown. Nearly 50 teams and about 70 men are now at work and, since the first sod was turned a few days ago, more than a mile of the route has been made ready for the rails and cross ties.

At this rate of progress, and in consideration of the fact that the working force is to be increased as fast as possible, the prediction that cars will be running to Lisbon by November next appears easy of fulfillment.

The engineering corps has completed its survey to a point just north of this city but has retraced for the present to complete some cross sections. They expect to come into this place next week by what is known as the "Mill Seat" route, following the stream to a point in the east end of the city, from whence the line will diverge, traversing the eastern part of the city and crossing the Little Beaver in the vicinity of the bridge

POPE LEO TAKES TURN FOR BETTER

Surprising Rally in His Condition, Some Hope For His Recovery.

Rome, July 9.—(Special)—A surprising rally in the pope's condition has been noted today and his vitality is becoming more and more wonderful to the physicians and watchers at his bedside.

After a fairly good night he was sufficiently well this morning to be shaved and during the remainder of the morning hours seemed to be more cheerful evidently gaining strength as the minutes passed.

The functional disorders have almost entirely passed and his physicians have stated that they now have some hopes of his recovery. The heart action has become noticeably stronger and the circulation is much better.

An attack or diarrhoea developed this afternoon, caused by the quantity of food taken and the physicians are now in consultation.

VOLHONI IS DEAD

Rome, July 9—(Special)—Monsignor Volhoni, secretary of the Consistorial Congregation, died today. He was stricken last night while at the vatican, with cerebal congestion and remained unconscious until the end came.

Monsignor Volhoni was a very close friend of the stricken pontiff and was ever near him.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Attention Has Again Centered On Question of Pure Water Supply—Old Plan Too Expensive.

OHIO RIVER PLANT IS FAVORABLY MENTIONED

Attention has again centered on the question of providing a filtering plant for the city water works. For more than a year the matter has been practically dead, owing to the bankruptcy of the fund from which the money would necessarily be drawn for the building of the plant, but now there seems to be a plan in sight that will eventually result in the securing of the required amount, and those having the question under control are giving it much conservative thought. However, there will be no attempt made to raise the money until the city has sufficiently recovered from its present financial embarrassment. This state of affairs will be reached, it is thought, within the year.

One of the most important factors in connection with the question at the present time is in relation to what kind of a plant would be, in the end, the least expensive and also produce the best results.

It will be remembered that the old water works board purchased nearly an acre of ground adjoining the north side of the reservoir on Thompson's hill. It was then the intention of the board to pump all of the water in use into the plant, which was to be built upon a plan that was later thought to be too expensive and was dropped. The plan was to excavate to the required depth and place a number of different substances in the enclosure which would properly filter the water, but the process was one that would constantly wear and it was this point that led the board to abandon the idea, the cost of the wear and tear being considered too much.

Upon the bottom of the plant there were to be perforated iron pipes into which the water would run and from which it would empty into the reservoir. Immediately above the pipes there would have been a layer of sand stone, next a layer of gravel and then white sand. Whenever the top layer of sand would become filthy it would be necessary to remove a portion of

ATTORNEY TAYLOR WILL MAKE RACE

FOR PROSECUTORSHIP IF HEALTH PERMITS.

Salem Man Courts County Office and Is Regaining Health.

Salem, July 9.—(Special)—Attorney A. W. Taylor, who was brought to his home here a few days ago from North Baltimore, O., where he was stricken with paralysis some weeks ago, has so far recovered as to be able to drive about the city.

While Mr. Taylor was sick at North Baltimore the Columbiana county Democratic convention was held at Lisbon and he was nominated for prosecuting attorney. News of the nomination was forwarded to him by telegraph. Aside from acknowledging the same, Mr. Taylor has said nothing about his political intentions. Should he recover his health it is believed he will make active canvass for the place.

Mr. Taylor's friends here say that he has long courted county office and will certainly be in the prosecutorship race if his health permits. In case he finds that he will not be able to make the race he will decline the nomination and the vacancy will be filled by the county committee.

Probate Court.

Lisbon, July 9.—(Special)—W. W. Kernohan, who was appointed by the court the other day to administer the estate of the late Robert E. Johnson, of Lisbon, has resigned and the court has accepted his resignation.

The late Richard Barr, of Wellsville, having left no will, W. A. Snediker has been appointed administrator of his estate under bond of $400. Appraisers, W. E. Smith, John F. McQueen and C. V. Shoub.

Xenia Gets Convention.

Akron, July 9.—The Ohio Catholic Total Abstinence union convention closed its three days' convention this afternoon. Xenia was chosen as the place of holding the next convention in 1904. Rev. N. J. Kelly, of Xenia, was elected president.

THE NEWS REVIEW VOTING CONTEST

Is a Fair One, and Every Candidate Has an Equal Chance.

HOW THE VOTE STANDS

It has come to the knowledge of the News Review that some one has been busy with the circulation of a story to the effect that papers containing coupons for the voting contest are being sold from this office at the rate of 75 cents per 100. The statement is untrue and misleading.

We desire to inform readers, as was stated in the beginning that the contest will be conducted in a fair and business-like manner. No paper containing a valid coupon will be or has been sold for less than the regular price. The News Review sells for two cents per copy, and as long as a series of coupons are valid and can be voted they will not be sold for a less figure. After the time expires in which votes may be presented and counted, the old papers will be sold at the old paper rate.

The contest grows more interesting with each issue, and the candidates are very busy gathering in the votes. There are some changes among the three leaders and the vote stands as follows:

The following are the candidates who have received 100 votes or more up to date.

RAILWAY OFFICIALS MEET LOCAL BOARD

A most important conference was held yesterday afternoon by the East Liverpool board of public service and three representatives of the C. & P. Railroad company, Supt. Scriven, Attorney J. R. Carey and the chief engineer.

It was the object of both the board and the visiting gentlemen to learn the demands and concessions that are to be made by each regarding the improvement of the railroad within the city limits. The conference from this standpoint was not fruitless, but the board positively refused to make any promises, owing to the absence of Solicitor George E. Davidson from the city.

The railroad men upon arriving in the city on the noon train made their presence known to the board and at 1:30 the parties got together and proceeded to make a tour of inspection along the railway line. They went to Walker and walked from there to the eastern limit of the city. Everything in connection with the proposed improvements was thoroughly discussed and there was no difficulty encountered in bringing about mutual agreements.

It was the desire of the railway officials to have the board give them an answer on the questions, but it refused and will make no report whatever until the solicitor offers advice. The passenger station in the East End was discussed and it is said the railway company is agreeable to erecting it. The freight station in the central part of the city was also talked of, but definite action was deferred.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) is so much different in taste and action from the ordinary nauseating, greasy cod liver oils, that physicians prescribe it in preference to all others.

Its re-constructive, revitalizing and strengthening tonic influence, make it an ideal summer remedy for those who need something to brace and build them up. For stomach troubles its effect is marvelous, either in children or adults. Its pleasant taste makes it a most appreciable household remedy. Contains no grease, no fishy flavor whatsoever.

LIFE HANGS BY THREAD

Physicians Entertain Scarcely Any Hope for Recovery and Worst Is Feared.

RECOVERY IS NOT IMPOSSIBLE

Remarkable Constitutional Strength of Aged Father—Still Able to Take Nourishment—Dr. Rossini May Be Called in Consultation.

Rome, July 9—5:25 a. m.—The pope is asleep. The condition of his lungs is not worse. There is as yet no suspicion of serum gathering again in the pleura, but the disorder of his kidneys is disquieting.

During the early part of the night his holiness was somewhat restless. The occasional brief periods of sleep were disturbed by difficulty in breathing. Dr. Lapponi and Pope Leo's valet, Pio Centra, did their best to nourish the patient at brief intervals. The pontiff spoke little and seemed much depressed. Chloral and caffeine were administered with good effect. About sunrise the pontiff fell into a more restorative sleep than he had had all night.

Rome, July 9—1:15 a. m.—The life of Pope Leo continues to hang by a thread, with the expectation that any moment may bring the final catastrophe. Yet the wonderful vitality of the remarkable old man is combating a complication of diseases which would endanger a strong man in the prime of life. It would appear that every one in the vatican is obliged to give way to overpowering fatigue, so much more tranquil is it in the palace than outside, people being still congregated on the piazza of St. Peter's as this dispatch was filed. The corner of the palace which remained lighted the longest was the apartment of Cardinal Rampolli, where the lights were extinguished only a short time after those in the room where Monsignor Volponi, one of the pontiff's most intimate friends, is lying in a serious condition as a result of the attack of syncope that he suffered. Pope Leo, as though he had second sight, has asked several times why Monsignor Volponi has not been to see him. Naturally the condition of Mgr. Volponi has been kept from the pope.

Throughout yesterday the reports from the sick room alternated with fears and hopes. At times rumors of the gravest character gained currency. During the night the pope had secured but little refreshing sleep, and with this sleeplessness was augmented depression. The difficulty in breathing had increased and a derangement of the kidneys began to seriously manifest itself. These complications were fully and frankly stated by the doctors. Their official bulletin was supplemented in the course of personal conversation, in which they showed that they entertained scarcely any hopes of recovery. Yet they always qualified their statements, setting forth the remarkable constitutional strength and indomitable energy of the patient as the most striking evidence of his almost superhuman will.

Climatic Conditions Favorable.

They instanced the dying man's leaving his bed during the morning and taking several steps, unaided save by a cane, to an arm chair. When this became known many were disposed to criticise the doctors for permitting such an exhausting effort, but it was explained that the entire absence of fever, the temperature being even blow normal, eliminated the danger of syncope from this exertion. Moreover, the attending physicians recognized that they were battling with a man of iron will who does not know the meaning of restraint. Fortunately all the climatic conditions in Rome for the time being are favorable to the sufferer. The air is deliciously cool and there is a complete absence of the enervating sirocco which depresses and kills. The bright sunshine streams into the papal apartment. The encouraging condition are further augmented by the constant use of artificial means of exhilaration, including steady supplies of oxygen.

Except for the brief time he passed in the arm chair, the pope lay in bed throughout the day, shifing his position frequently without assistance and occasionally taking a small draught of diluted wine with the yolks of eggs. The only solid food he has taken is calves' brains and meat broth.

Late Bulletins Favorable.

The later official bulletin following a consultation between Drs. Lapponi and Mazzoni completely contradicted the alarmist reports and gave a more favorable statement. This was disclosed in the improved pulse, better respiration and ameliorated general condition. Dr. Mazzoni said in a conversation following the issuance of the 8:15 bulletin that while the pope's condition still continued desperate, recovery was not entirely impossible. Unfortunately some elements in the population of Rome, including a few who are high in the counsels of the vatican, are inclined to cast doubt on the sincerity of the bulletins. This led during the day to a strong movement in favor of calling other physicians. The theory of the initiators of this movement was that Drs. Lapponi and Mazzoni had misjudged the disease, taking for pneumonia what was really pleurisy. Both accepted the idea of a consultation with any of their colleagues. Many eminent specialists have been proposed, but it is stated late in the night that it has practically been determined that Dr. Rossini shall be called in if another consultation is decided upon.

History of Pope's Illness.

Rome, July 9.—The newspapers publish a history of the pope's illness, evidently inspired by Drs. Lapponi and Mazzoni, who wish to defend themselves from the attacks on their diagnosis of the case, but it is interesting as the first document giving exact data from a medical point of view. The account runs as follows:

On the morning of Tuesday, June 30, Pope Leo went for a drive in the vatican gardens. On returning he declared that he had greatly benefited by the fresh air and wished to repeat the drive. The pope said he felt no need of a medical visit and informed Dr. Lapponi not to go and see him.

During the night of Wednesday, July 1, Pope Leo complained of intestinal disturbance, which he attributed to constipation. Notwithstanding, he went into the vatican gardens and returned to his apartments, again feeling benefited from his drive.

On Thursday he declared he felt well, but Dr. Lapponi, wishing to know personally the nature of the disturbance complained of, spent the night at the vatican. During the night the pope was sleepless and restless.

On Friday Dr. Lapponi examined the pope and found pulmonary inflammation in the right of the thorax between the inferior and middle lobes. He informed Cardinal Rampolli and began the treatment which he thought right on Saturday. During the day the inflammation spread. Dr. Lapponi, worried, desired to have Pope Leo seen by Dr. Mazzoni, who since the operation in 1899 has visited the pontiff occasionally, replacing Dr. Lapponi during his illness with appendicitis.

Dr. Mazzoni Examines Patient.

On Sunday Dr. Mazzoni went to the vatican and examined the patient with Dr. Lapponi, confirming the latter's diagnosis, viz., an inflammatory process in the lung, which was defined in the medical bulletin as pulmonary hepatization. The original treatment was continued, consisting of supporting the strength of the heart and general condition of the patient.

No noticeable change was observed until Monday evening. It was then found that the lowest part of the right of the thorax, which previously was pervious to respiration, had become impervious, affecting the function of the lung. The presence of liquid was suspected. The pontiff spent an agitated and sleepless night.

On Tuesday many symptoms confirmed the presence of liquid. Its increase was considered to account for the pope's general condition growing worse. After a test puncture 800 grammes of bloody liquid was extracted. The condition of the patient improved immediately, reviving hopes, slight in some persons and exaggerated in others. The amelioration in the condition of the patient was not continued during Tuesday. Indeed, depression gained the upper hand.

Planter Killed by Negro Tenant.

Osceola, Ark., July 9.—Arthur Shadden, a prominent young planter living four miles south of Osceola, was shot and killed by a negro tenant on his farm. There was trouble between them in regard to an account. The negro made his escape. The sheriff and a posse are in pursuit. A lynching is probable if the negro shall be caught, as the excitement is great.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'All-Healing Salve,' which made a complete cure. It was slow, but *sure*. I was taking the medicine about eight months.

"I would say to all who read this: try Dr. Pierce's Golden Medical Discovery before wasting time and money."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

AMERICANS HONORED

Admiral Cotton and Officers Presented to King Edward at Buckingham Palace.

RECEIVED BY QUEEN ALEXANDRA

Ball a Brilliant Function—Guests Included President Loubet and Most of Royal Family—Kearsarge Feature of Naval Representation.

London, July 9.—King Edward signally honored the officers of the American squadron at the state ball given at Buckingham palace—the climax of the visit of President Loubet. His majesty formally received Admiral Cotton, the captains of the American ships and 25 of the junior American officers, and Queen Alexandra later gave them the same distinction. The ball—the first since the accession of King Edward—was a brilliant function, 2,200 guests being present, including President Loubet and his suite, practically all the ambassadors and ministers in London, the majority of the members of the royal family, prominent representatives of the nobility and the officers of the American and French squadrons now in British waters.

American Officers Presented.

Before the arrival of President Loubet United States Ambassador Choate, with Secretary White attending, presented to his majesty the following invited officers of the American squadron: Rear Admiral Cotton, Captain Hemphill, Kearsarge; Staff Lieutenant Charles L. Hussey and Captain Cromwell, of the Chicago; Captain Walker, of the San Francisco; Captain Magill, marines, Kearsarge; Captain Thorpe marines, Chicago; Lieutenant Commander Zane, Lieutenants Pratt, Hourigan, Lubby and Mastin, Pay Inspector Littlefield, Medical Inspector McClung and Ensign Mannix, of the Kearsarge; Lieutenant Commander Hodges, Lieutenant Commander Griffin, chief engineer, Lieutenant Todd, Ensign Cooke and Medical Inspector Derr, of the Chicago; Lieutenant Commander Carter, Lieutenant Commander Mulligan, Paymaster Bent and Ensigns Steel and Cole, of the Kearsarge; Commander McCrea, Paymaster Wallace and Ensigns Bryant and Cook, of the Machias.

To Rear Admiral Cotton the king expressed his gratification at the visit of the squadron and inquired if all arrangements had been made for the comfort of the American officers and sailors. Admiral Cotton replied that he had fallen among friends and every care had been taken of himself and the others. His majesty had a pleasant word to say to each of the officers presented. The admiral, his captains and Staff Lieutenant Hussey were then presented to Queen Alexandra. During the supper several American officers were also introduced to the prince of Wales.

Scene One of Splendor.

Field Marshal Lord Roberts, Admiral Lord Charles Beresford, General Sir Redvers Buller and other distinguished Englishmen personally assisted at the welcome given the officers of the United States squadron. The scene was one of splendor which could not easily be surpassed. The gowns and uniforms were magnificent and the display of jewels wonderful.

The king and queen led the royal quadrille which opened the ball and in which participated President Loubet, the duchess of Devonshire and a number of other distinguished guests. Before the ball Admiral Cotton, the American captains and Staff Lieutenant Hussey dined with the earl of Selborne, first lord of the admiralty, at Whitehall. The dinner was attended by naval officials, Lady Selborne being th only woman present.

Admiral Cotton has been instructed to detach the Kearsarge from his squadron in order that she may arrive at Frenchmans Bay, Me., July 27, when the naval maneuvers will begin. This action is regretted, as the Kearsarge is the feature of the naval representation in European waters, and it will be impossible to carry out the program prepared in the manner desired. Admiral Cotton will shift his flag to the Chicago until the arrival of the Brooklyn.

HUNTINGTON ESTATE DIVIDED

Widow and Nephew of Deceased Millionaire Share Equally—Nob Hill Goes to Mrs. Huntington.

San Francisco, July 9.—The Huntington estate in California has been equally divided between the two heirs of the late C. P. Huntington. They are Arabella Huntington, his widow, and H. E. Huntington, a nephew of the deceased millionaire. This is the first division of the $60,000,000 estate, and a distribution of the eastern properties will soon follow.

The California property of the estate consisted of real estate in this city, Oakland and Sacramento and in the counties of San Luis Obispo and Los Angeles. Its value exceeds $400,000. Mrs. Huntington is given the residence on Nob Hill, which her husband purchased from the Coltons in 1890 at a cost of $200,000.

Train Searched for Harvest Hands.

Boston, Kan., July 9.—Forty farmers stopped a Missouri Pacific train here and went through it, searching for harvest hands. The train ordinarily does not stop here and the farmers flagged it with a lantern wrapped in a red handkerchief. They offered passengers $2.50 and $3 a day for three weeks to get off the train. There is a great scarcity of harvest hands.

CAN'T BE SEPARATED

Some East Liverpool People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys, forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement about Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

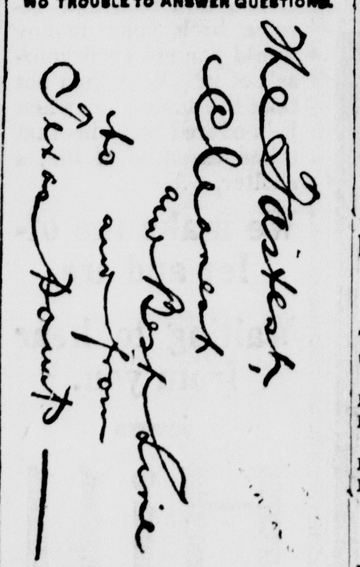

Sold for 50 cents per box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address, Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Taken to Lisbon—Chief Wyman left this morning for Lisbon in charge of John Constine, who was bound over to court by Mayor Weaver for making an assault on and robbing H. O. Sampsell Tuesday evening.

Doctors Will Meet—A meeting of the Columbiana County Medical society has been called to be held in the city hall at Salem, Tuesday, July 14, at 1 o'clock. Dr. W. E. Morris, of Lisbon, secretary of the society, issued the call this morning.

Campbell Was Heard—John Campbell, the man who was arrested in this city Tuesday afternoon by Officers Dawson and Aufderheide by request of Allegheny officials and who was returned to the latter city yesterday, was given a hearing last evening and held for court. The information which led to Campbell's arrest was made by Mrs. Mary Costello, at whose home, 57 McClure avenue, he boarded. He is charged with stealing a watch and $16 from Mrs. Costello.

by every one who knew him. He was industrious and no one would have thought that he had deserted his family of children in Kentucky.

During the month of January or possibly February, while at work in the pottery he was knocked to the ground and crushed badly by a heavy beam that fell while a number of men were attempting to erect it. Gray was extricated from under the timber after considerable difficulty and was carried to his home. He suffered terrible agony for four days when he died.

The family was in destitute circumstances, and Gray, being so well liked by his fellow employes at the pottery, they started a subscription and succeeded in raising $100. The money was turned over to the wife and Gray was given a respectable burial in Riverview cemetery.

No Meeting Held.

Lisbon, July 9.—(Special)—The committee appointed to investigate and report by July 4 on the merits of the delegate system for making Republican county nominations, has held no meeting as yet. It is said that the matter has been deferred for the reason that several members of the committee have been away fom home for some time.

Which Is Foolish? Which Is Wise?

You are paying $15.00 a month rent; your neighbor is paying $15.00 a month on his property. In ten years you will have 120 rent receipts representing $1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps $2500.00. You paid $1800.00 out and have nothing. He paid $1800.00 out and owns his home which meanwhile has grown in value. He has $2500.00 to his credit in property; you have nothing. You earned $3.00 per day. He earned $3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your $15.00 rent monthly. He had to meet his $15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one?

Who is the foolish one?

We're after your case.

We want to help you.

Give us opportunity.

We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are

Waiting to hear from you.

SOCIAL EVENTS

DELIGHTFUL RECEPTION

Choir of the First M. E. Church Royally Entertained By Mrs. E. W. Fowler.

The farewell reception given by the choir of the First M. E. church to Miss Agnes Jones at the home of Mrs. E. W. Fowler last evening, though informal, was a most enjoyable event. Members of the choir to the number of 25 were in attendance and the evening was one of genuine pleasure.

Dr. M. B. Pratt, pastor of the church, made a neat little speech of adieu to the lady in whose honor the reception was held, and also included Prof. Jennings in his remarks. The latter gentleman has been choir director and assistant pastor of the First church for some time and will leave next week to resume his theological studies.

Dainty refreshments were served on the lawn, and the merry party dispersed at midnight, voting Mrs. Fowler a perfect hostess and a royal entertainer.

Millward-Hubbard.

The marriage of Mr. Stephen Millward and Miss Grace Hubbard took place yesterday afternoon at 3:30 o'clock at the M. E parsonage. Rev. M. B. Pratt officiated, using the ring ceremony. The groom is employed at the Burford pottery. Mr. and Mrs. Millward left last evening for a trip through the east. Upon their return they expect to reside in this city.

LABOR DAY 1903 BIGGEST EVER HELD

GENERAL COMMITTEE WORKING HARD TO THAT END.

Several Committees Appointed And Other Business Transacted Last Night.

The Labor day committee has changed the time of meeting from Monday to Wednesday, and the session last night was the most important yet held. The five new members added to the general committee at the last meeting of Trades Council has so strengthened the body that the members now feel they are ready to begin the real work expected of them.

It was decided that all printing and advertising which the committee found necessary to use should be furnished by local concerns. The general committee had laid this part of the work over in order that the new members could give some attention to it, and a regular printing committee was appointed last night, consisting of Timothy Hickey, Thomas Collins and George Mulligan. These gentlemen will see that the program is prepared and made ready for the printer at the earlist possible moment. The solicitor will begin the canvass for advertisements at once.

William Ashbaugh and A. E. Bertele were added to the sports committee, which is one of the most important on the list. The committee now consists of P. J. McKeone, John Reark, William Ashbaugh and Mr. Bertele. The committee has its list of events partially completed, and it is the intention of the organization to make this feature more attractive than ever before. With this end in view they have begun early, and will not allow the matter to lag for a minute.

The music committee will consist of Thomas Woods, J. J. Weisend and John Reark, and these men will have their hands full from now until the date of the celebration. More or less trouble has been encountered in past years with the question of music, and it will be the aim of the committee to avoid this as much as possible at the coming demonstration.

Cleared Million on Coal Deal.

Clarksburg, July 9.—V. L. Highland and S. C. Denham, of this city, and L. L. Malone and E. Fay Hartley, of Fairmont, cleared a million dollars on a coal deal here, which is one of the largest in the history of this part of the state. They sold 16,000 acres of coal lands in Wetzel county, the Ferry Coal and Coke company's property at Adamston, the Fooze Coal and Coke company's plant near Lumberport and the Howard Coal and Coke company's mines and property at Wilsonburg. The purchaser is the Pittsburg and Fairmont Fuel company, a New York corporation with a capitalization of $2,250,000, of which Archer Brown, of Rogers, Brown & Co., is the head. The price paid is $1,500,000.

Salvationists at World's Fair.

Cleveland, July 9.—The St. Louis exposition management has offered Commander Booth Tucker, of the Salvation army, land for an army exhibit. One of the features of the army's exhibition will be a colony farm. Exhibits from every country on the globe will also be made. The army will erect a two-story exhibition building to be used as headquarters.

on the Wellsville road when it will be ready to proceed to East Liverpool. This will be the heavy end of the construction but will accomplish one of the great objects of the projectors, the connection of the two large industrial centers of Mahoning and Columbiana counties, which, with the spur to connect with the Stark county line at Salem, will ensure a paying volume of business.

Engineer Smith says that in all his experience he has never encountered as favorable a railroad grade for so long a distance as that along the route of the Youngstown & Southern from Youngstown to Lisbon.

Work on the Youngstown & Ohio River Light and Power company's line, which was started here some days ago, is still in progress. The company is handicapped, however, by the non-arrival of its material which is said to have been contracted for. About 150 feet of track has been laid on Beaver street. This section of the track was laid to conform to a paving grade which places it about a foot below the present street surface. The track is being covered for the present and will remain so until the completion of the line. A few feet of the excavation had to be filled in again temporarily pending the arrival of more rails.

It was intimated here this morning that the Youngstown & Southern and the Youngstown & Ohio River company have reached a co-operative agreement which will probably mean two lines by different routes from this place to Youngstown and but one line from this city to the river.

The Youngstown & Southern is said to have made a verbal agreement yesterday whereby it transfers to the Youngstown & Ohio River company valuable rights for a route into Youngstown through Idora park which the Youngstown & Southern could not utilize in connection with the route it has decided upon.

Steel Plant for Port Colborne.

Port Colborne, Ont., July 9.—Over 200 acres of land on the east side of Welland canal is under option to Port Colborne parties with whom the board of trade has an understanding with regard to the sale of the property to the United States Steel corporation. The property on the west side of the canal is also under option to a local man, said to represent the steel company. The board of trade is in communication with representatives of the United States Steel corporation and has assurances of most satisfactory character. It is said the steel company contemplates the erection of a big plant.

Pardoned Before Entering Pen.

Concordia, Kan., July 9.—A. J. Patterson, convicted and sentenced to three years in the penitentiary for withholding $5,000 collected from the illicit saloons at Clyde as license payments while he was county treasurer, was pardoned by Governor Bailey. This is the first case in the state in which a convicted man has been pardoned before entering the pen. Patterson contended that the city received the money illegally and could not hold him accountable. He paid the money back with interest after conviction.

strike benefits have been paid, and none will be. There is no reason why we should. The strikers all secured employment soon after the trouble began and have been working steadily ever since. This man to whom I refer is thoroughly ashamed of himself, and is endeavoring to invent an excuse for his wrong doing.

"We have plenty of money left, and propose to redouble our efforts to win our strike for better conditions. Within the next few weeks we intend to let the master painters who refuse to recognize our union know that we are still in town. There has not been much activity for a few days, but that was simply the calm before the storm."

Since the master plumbers took action refusing to longer consider that there was a strike in that trade and resolving to hold no more conferences with the journeymen, little worth noting has occurred in that controversy. The plumbers are standing out to a man, however, and the strike promises to be prolonged.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for Cameron to accept a similar position in the Benedum plant.

Dr. M. W. Taylor and J. M. Buckle went out to Ohioville last night, ostensibly to attend a social. Nobody outside of those two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9. — Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

LEGAL.

LEGAL NOTICE

Henry Reichet, whose residence is unknown and the unknown heirs of Henry Reichet and all persons claiming by, through or under them, or either of them, will take notice that on the 3d day of July, 1903, Frank H. Nagle filed his petition in the Common Pleas Court, Columbiana county, Ohio, in case No. 4523, against the above named and designated parties and others praying for the quieting of title as against any claims of the above named or designated parties in that part of lot No. 408 in East Liverpool, Ohio, bounded and described as follows: Beginning at the southwest corner of said lot and running thence in an eastwardly direction along the south line of said lot a distance of 40 feet to a point; thence at right angles in a northwardly direction back across said lot parallel with the west line thereof, a distance of 40 feet to a point; thence at right angles in a westwardly direction parallel with the south line of said lot, a distance of 40 feet to the west line of said lot; thence in a southwardly direction along the west line of said lot to the place of beginning. Said part of said lot forms a parcel of ground fronting 40 feet on Peach alley and extending back rectangularly along Summit Lane 40 feet.

Said parties are required to answer on or before the first day of August, 1903, or judgment will be taken against them.

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address, Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hustand, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torpid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, O., writes under date July 10, 1900: I take pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for Cameron to accept a similar position in the Boreadum plant.

Dr. M. W. Taylor and J. M. Buckle went out to Ohioville last night, ostensibly to attend a social. Nobody outside of these two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9. — Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

LEGAL.

LEGAL NOTICE

Henry Reichet, whose residence is unknown and the unknown heirs of Henry Reichet and all persons claiming by, through or under them, or either of them, will take notice that on the 3d day of July, 1903, Frank H. Nagle filed his petition in the Common Pleas Court, Columbiana county, Ohio, in case No. 4523, against the above named and designated parties and others praying for the quieting of title as against any claims of the above named or designated parties in that part of lot No. 408 in East Liverpool, Ohio, bounded and described as follows: Beginning at the southwest corner of said lot and running thence in an eastwardly direction along the south line of said lot a distance of 40 feet to a point; thence at right angles in a northwardly direction back across said lot parallel with the west line thereof, a distance of 40 feet to a point; thence at right angles in a westwardly direction parallel with the south line of said lot, a distance of 40 feet to the west line of said lot; thence in a southwardly direction along the west line of said lot to the place of beginning. Said part of said lot forms a parcel of ground fronting 40 feet on Peach alley and extending back rectangularly along Summit Lane 40 feet.

Said parties are required to answer on or before the first day of August, 1903, or judgment will be taken against them.

All Youngstown is up in arms about the quality of drinking water secured from the Mahoning river, and a new source of supply is demanded by citizens. Chemical tests of the water of the Mahoning river show 6,000 to 7,700 bacteria to every cubic centimeter. All authorities agree that over 250 bacteria to the cubic centimeter makes water dangerous to use. In looks, water from the Mahoning cannot compare with the iron gray fluid taken from the majestic Ohio, and it's a winning bet that there are more zoological specimens in a cubic inch of Ohio fluid than there are in a barrel of the Mahoning variety.

"The Republican party went into power in Ohio 12 years ago pledged to wipe out the state funded debt," says the Cincinnati Times. "The last Democratic administration was that of James Campbell, and the state funded debt at the conclusion of his term of office was $2,291,665. In 12 years the Republican party, by judicious and wise taxation measures and economic administration, has paid off this debt, and done it without taking the money needed for the proper administration of the state's affairs and the maintenance of her charitable institutions. Not only is this the case, but last week, after the last payment had been made on the state's debt, there remained a balance of $3,142,233.62 in the state treasury."

The mayor and chief of police ought to direct, and see that it's done, that the next wife beater coming before them is submerged under water for five minutes. Water cure of such a nature applied in about one case would forever check this pastime frequently indulged in by brutal husbands. Rigorous measures enforced by the officials in a few cases would cause fewer women's tears to be needlessly shed.

Bob Burdette, the humorist, is to give up the lecture platform, which he has made famous and which has made him rich, to preach in a Los Angeles church. When Bob gets up in the pulpit it is safe to say there will be no empty pews before him, and if any members of his congregation sleep they will miss something.

That East Liverpool woman who so dramatically declared she would rather tie a stone around her neck and dive from the Southside bridge than live with her husband, may be well acquainted with her lord and master, but the chances are she has never experimented with such a thrilling leap.

Judging from the way wife beaters, thugs, highwaymen and other fourth grade citizens have been holding the stage in this city and neighborhood for the last three days, there was just a little too much Fourth.

The special meeting of city council to be held this evening ought to be interesting enough, if all business at hand is attended to, to warrant the charging of a small admission fee to spectators.

A New Castle man named Michael Juice has been in police court four times within a week. Every time he sees his name in print it gives him the jim-jams.

Since it has been ascertained that the Dow tax catches "Bishop's beer," many people have arrived at the conclusion that it wasn't much of a drink anyhow.

France's president is visiting in England and Uncle John is whooping it up. Many cries of "Vive Loubet," you bet.

When the old jail is in condition to receive visitors we ought to make a housewarming and invite Lisbon over.

Farm Labor Brings Fancy Prices.

Russell, Kan., July 9.—So great is the demand for harvest hands in this section that laborers are bringing fancy prices by selling their services at auction. Bidding on two ordinary workmen started at $2.50 and advanced to $3.21. A negro who guaranteed to stack all the grain one header could cut brought $6 per day.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Continued from First Page.

it and of course replace it, all of which would be expensive.

The plan now under consideration is to build a plant in the Ohio river. It is known as the sand filtration process and has been worked successfully at most every point along the river. Cities owning such a plant have the best water in the state and, though it costs considerable money to build one, the saving in years is a factor that cannot be overlooked. The filtering is done by a natural process, the water sinking through many feet of pure sand and when it reaches the reservoir it is nearly pure.

East Liverpool has long needed an improvement on its present water supply and every citizen interested in the health of himself and the community will favor any plan that will result in proper filtration.

BOARD AND COUNCIL HAVE REAL CLASH

MEMBERS EXCHANGE UNCOMPLIMENTARY REMARKS.

Trouble Came Up Over Question of Quarters for Service Board.

The city council and board of public service held a joint meeting last night and after a lengthy session it was agreed that the service board should seek an office elsewhere than in the city hall.

There was a lively tilt between Councilmen Bissett and O. P. Bowers of the board, and Bissett wanted to know if Bowers proposed to run the city single, high-handed and alone, to which Mr. Bowers retorted that when he transacted business it was only with gentlemen and men who were sober This caused a commotion, but President Crubaugh held the threatened outbreak in check and order was soon restored.

It was first agreed that the board of public service should have the west portion of the council chamber for their offices, but when a vote was taken to appropriate money to fit up the same it lost, and then a motion prevailed that the board should look elsewhere for quarters, council agreeing to pay the rent without dissention The postoffice room will now be enlarged, the improvement to take in the room occupied by the board of public service and water works trustees as an office.

AN ITALIAN WAS BRUTALLY BEATEN

NEAR VULCAN WORKS BY AN ENRAGED BOSS.

The Knocker Will Be Arrested on Sight—Victim in Bad Shape.

Antonio Perri, an Italian who works for Contractor Charles Sims on the C. & P., was brutally beaten Tuesday night near the Vulcan brick works by Frank Ray, a boss under Sims Perri is about 60 years of age and was too feeble to put up much of a defense. He was terribly bruised about the face and chest and has been in the care of a doctor since the occurrence. His face is swollen to twice its natural size and several stitches were required to dress a big gash in his cheek.

A warrant was issued in Mayor Fogo's court yesterday afternoon for the arrest of Ray and the officers will bring him in on sight. He is charged with assault and battery, but it may be changed to something more serious in case the Italian does not get along well.

The fight occurred over some misunderstanding of Ray's orders relative to the work Perri and other Italians were engaged in doing.

KNIFE FOUND

With Which John Dennis Cut His Throat—Revolver Still Missing.

Edward Geisse, nephew of John Dennis, made a careful search of the upstairs part of the Dennis restaurant on Third street and was rewarded by finding the knife with which Dennis cut his throat last Friday afternoon The knife was of the ordinary pocket variety and was found in a little room used as an attic, where Dennis had thrown it under a lot of rubbish The large blade was open and covered with blood, leaving no room for doubt as to it being the one used by the suicide.

The revolver with which he attempted to shoot Mollie Taylor has not yet been unearthed and considerable mystery attaches to its disappearance.

COMMISSIONERS

Inspected Roads and Bridges in the Vicinity of Wellsville.

County Commissioners W. K. George, C. Bowman and Eden Reeder were here yesterday afternoon on a road inspection tour. Judge P. M. Smith escorted the commissioners over the road passing Hibbett's mill to Coal Hollow, for the improvement of which 125 citizens recently petitioned.

While here they also inspected the railway bridge over Little Yellow Creek, deciding to floor it with concrete in the near future.

His Third Venture.

This afternoon Barney Rand and Mrs. Susan Lichtenberger were united in marriage by Rev. C. E. Clark, pastor of the First Methodist church here. The groom is well and favorably known here and this is his third matrimonial venture. The bride is talented and wealthy. Immediately after the ceremony the couple were driven to their cosy summer home at Spring Grove camp ground, where they will spend their honeymoon. A reception was given there this afternoon, followed by a serenade and feast.

Carrier Will Quit.

Edward Bunting, carrier of free rural delivery route No. 1, will step down and out tomorrow, the government having accepted his resignation to take effect at that time.

Just what will be done in the matter of appointing his successor is not known. No one seems to want the job and the chances are good for a total suspension of the free rural delivery system here.

Difficult Operation.

Drs. Parke and Hutcheson performed a very dangerous surgical operation yesterday afternoon when a cancer was removed from Mrs. Vale, wife of N. H. Vale, a butcher of the West End. The operation consumed 30 minutes and was highly successful, and the patient is resting well today at her home on Eighteenth street.

CHESTER CITIZENS FIGHT GAS RATE

THEY CHARGE THE COMPANY WITH BAD FAITH.

The Matter Will Be Brought to the Attention of the Town Council.

Though little has been said respecting the matter to the present, there promises to be one of the biggest protests ever heard in the community when the Ohio Valley Gas company attempts to raise its gas rate in Chester. The citizens are indignant at what they are pleased to term the ingratitude and lack of sincerity on the part of the gas company's officials.

The notice sent out to the private consumers of Chester covers the same ground and involves the same percentage of increase as that in East Liverpool. In proportion to the population of the town there are a great many more consumers in Chester than any other town in the two states. The average citizen looks upon the change as a deliberate attempt to bunco the private consumer, and a move is on foot to stop the robbery if the law can be made to apply. It is not known at this time whether the council has the power to regulate the price, but the matter will be investigated at once.

The patrons of the company are now thoroughly aroused, and will take up the fight against the unjust and excessive rate with a determination that cannot fail to bring success. The older residents have not forgotten the circumstances under which the corporation was granted permission to lay their lines through the streets of Chester, and the officials will be called to account. Superintendent Snyder, who had charge of the local branch at that time, came before the Chester council two years ago and made the request for a 25 year franchise. He was willing to do anything and make any sort of a pledge in order to bring about the desired end. It was the opinion of a majority of the council that the franchise should not be granted for a longer period than ten years, and after considerable discussion, it went through at that. Snyder and his associates protested, claiming it did not give the company a fair show in the matter of extensions and insisted to the very last upon a 25-year grant. He dwelt upon the fact that his company desired to be fair with the people of Chester, and promised that the concern which he represented would not raise the rate nor take advantage of the patrons in any way. The ten year regulation stood for one meeting, and when the next session of the council was held, the wily superintendent had played his cards so well that the former action was rescinded, and the franchise extended to 25 years.

This is the peculiar manner in which the gas corporation shows its appreciation for favors bestowed, and the citizens of the town cannot be expected to sit calmly by and permit the robbery to go on without attempting to stop it, or at least entering a vigorous protest.

IRONDALE POLICE CAUGHT ROBBERS

BROUGHT TO CHESTER FOR TRIAL TODAY.

Miller And Grim Likely to Receive a Salty Dose When They Go to Court.

Word was received by the Chester authorities last night that Andy Miller and Fred Grim, the two thugs who beat an Italian nearly to death in Chester Tuesday, had been located at Irondale. The men had remained in hiding at East Liverpool until late Tuesday night, when they boarded the midnight train and reached Irondale before daylight.

Chief of Police Alex Hanlon, of Irondale, had been communicated with by the Chester authorities, and was on the lookout for the robbers. As soon as they were known to be in town Chief Hanlon telegraphed Justice Pugh and received the instructions to hold them.

Officer Good, of the park force, went to Irondale this morning, returning at noon with his men. They consented to go back to West Virginia without papers, and they were placed in the Chester jail to await a hearing. Justice A. G. Pugh will lose no time in giving the housebreakers a preliminary hearing, and it is probable they will be bound over to court.

MARRIED YESTERDAY

James Johnston And Miss De Temple Surprised Their Friends When They Returned.

James Johnston, a well known young potter of Chester, and Miss Kate De Temple, of East Liverpool, were married at New Cumberland yesterday afternoon and returned to the city today, where they are receiving the congratulations of a large number of friends.

The young couple are well known and popular in pottery circles, Mr. Johnston being a son of Councilman Johnston, of Chester, and a jiggerman at the Edwin M. Knowles pottery, while the bride has been engaged at a pottery trade for some time. They will reside in Chester.

A BAD SPILL

Young Lady of Brilliant Was Badly Hurt at Wellsburg Tuesday.

While driving through Wellsburg with a party of friends Tuesday evening, Miss Julia Tuttle was thrown from a surrey and badly injured. The driver of the outfit had selected a back street to avoid the electric light, and the vehicle pitched over an embankment, throwing the occupants into a run below.

Miss Tuttle received several bad bruises which will lay her up for some time. The lady is well known to a large number of Chester people, and the news was received here with many expressions of regret.

ITALIAN HURT

Left Hand Was Caught in the Machinery and Terribly Mangled.

Pedro Condri was hurt at the mill just at noon by having his left hand caught in the rolls. The foreigner was an inexperienced hand and the accident occurred while he was engaged in a task with which he was not familiar. The thumb of his left hand was terribly mashed, while the hand itself was badly torn. The Italian was taken to the office of Dr. G. E. Lewis, where the wounds were dressed. He will not work for several weeks.

Two Attachment Suits.

Two attachment cases were entered in the court of Justice W. C. Johnston this morning, both of which are set for trial on July 15. W. R. Skeen sued C. M. Williamson for $8.20, claimed due for merchandise, and wages of Andrew Miller in the hands of the Chester tin mill company were attached by Mrs. H. Garner. The latter claim is for $8 and is claimed due for board.

An Unusual Occurrence.

Word was received in Chester of an unusual freak played by the lightning in a recent thunder storm over in Brooke county. A large wheat stack on the farm of John Brady was struck by a bolt of lightning and totally destroyed. In the memory of the oldest residents no parallel case can be recalled.

Choice Residence Property

BRINGING NEGRO BACK

Sheriff Gone to Jeffersonville After Lee Brown, Slayer of Patrolman Massey.

TRIAL TO BE RUSHED THROUCH

May Be Difficult to Secure Counsel for Brown—Court House and Jail Still Guarded—Five Arrests for Rioting. Two Burials of Victims.

Evansville, July 9.—Acting under orders of Judge Rasch, Sheriff Kratz left secretly for the Indiana reformatory at Jeffersonville to bring back Lee Brown, the wounded negro who killed Patrolman Massey last Friday. It was this killing and the desire of the mob to lynch Brown that precipitated the rioting here. Brown was secretly removed to Vincennes early Sunday morning and from Vincennes to the state prison at Jeffersonville for safekeeping. How Sheriff Kratz will bring the negro here and what hour he will arrive will be kept secret if possible.

The sheriff took with him one deputy and Dr. Gilbert, who will try to prevent the negro from dying from the bullet in his lung. If the negro shall be successfull placed in the jail here his trial for the killing of Patrolman Massey will be rushed through, and unless a change of venue shall be taken the troops will be held here until after the trial. A venire of 150 names was drawn secretly from which an effort will be made to secure a jury. The court will appoint an attorney to defend Brown.

Militia Still on Guard.

Lawyers here think it will be difficult to secure an attorney to act, so intense is the feeling. The court house and jail are still guarded night and day by the Martinsville and Evansville companies, the latter company being stationed inside the building. The trial of Brown will be held, according to present plans, with the streets guarded for a distance of one square in each direction from the court house.

Five arrests were made on grand jury indictments for the rioting Sunday night. Those under arrest are Richard Grosbeck, who was Socialist candidate for city clerk; A. P. Cardwell, a furniture merchant; J. T. Zeigler, William Trimble and James Steele. All were released under bond. The coroner heard evidence on the shooting Monday night. He has not returned a verdict. There were no more deaths. The three believed to be fatally shot are in about the same condition, with the outcome uncertain.

Funerals of Mob Victims.

There were two funerals of mob victims during the afternoon. August Jordan and Hazel Allman were buried.

The police authorities say that while many of those shot by the militia were reputable persons, who no doubt were drawn into the crowd from curiosity, two or three of those killed were disturbers and had caused the police trouble before. A revolver found on one of the dead bodies had three empty chambers that had been recently exploded.

A hardware firm whose store was emptied of arms by the mob inserted the following advertisement in local newspapers:

"Warning—If all guns, pistols, ammunition, etc., taken the night of July 5, be returned at once no questions will be asked. We have numbers of all guns, pistols, etc., taken and any one we find with them hereafter will be prosecuted to the full extent of the law."

REALM OF SPORTS

VISITORS TOOK ONE FROM LOCALS

First of a Series of Games Won by Homestead at West End Park.

LOSS ACCOUNTED FOR

By Some Wild West Playing on Part of Locals—Attendance Was Fair And Crowd Appeared to Root for the Visitors Like Fiends.

Mason's failure to catch a foul in the second inning, Umpire Stilwell's rank decision in the seventh, when he called Violet safe at home plate, and Gibson's foolhardy attempt to reach third in the same inning gave the game to Homestead yesterday afternoon in West End park by the score of 7 to 3.

The battle started with the points in favor of the visitors, they having the best bunch of hitters, but at that the locals would have left the field victorious had they retained their noodles when it was absolutely necessary. They fell down at times most inopportune, and as a result were compelled to allow the first of the series of three games to go to the crack Pennsylvania aggregation of amateurs.

Every fan in the city knows what kind of ball Homestead delivers and long before 4 o'clock the grand stand was well filled, with a goodly number scattered around over the field. From their actions, however, they certainly think that the sun rises and sets in the visiting gang. As in the games with the Fairbanks there was a corner full of them who went wild when a Homesteader would scoop a superior play and upon the return by a local if their hearts didn't drop they at least were not heard in the offering of any applause. Continued a few more games and there will not be no first team in East Liverpool. The boys numbered in it at present are everyone of them human. They feel grateful for any appreciation shown them and they certainly deserve some consideration.

In the first inning Gibson went out from third to first. Mason singled. Wallace flew to Tate. Brown singled and, though there were two outs, everything looked favorable for a run until Nolan beat the wind. The visitors started off with Violet walking. After that they went out in rapid succession.

It was in the second that the decisive turn was made. The locals had gone out in one, two, three order and were playing first-rate ball when very suddenly the man of whom it was least thought fell hard. Milton singled, but went out from pitcher to short, McChesney reaching first on the play. Ferguson stepped up and went out readily to Nolan. There were then two outs and only one man on bases. Coursey takes the bat and singles and Pearson lands for a two-bagger. While he was at bat he knocked a little pop foul to Mason. The latter dropped it like he would a ball of fire. Two men scored on the hit when there was no excuse in the world for it.

Neither side scored in the next, but they made up for it in the fourth. The visitors touched the goal just three times and landed four pretty hits. All of them were clean and were inevitable under the circumstances. Wallace led off for the locals by lining one to Ferguson. Brown walked and Nolan followed with a single. Both advanced a base, but when Webb knocked one down to short, Brown got so anxious to get home that he rushed in and was caught. Had he but waited another turn he might have landed. Chick was the next man up and he placed one of the prettiest hits in the rule book. Nolan and Webb scored and the side died when Emmerling played one down to the pitcher.

In the fifth Tate scored after making a two-bagger, but the locals failed to get to first base. In the sixth there was nothing doing for the Smoky City suburbanites. They went out fast. It was one of the innings in which the locals should have made a jump toward victory. Wallace went out from Pearson to first; Brown walked and Nolan allowed the ball to touch his shirt waist. It was Webb's time to make the play of his life, but he fanned. Right here Brown accepted the opportunity to steal third and scored on a wild throw. Reark walked, and it was then up to Emmerling to accept the chance that Webb so rudely discarded. He didn't fan, but went out from third to first.

Violet worked his bluff to perfection in the seventh. He intimidated Stilwell to the extent that he got his base on balls and when he ran in home, notwithstanding that he did not touch the plate by 18 inches, Stilwell called him safe. It was a mean inning for the locals.

One run was scored against them undeservingly and where two runs might have been scored by the home boys, they got nothing. Winters went out to the pitcher. Gibson hit for two bases, and as a result of trying to reach third on Mason's grounder, went out. Wallace, the next man up, got a hit and would have scored both Gibson and Mason. After that neither side could get to second and the game died out without the usual exciting ninth inning.

Tired

No Sleep for Weeks Nervous, Weak.

Surgical Operation Wrecked My Nerves.

Dr. Miles' Nervine Restored My Health.

"A few years ago I had to submit to a surgical operation which caused me severe spinal trouble. After treatment I could not gain strength because of extreme nervousness. I took everything I could hear of that was supposed to be good for my trouble but all in vain. I had not had a night's sleep in weeks, when one day one of your circulars was thrown into our yard and after reading what your Nervine had done for others, I resolved to try it. The second night after taking it I slept soundly for the first time in many months and after taking a few bottles I was completely cured. I also used the Nerve Plaster for backache with very gratifying results. I shall always be grateful for the benefits received from Dr. Miles' Restorative Remedies."—Mrs. C. W. Beaman, Savannah, Mo.

"I wish to thank you for the good your medicine has done me. It has almost worked wonders in my case. I was subject to nervous headaches for a period of thirty years. I had doctored with several doctors and had taken a number of different kinds of patent medicines, all to no avail. I was discouraged for I could not get permanent relief. At last I began a trial of Dr. Miles' Restorative Nervine and Nerve and Liver Pills. I am now completely cured and words cannot express my thankfulness to you and your medicine. If any one wishes to write to me personally I will gladly answer their letters."—J. W. Brant, Ingrahm, Ills.

WAS DELEHANTY DROWNED AT NIAGARA

A BODY FOUND ANSWERING HIS DESCRIPTION.

Team Mate of George Carey May Have Met An Untimely End.

Edward J. Delehanty, the Washington, D. C., base ball player, who has been missing, was probably drowned in the Niagara river, near Fort Erie, Province of Ontario. A man answering the description of the Washington player was taken from the river at that point several days ago. In one of the pockets a pass issued by the Washington club to Delehanty was found. Upon that fact his friends and his wife base their belief that the body taken from the river is that of Delehanty.

The man, whether Delehanty or some one else, fell into the river from the international bridge, over which he was trying to walk. The probability is that he committed suicide.

The first intimation that the body might be that of the player came in the form of a letter to Mrs. Delehanty from the Pullman company, saying that a passenger on a train leaving Detroit on the afternoon of July 2 had been put off the train at Fort Erie and had fallen into the river.

Another fact stated in the letter was that the ejected passenger had trouble with the bridge tender.

Delehanty was in a despondent mood when he left Detroit. That is shown in a letter which he had written to his daughter, telling her that he was recovering from a spree and that he felt mighty bad. He enclosed an accident policy and closed his letter with the wish that something would happen to the train on which he was riding so that she might get the benefit of the policy. A representative of the Washington club will go to Fort Erie for the purpose of looking at the body.

Delehanty was a team mate of George Carey, of this city, having been in the outfield of the Washington team this season. He has been one of the greatest outfielders in the history of ball playing but has been off his gait this year.

SHAMROCKS FORFEIT BY NON-APPEARANCE

Were Scheduled to Play the Marines, But Failed to Show Up And Lose By It.

Two teams of the Crockery City league were to have played a game at Rock Springs park yesterday afternoon, but only one of them, the Marines, appeared on the diamond, and as a result the other aggregation, the Shamrocks, took a fall in percentage, it being a rule in the league that a team failing to put in an appearance on a scheduled date shall lose 100 per cent. Notwithstanding that the Marines were unable to play a league game they were given some pretty good exercise with a picked nine, composed of all-around diamond experts. The score of the game, which lasted but five innings, was as follows:

SPORTING MISCELLANY.

Two two-baggers in one inning in yesterday's game failed to produce a run.

—

Sugden, of St. Louis, is the best, and Beville, of New York, the poorest fielding catcher.

—

Amos Rusie, the $75-a-month star, is said to be slated for his release by Vincennes, Ind.

—

Dandy Chimes, 2:07½, won the 2:08 pace at Readville, stepping the last half of one mile in 1:02.

—

Gochnaur's errors give him the lowest rank among the shortstops, with Moran, of Washington, leading.

—

Freddy Parent continues to lead the American league with the stick, and Lajoie is fifth, coming fast.

—

Walter J. Travis, former national and metropolitan golf champion, is rounding into his old-time form.

—

Lajoie is reckoned eighth in fielding by the compilers of averages when compared with other second basemen.

—

Local fans are anxious for a series here with the Niles team and if possible Manager Reark will accommodate them.

—

The O'Neill brothers, of the St. Louis Nationals, recently purchased a home in Scranton, Pa., and presented it to their parents.

—

Pearson, who pitched yesterday's game, was with St. Louis last year, but failed to make good. He is a star in amateur circles, however.

—

"Buck" Washer, here earlier in the season with the Wheeling Central league team, is on Homestead's twirling staff and will be pitted against the locals in one of the games.

—

Clarke is now the regular first baseman for the Senators, Malachi Kittredge, recently released by Boston, relieving him behind the bat. Carey has not been playing up to his usual standard of late, according to the Washington papers.

—

"Slab" Burns, who is one of the twirlers with the Homestead team, played here last winter in a gridiron contest with John Walsh's team. "Slab" is one of the best foot ball players in eastern Ohio and is said to be as good at base ball. Years ago he played here with a ball team from Tiltonville.

BETWEEN TWILIGHT AND DAWN.

A trip across Lake Erie, via the steamers "Eastern States and "Western States," operated daily between Detroit and Buffalo, is a luxury in modern travel to be enjoyed at a moderate outlay. These fresh water leviathans are conceded to be the most intelligently designed and perfectly executed examples of marine architecture in existence for a night passenger route. This line is famed for the courteous treatment extended its patrons and the absolute wholesomeness of the entire service.

The two hundred and eighty-five miles between the two cities are traversed in 14 hours, and after a dusty and tiresome rail ride the change to comfort and pleasure amid the invigorating lake breezes is a boon to the weary traveler.

Steamers leave daily from Detroit at 4 p. m. and Buffalo at 5:30 p. m., arriving at their destinations the following morning at 7:30.

INCURABLE.

That Is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87½ of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zeile himself, the pioneer druggist of 829 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902).

"After a serious illness of over a year Judge J. H. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"—Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Renal Compound for Bright's and Kidney Diseases, etc., $1; for Diabetes, $1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for these Compounds in this city.

Like a Comet

This famous remedy does for the stomach that which it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

in the sky comes the star of health to the weak and weary despondent dyspeptic, curing all stomach troubles and digestive disorders.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) is so much different in taste and action from the ordinary nauseating, greasy cod liver oils, that physicians prescribe it in preference to all others.

Its re-constructive, revitalizing and strengthening tonic influence, make it an ideal summer remedy for those who need something to brace and build them up. For stomach troubles its effect is marvelous, either in children or adults. Its pleasant taste makes it a most appreciable household remedy. Contains no grease, no fishy flavor whatsoever.

LIFE HANGS BY THREAD

Physicians Entertain Scarcely Any Hope for Recovery and Worst Is Feared.

RECOVERY IS NOT IMPOSSIBLE

Remarkable Constitutional Strength of Aged Father—Still Able to Take Nourishment—Dr. Rossini May Be Called in Consultation.

Rome, July 9—5:25 a. m.—The pope is asleep. The condition of his lungs is not worse. There is as yet no suspicion of serum gathering again in the pleura, but the disorder of his kidneys is disquieting.

During the early part of the night his holiness was somewhat restless. The occasional brief periods of sleep were disturbed by difficulty in breathing. Dr. Lapponi and Pope Leo's valet, Pio Centra, did their best to nourish the patient at brief intervals. The pontiff spoke little and seemed much depressed. Chloral and caffeine were administered with good effect. About sunrise the pontiff fell into a more restorative sleep than he had had all night.

Rome, July 9—1:15 a. m.—The life of Pope Leo continues to hang by a thread, with the expectation that any moment may bring the final catastrophe. Yet the wonderful vitality of the remarkable old man is combating a complication of diseases which would endanger a strong man in the prime of life. It would appear that every one in the vatican is obliged to give way to overpowering fatigue, so much more tranquil is it in the palace than outside, people being still congregated on the piazza of St. Peter's as this dispatch was filed. The corner of the palace which remained lighted the longest was the apartment of Cardinal Rampolli, where the lights were extinguished only a short time after those in the room where Monsignor Volponi, one of the pontiff's most intimate friends, is lying in a serious condition as a result of the attack of syncope that he suffered. Pope Leo, as though he had second sight, has asked several times why Monsignor Volponi has not been to see him. Naturally the condition of Mgr. Volponi has been kept from the pope.

Throughout yesterday the reports from the sick room alternated with fears and hopes. At times rumors of the gravest character gained currency. During the night the pope had secured but little refreshing sleep, and with this sleeplessness was augmented depression. The difficulty in breathing had increased and a derangement of the kidneys began to seriously manifest itself. These complications were fully and frankly stated by the doctors. Their official bulletin was supplemented in the course of personal conversation, in which they showed that they entertained scarcely any hopes of recovery. Yet they always qualified their statements, setting forth the remarkable constitutional strength and indomitable energy of the patient as the most striking evidence of his almost superhuman will.

Climatic Conditions Favorable.

They instanced the dying man's leaving his bed during the morning and taking several steps, unaided save by a cane, to an arm chair. When this became known many were disposed to criticise the doctors for permitting such an exhausting effort, but it was explained that the entire absence of fever, the temperature being even blow normal, eliminated the danger of syncope from this exertion. Moreover, the attending physicians recognized that they were battling with a man of iron will who does not know the meaning of restraint. Fortunately all the climatic conditions in Rome for the time being are favorable to the sufferer. The air is deliciously cool and there is a complete absence of the enervating sirocco which depresses and kills. The bright sunshine streams into the papal apartment. The encouraging condition are further augmented by the constant use of artificial means of exhilaration, including steady supplies of oxygen.

Except for the brief time he passed in the arm chair, the pope lay in bed throughout the day, shifing his position frequently without assistance and occasionally taking a small draught of diluted wine with the yolks of eggs. The only solid food he has taken is calves' brains and meat broth.

Late Bulletins Favorable.

The later official bulletin following a consultation between Drs. Lapponi and Mazzoni completely contradicted the alarmist reports and gave a more favorable statement. This was disclosed in the improved pulse, better respiration and ameliorated general condition. Dr. Mazzoni said in a conversation following the issuance of the 8:15 bulletin that while the pope's condition still continued desperate, recovery was not entirely impossible. Unfortunately some elements in the population of Rome, including a few who are high in the counsels of the vatican, are inclined to cast doubt on the sincerity of the bulletins. This led during the day to a strong movement in favor of calling other physicians. The theory of the initiators of this movement was that Drs. Lapponi and Mazzoni had misjudged the disease, taking for pneumonia what was really pleurisy. Both accepted the idea of a consultation with any of their colleagues. Many eminent specialists have been proposed, but it is stated late in the night that it has practically been determined that Dr. Rossini shall be called in if another consultation is decided upon.

History of Pope's Illness.

Rome, July 9.—The newspapers publish a history of the pope's illness, evidently inspired by Drs. Lapponi and Mazzoni, who wish to defend themselves from the attacks on their diagnosis of the case, but it is interesting as the first document giving exact data from a medical point of view. The account runs as follows:

On the morning of Tuesday, June 30, Pope Leo went for a drive in the vatican gardens. On returning he declared that he had greatly benefited by the fresh air and wished to repeat the drive. The pope said he felt no need of a medical visit and informed Dr. Lapponi not to go and see him.

During the night of Wednesday, July 1, Pope Leo complained of intestinal disturbance, which he attributed to constipation. Notwithstanding, he went into the vatican gardens and returned to his apartments, again feeling benefited from his drive.

On Thursday he declared he felt well, but Dr. Lapponi, wishing to know personally the nature of the disturbance complained of, spent the night at the vatican. During the night the pope was sleepless and restless.

On Friday Dr. Lapponi examined the pope and found pulmonary inflammation in the right of the thorax between the inferior and middle lobes. He informed Cardinal Rampolli and began the treatment which he thought right on Saturday. During the day the inflammation spread. Dr. Lapponi, worried, desired to have Pope Leo seen by Dr. Mazzoni, who since the operation in 1899 has visited the pontiff occasionally, replacing Dr. Lapponi during his illness with appendicitis.

Dr. Mazzoni Examines Patient.

On Sunday Dr. Mazzoni went to the vatican and examined the patient with Dr. Lapponi, confirming the latter's diagnosis, viz., an inflammatory process in the lung, which was defined in the medical bulletin as pulmonary hepatization. The original treatment was continued, consisting of supporting the strength of the heart and general condition of the patient.

No noticeable change was observed until Monday evening. It was then found that the lowest part of the right of the thorax, which previously was pervious to respiration, had become impervious, affecting the function of the lung. The presence of liquid was suspected. The pontiff spent an agitated and sleepless night.

On Tuesday many symptoms confirmed the presence of liquid. Its increase was considered to account for the pope's general condition growing worse. After a test puncture 800 grammes of bloody liquid was extracted. The condition of the patient improved immediately, reviving hopes, slight in some persons and exaggerated in others. The amelioration in the condition of the patient was not continued during Tuesday. Indeed, depression gained the upper hand.

Planter Killed by Negro Tenant.

Osceola, Ark., July 9.—Arthur Shadden, a prominent young planter living four miles south of Osceola, was shot and killed by a negro tenant on his farm. There was trouble between them in regard to an account. The negro made his escape. The sheriff and a posse are in pursuit. A lynching is probable if the negro shall be caught, as the excitement is great.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'All-Healing Salve,' which made a complete cure. It was slow, but *sure*. I was taking the medicine about eight months.

"I would say to all who read this; try Dr. Pierce's Golden Medical Discovery before wasting time and money."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

AMERICANS HONORED

Admiral Cotton and Officers Presented to King Edward at Buckingham Palace.

RECEIVED BY QUEEN ALEXANDRA

Ball a Brilliant Function—Guests Included President Loubet and Most of Royal Family—Kearsarge Feature of Naval Representation.

London, July 9.—King Edward signally honored the officers of the American squadron at the state ball given at Buckingham palace—the climax of the visit of President Loubet. His majesty formally received Admiral Cotton, the captains of the American ships and 25 of the junior American officers, and Queen Alexandra later gave them the same distinction. The ball—the first since the accession of King Edward—was a brilliant function, 2,200 guests being present, including President Loubet and his suite, practically all the ambassadors and ministers in London, the majority of the members of the royal family, prominent representatives of the nobility and the officers of the American and French squadrons now in British waters.

American Officers Presented.

Before the arrival of President Loubet United States Ambassador Choate, with Secretary White attending, presented to his majesty the following invited officers of the American squadron: Rear Admiral Cotton, Captain Hemphill, Kearsarge; Staff Lieutenant Charles L. Hussey and Captain Cromwell, of the Chicago; Captain Walker, of the San Francisco; Captain Magill, marines, Kearsarge; Captain Thorpe marines, Chicago; Lieutenant Commander Zane, Lieutenants Pratt, Hourigan, Lubby and Mastin, Pay Inspector Littlefield, Medical Inspector McClung and Ensign Mannix, of the Kearsarge; Lieutenant Commander Hodges, Lieutenant Commander Griffin, chief engineer, Lieutenant Todd, Ensign Cooke and Medical Inspector Derr, of the Chicago; Lieutenant Commander Carter, Lieutenant Commander Mulligan, Paymaster Bent and Ensigns Steel and Cole, of the Kearsarge; Commander McCrea, Paymaster Wallace and Ensigns Bryant and Cook, of the Machias.

To Rear Admiral Cotton the king expressed his gratification at the visit of the squadron and inquired if all arrangements had been made for the comfort of the American officers and sailors. Admiral Cotton replied that he had fallen among friends and every care had been taken of himself and the others. His majesty had a pleasant word to say to each of the officers presented. The admiral, his captains and Staff Lieutenant Hussey were then presented to Queen Alexandra. During the supper several American officers were also introduced to the prince of Wales.

Scene One of Splendor.

Field Marshal Lord Roberts, Admiral Lord Charles Beresford, General Sir Redvers Buller and other distinguished Englishmen personally assisted at the welcome given the officers of the United States squadron. The scene was one of splendor which could not easily be surpassed. The gowns and uniforms were magnificent and the display of jewels wonderful.

The king and queen led the royal quadrille which opened the ball and in which participated President Loubet, the duchess of Devonshire and a number of other distinguished guests. Before the ball Admiral Cotton, the American captains and Staff Lieutenant Hussey dined with the earl of Selborne, first lord of the admiralty, at Whitehall. The dinner was attended by naval officials, Lady Selborne being th only woman present.

Admiral Cotton has been instructed to detach the Kearsarge from his squadron in order that she may arrive at Frenchmans Bay, Me., July 27, when the naval maneuvers will begin. This action is regretted, as the Kearsarge is the feature of the naval representation in European waters, and it will be impossible to carry out the program prepared in the manner desired. Admiral Cotton will shift his flag to the Chicago until the arrival of the Brooklyn.

CAN'T BE SEPARATED

Some East Liverpool People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys, forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement about Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

Sold for 50 cents per box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Taken to Lisbon—Chief Wyman left this morning for Lisbon in charge of John Constine, who was bound over to court by Mayor Weaver for making an assault on and robbing H. O. Campsell Tuesday evening.

Doctors Will Meet—A meeting of the Columbiana County Medical society has been called to be held in the city hall at Salem, Tuesday, July 14, at 1 o'clock. Dr. W. E. Morris, of Lisbon, secretary of the society, issued the call this morning.

Campbell Was Heard—John Campbell, the man who was arrested in this city Tuesday afternoon by Officers Dawson and Aufderheide by request of Allegheny officials and who was returned to the latter city yesterday, was given a hearing last evening and held for court. The information which led to Campbell's arrest was made by Mrs. Mary Costello, at whose home, 57 McClure avenue, he boarded. He is charged with stealing a watch and $16 from Mrs. Costello.

by every one who knew him. He was industrious and no one would have thought that he had deserted his family of children in Kentucky.

During the month of January or possibly February, while at work in the pottery he was knocked to the ground and crushed badly by a heavy beam that fell while a number of men were attempting to erect it. Gray was extricated from under the timber after considerable difficulty and was carried to his home. He suffered terrible agony for four days when he died.

The family was in destitute circumstances, and Gray, being so well liked by his fellow employes at the pottery, they started a subscription and succeeded in raising $100. The money was turned over to the wife and Gray was given a respectable burial in Riverview cemetery.

No Meeting Held.

Lisbon, July 9.—(Special)—The committee appointed to investigate and report by July 4 on the merits of the delegate system for making Republican county nominations, has held no meeting as yet. It is said that the matter has been deferred for the reason that several members of the committee have been away fom home for some time.

Marriage Licenses.

Lisbon, July 9.—(Special)—Gottlieb Wynnman and Miss Theresa Mader, both of Knox township, have been licensed to wed.

Which Is Foolish? Which Is Wise?

You are paying $15.00 a month rent; your neighbor is paying $15.00 a month on his property. In ten years you will have 120 rent receipts representing $1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps $2500.00. You paid $1800.00 out and have nothing. He paid $1800.00 out and owns his home which meanwhile has grown in value. He has $2500.00 to his credit in property; you have nothing. You earned $3.00 per day. He earned $3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your $15.00 rent monthly. He had to meet his $15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one?

Who is the foolish one?

We're after your case.

We want to help you.

Give us opportunity.

We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are

Waiting to hear from you.

SOCIAL EVENTS

DELIGHTFUL RECEPTION

Choir of the First M. E. Church Royally Entertained By Mrs. E. W. Fowler.

The farewell reception given by the choir of the First M. E. church to Miss Agnes Jones at the home of Mrs. E. W. Fowler last evening, though informal, was a most enjoyable event. Members of the choir to the number of 25 were in attendance and the evening was one of genuine pleasure.

Dr. M. B. Pratt, pastor of the church, made a neat little speech of adieu to the lady in whose honor the reception was held, and also included Prof. Jennings in his remarks. The latter gentleman has been choir director and assistant pastor of the First church for some time and will leave next week to resume his theological studies.

Dainty refreshments were served on the lawn, and the merry party dispersed at midnight, voting Mrs. Fowler a perfect hostess and a royal entertainer.

Millward-Hubbard.

The marriage of Mr. Stephen Millward and Miss Grace Hubbard took place yesterday afternoon at 3:30 o'clock at the M. E. parsonage. Rev. M. B. Pratt officiated, using the ring ceremony. The groom is employed at the Burford pottery. Mr. and Mrs. Millward left last evening for a trip through the east. Upon their return they expect to reside in this city.

LABOR DAY 1903 BIGGEST EVER HELD

GENERAL COMMITTEE WORKING HARD TO THAT END.

Several Committees Appointed And Other Business Transacted Last Night.

The Labor day committee has changed the time of meeting from Monday to Wednesday, and the session last night was the most important yet held. The five new members added to the general committee at the last meeting of Trades Council has so strengthened the body that the members now feel they are ready to begin the real work expected of them.

It was decided that all printing and advertising which the committee found necessary to use should be furnished by local concerns. The general committee had laid this part of the work over in order that the new members could give some attention to it, and a regular printing committee was appointed last night, consisting of Timothy Hickey, Thomas Collins and George Mulligan. These gentlemen will see that the program is prepared and made ready for the printer at the earlist possible moment. The solicitor will begin the canvass for advertisements at once.

William Ashbaugh and A. E. Bertele were added to the sports committee, which is one of the most important on the list. The committee now consists of P. J. McKeone, John Reark, William Ashbaugh and Mr. Bertele. The committee has its list of events partially completed, and it is the intention of the organization to make this feature more attractive than ever before. With this end in view they have begun early, and will not allow the matter to lag for a minute.

The music committee will consist of Thomas Woods, J. J. Welsend and John Reark, and these men will have their hands full from now until the date of the celebration. More or less trouble has been encountered in past years with the question of music, and it will be the aim of the committee to avoid this as much as possible at the coming demonstration.

Cleared Million on Coal Deal.

Clarksburg, July 9.—V. L. Highland and S. C. Denham, of this city, and L. L. Malone and E. Fay Hartley, of Fairmont, cleared a million dollars on a coal deal here, which is one of the largest in the history of this part of the state. They sold 16,000 acres of coal lands in Wetzel county, the Ferry Coal and Coke company's property at Adamston, the Fooze Coal and Coke company's plant near Lumberport and the Howard Coal and Coke company's mines and property at Wilsonburg. The purchaser is the Pittsburg and Fairmont Fuel company, a New York corporation with a capitalization of $2,250,000, of which Archer Brown, of Rogers, Brown & Co., is the head. The price paid is $1,500,000.

Salvationists at World's Fair.

Cleveland, July 9.—The St. Louis exposition management has offered Commander Booth Tucker, of the Salvation army, land for an army exhibit. One of the features of the army's exhibition will be a colony farm. Exhibits from every country on the globe will also be made. The army will erect a two-story exhibition building to be used as headquarters.

ELECTRIC LINES SHOW ACTIVITY

on the Wellsville road when it will be ready to proceed to East Liverpool. This will be the heavy end of the construction but will accomplish one of the great objects of the projectors, the connection of the two large industrial centers of Mahoning and Columbiana counties, which, with the spur to connect with the Stark county line at Salem, will ensure a paying volume of business.

Engineer Smith says that in all his experience he has never encountered as favorable a railroad grade for so long a distance as that along the route of the Youngstown & Southern from Youngstown to Lisbon.

Work on the Youngstown & Ohio River Light and Power company's line, which was started here some days ago, is still in progress. The company is handicapped, however, by the non-arrival of its material which is said to have been contracted for. About 150 feet of track has been laid on Beaver street. This section of the track was laid to conform to a paving grade which places it about a foot below the present street surface. The track is being covered for the present and will remain so until the completion of the line. A few feet of the excavation had to be filled in again temporarily pending the arrival of more rails.

It was intimated here this morning that the Youngstown & Southern and the Youngstown & Ohio River company have reached a co-operative agreement which will probably mean two lines by different routes from this place to Youngstown and but one line from this city to the river.

The Youngstown & Southern is said to have made a verbal agreement yesterday whereby it transfers to the Youngstown & Ohio River company valuable rights for a route into Youngstown through Idora park which the Youngstown & Southern could not utilize in connection with the route it has decided upon.

Steel Plant for Port Colborne.

Port Colborne, Ont., July 9.—Over 200 acres of land on the east side of Welland canal is under option to Port Colborne parties with whom the board of trade has an understanding with regard to the sale of the property to the United States Steel corporation. The property on the west side of the canal is also under option to a local man, said to represent the steel company. The board of trade is in communication with representatives of the United States Steel corporation and has assurances of most satisfactory character. It is said the steel company contemplates the erection of a big plant.

Pardoned Before Entering Pen.

Concordia, Kan., July 9.—A. J. Patterson, convicted and sentenced to three years in the penitentiary for withholding $5,000 collected from the illicit saloons at Clyde as license payments while he was county treasurer, was pardoned by Governor Bailey. This is the first case in the state in which a convicted man has been pardoned before entering the pen. Patterson contended that the city received the money illegally and could not hold him accountable. He paid the money back with interest after conviction.

BUILDERS TRADES COUNCIL NEEDED

strike benefits have been paid, and none will be. There is no reason why we should. The strikers all secured employment soon after the trouble began and have been working steadily ever since. This man to whom I refer is thoroughly ashamed of himself, and is endeavoring to invent an excuse for his wrong doing.

"We have plenty of money left, and propose to redouble our efforts to win our strike for better conditions. Within the next few weeks we intend to let the master painters who refuse to recognize our union know that we are still in town. There has not been much activity for a few days, but that was simply the calm before the storm."

Since the master plumbers took action refusing to longer consider that there was a strike in that trade and resolving to hold no more conferences with the journeymen, little worth noting has occurred in that controversy. The plumbers are standing out to a man, however, and the strike promises to be prolonged.

THE BOARD OF REVIEW THROUGH WITH ITS WORK

Took 40 Days of Strenuous Application to Complete the Task—Large Increases Made in Every Ward.

HOW THE FIGURES HAVE BEEN ADJUSTED

After 40 days of strenuous application to their work, the members of the board of review, C. A. Ferguson, T. H. Arbuckle and J. S. Hilbert, have practically finished the stupenduous undertaking and they expect to leave tomorrow morning for Lisbon to submit their report to the county auditor. Considering the vast amount of work incident to the review of the city's taxable property, the board has made a remarkable record. It was in their power, had they so desired, to have deferred the compiing of the report until the latter part of the present month.

As a result of the board's careful and conservative estimate on the value of city property it has increased the valuation over that submitted by the assessors nearly $130,000, which alone will increase the amount of money submitted yearly to the city by the county auditor about $1,400. The totai increase on personal property found by the board divided among the wards is as follows: First ward, $1,990; Second ward, $9,704; Third ward, $23,565; Fourth ward, $2,400; corporation return, $13,439.95; total, $51,158.95.

On new structures the board also determined upon quite an increase. In the First ward there are 165 new buildings, valued at $70,400 by the assessors. The board increased the valuation $6,700. In the Second ward there are 145 new structures, valued at $64,450. The valuation was increased $37,200 by the board. In the Third ward the 42 new structures were valued at $26,410 by the assessors. The board made an increase of $13,470. In the Fourth ward the 36 new structures, valued at $15,100 by the assessors, were increased $7,600. The total valuation being $241,330.

The board increased the valuation of the new additions to the city $7,840. The valuation made by the assessors was $46,665 and that made by the board was $54,505.

The total increase over last year's taxation aggregates $300,328.95. The increase found last year by the board of equalization was $320,710.

PROPERTY OWNERS KEEP INDUSTRIES

Away From the City by Asking High Prices For Their Real Estate.

FIRMS WANT TO COME

According to a letter received by Mayor Weaver from R. T. J. Martin, of Lorain, the American Shovel & Stamping company, of that city, is desirous of changing its location and has selected East Liverpool as a suitable site. The letter was turned over to Frank H. Croxall, president of the local board of trade, who stated this morning that the members of the board would give it due consideration. Though there is a strong likelihood of the board's inability to offer the company the inducements, it has requested that a strenuous effort be made in that direction.

Mr. Croxall in an interview with a reporter of the News Review stated that the board has had numerous applications from wealthy and reliable firms for a site in this city during the past year, and that it would have been an easy matter to have arranged for the new industries were the circumstances governing such deals different.

"You see," said Mr. Croxall, "the board is up against a strong proposition. When a company makes application for a location the first thing for the board to do is to find the ground. It is not hard to find a desirable site, but the minute the owner of the property is asked for his price he raises it to such a figure that only millionaires could even consider the purchase. Only yesterday three capitalists were in the city looking for a site. I told them there were many to be found and we started out to investigate. We found three spots, each one of them isolated and from an ordinary standpoint not worth $300 per acre. The owners seemingly understood what we wanted the property for and placed the price at $2,000 per acre.

Such prices cannot even be considered. The majority of applicants do not ask for a bonus, they simply want the board to assist them in getting the site at a reasonable figure. If the property owners will not act with us, what are we going to do? In regard to the Lorain company, I do not know exactly what is wanted, but I feel that its wishes are reasonable and the board will do all within its power to have it locate here."

The letter received by Mayor Weaver is as follows:

"Lorain, O., July 7, 1903.

"The Mayor, East Liverpool, O.

"Dear Sir—Beg to inquire as to whether your citizens are desirous of additional manufacturing industries and if so to learn as to the shipping facilities, railroads, water supply, cost, etc., fuel, where from, cost delivered, etc., tax rate and as to the advantages of your location and also as to what inducement would be offered a corporation of good financial standing, for the location, installation and operation of a rolling mill, the sale of their product being assured and who might also make a line of forks, rakes and hoes and would do a business of from $200,000 to $300,000 per annum and employ from 200 to 500 hands.

"We desire to take prompt decision in regard to the location. Therefore, kindly advise fully and definitely, eliminating a vast amount of correspondence.

"Yours very truly,

"R. T. J. MARTIN."

BOLD BURGLARS CAUGHT AT WORK

THEY HAD INTENDED TO LOOT A HOUSE.

Peculiar Incident Frustrated Well Laid Plans of Two Prowlers.

The attempt of two bold burglars to pilfer a Fourth street residence at a late hour last night was frustrated by a rather peculiar incident. Evidently the plans of the burglars had been laid some time as they had proceeded without hesitation up to the moment of the interruption.

The house they had planned to loot stands at the northeast corner of Fourth and Jackson streets and is occupied by the family of Fred Laufenberger. The front porch is heavily shaded with vines and there are numerous trees along both streets, effectually screening the house and sidewalk from the rays of the street light. The spot is an excellent one for such an attempt.

Mrs. Laufenberger had been at the reception for the choir of the First M. E. church at the home of Mrs. E. W. Fowler, returning a short time before midnight. Chancing to look down upon the sidewalk Mrs. Laufenberger saw two men standing near the fence and their actions at once aroused her suspicion. Presently she heard one of them say:

"Can you hear me?"

"It's all right, I tell you," replied his companion.

"Can you hear me walk?" were the next words she heard.

"Go on I tell you, this is the place all right."

The men then walked northward along Jackson street and stopped at the dining room windows, peering through them into the window. One of them started to lift the latch of the gate to enter the yard and as he did so the interruption came. The men hearing a noise sought the shadow and Mrs. Laufenberger, looking across the street, saw Rev. Dr. Pratt and an officer standing upon the steps of the parsonage. The men then ran south along Jackson street and disappeared into the darkness.

Rev. Dr. Pratt had been at the reception and upon returning home was informed by his son that a man had entered an old building at the rear of the parsonage, evidently to find lodging for the night. Dr. Pratt had no thought of burglars but was fearful that the man might set fire to the structure, which is as dry as tinder. He made a search of the place but could not locate his lodger, having no lantern and not daring to use matches. He telephoned for a policeman and Officer Dawson responded. It was after making a search of the premises that the minister and policeman came out onto the porch.

Mrs. Laufenberger thought the officer was after the men at her home but neither he or Dr. Pratt were aware that real burglars were so near.

DESERTED FAMILY WANTS TO KNOW

What Became of Gray After Silence of 23 Years—Chief Gets Letter.

MAN EASILY LOCATED

Leaving his children at Grant's Lick, Campbell county, Ky., nearly 23 years ago without giving them the least knowledge of where he was going, Benjamin Gray, after spending most of that time in Washington county, O., moved to this city three years ago and a year later died as the result of an accident occurring at the Buckeye plant of the K., T. & K. pottery. His body now rests in Riverview cemetery.

Relative to the deceased Chief Wyman received the following letter last evening:

"Covington, Ky., July 6, 1903.

"Chief of Police—About 23 years ago my father, Ben Gray, left Grant's Lick, Campbell county, Ky. Since that time his children have not been able to obtain any authentic information regarding him. He was rather stout, fair complexion, red hair. The latter must be gray by now as he is about 57 years old if living. He is, I believe, 5 feet 10 inches in height.

"About two years ago we heard that he dropped dead in your town. Later we heard that he was married again and living somewhere in Ohio.

"If there is in East Liverpool any one answering the description I have given you, or if you can tell me where he may be found, I will be very grateful to you.

"I think it was in February, 1901, that my father was reported dead in East Liverpool. Address,

"MRS. PEARL GRANT."

The information requested in the above letter was furnished to the chief early this morning, a number of local people having known Gray intimately while he resided in the city. William Dorff, of the Tri-State Gas company, knew Gray while he lived in Washington county. Dorff says that Gray moved there a good many years ago and shortly after his arrival met a woman whom he afterward married.

They lived in the country until three years ago when they with their several children moved to East Liverpool. Upon their coming to the Crockery City, Gray obtained employment as "saw and hatchet" man at the K., T. & K. pottery, and according to Frank Price, of Third street, who is now employed at the plant, he was well liked

BUILDERS TRADES COUNCIL NEEDED

Labor Man Says Present Conditions Would Have Been Prevented

BY PROPER SUPPORT

Accorded Plumbers And Painters By Other Trades—Brush Wielder Has Something to Say About It—May Be a Calm Before Storm.

"If there ever was a time when the need of a builders' trades council was felt in East Liverpool it is now," said a well known labor man this morning. "With the painters and plumbers both on strike and with the prospect of failure staring them in the face, it is enough to make the average tradesman think twice before venturing an opinion. I will venture to say, and am sure none will contradict, that the plumbers and painters would both have won had such an organization been in existence."

The painters have been on strike since April 1, and though the fight for a shorter day and a slight increase in pay has been waged in a judicious and business-like way, the best they have been able to do to the present was the unionizing of about four firms. The others are still outside, and are likely to remain so. The principal cause for this condition can be attributed to the fact that other building trades have not given the aid or co-operation they should. In speaking of the situation a painter said:

"The carpenters are more closely allied with our craft than any other of the building trades, and it is from them that we should reasonably expect to receive the help of which we so sorely stand in need. As a rule, the carpenters and painters are at work upon the construction of a new building at about the same time. They could easily handicap our work or aid us as it pleased them. We made the request early in the history of our present strike that they refuse to work on the same job with a non-union man, and were told that consideration would be given the matter as soon as we made out an unfair list for their guidance. This was promptly done by the painters and resulted in nothing more tangible than an evasive and far-fetched resolution that benefited us not at all.

"There have been a few instances in which crews of carpenters have refused to continue on a job with men who were working against our interests, and the cases, few as they were, have redounded to our good, but while this is true, there have been scores of opportunities for them to aid us which have been passed over unnoticed.

"You see, the bosses who are yet outside, and who have steadily refused to sign our scale or recognize the union, have made a mutual agreement to stand together and help each other with the contracts on hand. Their plan is to either take the contracts together or to help one another when in a tight place. No attempt has been made to hire non-union men, but there is a sufficient number of contractors on the outside to form a good-sized crew when they all get together. This is the element with which we have been compelled to contend for the most part.

"Then there is another annoyance, and the worst in many ways that has confronted our workmen. I speak of the members of the painters' union who have deserted us and who are now at work under the non-union conditions. There is one man, who, during the period of his affiliation with No. 165 was more active than the average member. He was faithful and industrious in his devotion to the union, but when trouble came on he at once began to look for an excuse to go back. Our officers interested themselves in his behalf, knowing that he was weakening, but it did no good, and in a short time we lost him. He is now working, and justifies his unusual actions by saying the men on strike were paid strike benefits regularly, while he received nothing.

"Now, as a matter of fact, no member of No. 165 has ever drawn one penny in the way of benefits. We received a few hundred dollars from our headquarters, but no part of it was ever used for any other purpose than to pay expenses incurred by reason of the strike and to aid in winning our fight against the master painters. No

ELECTRIC LINES SHOW ACTIVITY

Y. & S. Company Pushing Construction—Goodman's Company Up and Doing.

THE PROPOSED ROUTES

Lisbon, July 9.—(Special)—Construction work on the Youngstown & Southern Electric line is now well under way and there seems to be no room for further doubt that the company means business and that the line will be built.

J. R. Long, of Youngstown, the company's real estate manager, who has secured almost the entire right of way from Youngstown to East Liverpool, and E. Smith, a member of the engineering corps, were in Lisbon last evening and from them it was learned that rapid progress is being made on the grading of the roadbed south from Youngstown. Nearly 50 teams and about 70 men are now at work and, since the first sod was turned a few days ago, more than a mile of the route has been made ready for the rails and cross ties.

At this rate of progress, and in consideration of the fact that the working force is to be increased as fast as possible, the prediction that cars will be running to Lisbon by November next appears easy of fulfillment.

The engineering corps has completed its survey to a point just north of this city but has retraced for the present to complete some cross sections. They expect to come into this place next week by what is known as the "Mill Seat" route, following the stream to a point in the east end of the city, from whence the line will diverge, traversing the eastern part of the city and crossing the Little Beaver in the vicinity of the bridge

POPE LEO TAKES TURN FOR BETTER

Surprising Rally in His Condition, Some Hope For His Recovery.

Rome, July 9.—(Special)—A surprising rally in the pope's condition has been noted today and his vitality is becoming more and more wonderful to the physicians and watchers at his bedside.

After a fairly good night he was sufficiently well this morning to be shaved and during the remainder of the morning hours seemed to be more cheerful evidently gaining strength as the minutes passed.

The functional disorders have almost entirely passed and his physicians have stated that they now have some hopes of his recovery. The heart action has become noticeably stronger and the circulation is much better.

An attack or diarrhoea developed this afternoon, caused by the quantity of food taken and the physicians are now in consultation.

VOLHONI IS DEAD

Rome, July 9—(Special)—Monsignor Volhoni, secretary of the Consistorial Congregation, died today. He was stricken last night while at the vatican, with cerebal congestion and remained unconscious until the end came.

Monsignor Volhoni was a very close friend of the stricken pontiff and was ever near him.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Attention Has Again Centered On Question of Pure Water Supply—Old Plan Too Expensive.

OHIO RIVER PLANT IS FAVORABLY MENTIONED

Attention has again centered on the question of providing a filtering plant for the city water works. For more than a year the matter has been practically dead, owing to the bankruptcy of the fund from which the money would necessarily be drawn for the building of the plant, but now there seems to be a plan in sight that will eventually result in the securing of the required amount, and those having the question under control are giving it much conservative thought. However, there will be no attempt made to raise the money until the city has sufficiently recovered from its present financial embarrassment. This state of affairs will be reached, it is thought, within the year.

One of the most important factors in connection with the question at the present time is in relation to what kind of a plant would be, in the end, the least expensive and also produce the best results.

It will be remembered that the old water works board purchased nearly an acre of ground adjoining the north side of the reservoir on Thompson's hill. It was then the intention of the board to pump all of the water in use into the plant, which was to be built upon a plan that was later thought to be too expensive and was dropped. The plan was to excavate to the required depth and place a number of different substances in the enclosure which would properly filter the water, but the process was one that would constantly wear and it was this point that led the board to abandon the idea, the cost of the wear and tear being considered too much.

Upon the bottom of the plant there were to be perforated iron pipes into which the water would run and from which it would empty into the reservoir. Immediately above the pipes there would have been a layer of sand stone, next a layer of gravel and then white sand. Whenever the top layer of sand would become filthy it would be necessary to remove a portion of

ATTORNEY TAYLOR WILL MAKE RACE

FOR PROSECUTORSHIP IF HEALTH PERMITS.

Salem Man Courts County Office and Is Regaining Health.

Salem, July 9.—(Special)—Attorney A. W. Taylor, who was brought to his home here a few days ago from North Baltimore, O., where he was stricken with paralysis some weeks ago, has so far recovered as to be able to drive about the city.

While Mr. Taylor was sick at North Baltimore the Columbiana county Democratic convention was held at Lisbon and he was nominated for prosecuting attorney. News of the nomination was forwarded to him by telegraph. Aside from acknowledging the same, Mr. Taylor has said nothing about his political intentions. Should he recover his health it is believed he will make active canvass for the place.

Mr. Taylor's friends here say that he has long courted county office and will certainly be in the prosecutorship race if his health permits. In case he finds that he will not be able to make the race he will decline the nomination and the vacancy will be filled by the county committee.

Probate Court.

Lisbon, July 9.—(Special)—W. W. Kernohan, who was appointed by the court the other day to administer the estate of the late Robert E. Johnson, of Lisbon, has resigned and the court has accepted his resignation.

The late Richard Barr, of Wellsville, having left no will, W. A. Snediker has been appointed administrator of his estate under bond of $400. Appraisers, W. E. Smith, John F. McQueen and C. V. Shoub.

Xenia Gets Convention.

Akron, July 9.—The Ohio Catholic Total Abstinence union convention closed its three days' convention this afternoon. Xenia was chosen as the place of holding the next convention in 1904. Rev. N. J. Kelly, of Xenia, was elected president.

THE NEWS REVIEW VOTING CONTEST

Is a Fair One, and Every Candidate Has an Equal Chance.

HOW THE VOTE STANDS

It has come to the knowledge of the News Review that some one has been busy with the circulation of a story to the effect that papers containing coupons for the voting contest are being sold from this office at the rate of 75 cents per 100. The statement is untrue and misleading.

We desire to inform readers, as was stated in the beginning that the contest will be conducted in a fair and business-like manner. No paper containing a valid coupon will be or has been sold for less than the regular price. The News Review sells for two cents per copy, and as long as a series of coupons are valid and can be voted they will not be sold for a less figure. After the time expires in which votes may be presented and counted, the old papers will be sold at the old paper rate.

The contest grows more interesting with each issue, and the candidates are very busy gathering in the votes. There are some changes among the three leaders and the vote stands as follows:

The following are the candidates who have received 100 votes or more up to date.

J. E. Anderson, Lincoln avenue	30,205
Thomas Lounds, Fourth street	30,072
Thomas Neal, Riverside Park	29,951

RAILWAY OFFICIALS MEET LOCAL BOARD

A most important conference was held yesterday afternoon by the East Liverpool board of public service and three representatives of the C. & P. Railroad company, Supt. Scriven, Attorney J. R. Carey and the chief engineer.

It was the object of both the board and the visiting gentlemen to learn the demands and concessions that are to be made by each regarding the improvement of the railroad within the city limits. The conference from this standpoint was not fruitless, but the board positively refused to make any promises, owing to the absence of Solicitor George E. Davidson from the city.

The railroad men upon arriving in the city on the noon train made their presence known to the board and at 1:30 the parties got together and proceeded to make a tour of inspection along the railway line. They went to Walker and walked from there to the eastern limit of the city. Everything in connection with the proposed improvements was thoroughly discussed and there was no difficulty encountered in bringing about mutual agreements.

It was the desire of the railway officials to have the board give them an answer on the questions, but it refused and will make no report whatever until the solicitor offers advice. The passenger station in the East End was discussed and it is said the railway company is agreeable to erecting it. The freight station in the central part of the city was also talked of, but definite action was deferred.

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

THE WEATHER.

Ohio—Local rains and not so warm; Friday showers; light southwest winds.

Western Pennsylvania — Showers Thursday and probably Friday; light to fresh southwest winds.

West Virginia—Fair; Friday showers.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address. Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

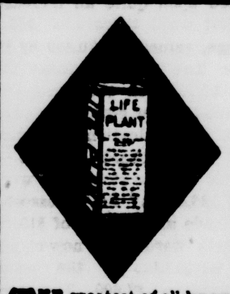

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

ITS NAME IS ITS FAME

LIFE PLANT

THE greatest of all known remedies for the positive cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLOOD. It is nature's own remedy and acts in accordance with her laws.

Do you suffer with INDIGESTION—are you distressed after eating—does a torpid liver make you feel miserable—out of sorts—at variance with the world? Do the kidneys fail to perform their duty, giving backache and general lassitude? Are you all worn out?

LIFE PLANT will relieve quickly and cure permanently—no disappointment—no failure—it has cured thousands of others—it will cure you.

Rev. J. H. Merchant, Pastor M. E. church at Freeport, O., writes under date July 10, 1900: I take pleasure, and do not hesitate to recommend Life Plant as an excellent remedy for Liver and Kidney difficulties. Mrs. Merchant desires to bear testimony to the healing virtues of Life Plant, as a sure and certain remedy for Rheumatism.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for California to accept a similar position in the Bonedum plant.

Dr. M. W. Taylor and J. M. Buckle went out to Ohioville last night, ostensibly to attend a social. Nobody outside of these two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9. — Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

OBJECT TO DUTY.

Importers of stoneware and earthenware have entered protest with the board of general appraisers against the action of the collectors of customs at Newport News and other ports assessing high rates of duty on imports.

Last summer domestic manufacturers of pottery complained to the treasury department that earthenware from Europe was being entered at Newport News at improper rates of duty, and an investigation was ordered. One version of the present trouble is that overzealous collectors had "tried on" higher rates of duty in order to demonstrate their watchfulness.

Hugh C. Edmiston, of New York, says that the collector's assessment of duty on his merchandise as eathenware at 55 per cent ad valorem is erroneous, and that the goods are properly dutiable as stoneware at 25 per cent.

F. O. Merkle & Co. contend that certain common yellow glazed earthenware is not subject to a duty of 60 per cent, but is properly assessable at 25 per cent. The merchandise includes teapots, pitchers, jugs, beakers, etc.

VASE IS SAFE.

The stories printed about the "unearthing of the long-lost" Yorktown vase at the Trenton, N. J., state house caused Colonel John Kiger, of the New Jersey adjutant general's office to rub his eyes in amazement. The trophy has never been lost, mislaid nor forgotten, but had been kept in the adjutant general's vault because no safe place for its exhibition had been proposed.

The vase has been exhibited on numerous occasions and for years the box containing it has stood in a conspicuous place in the principal floor of the vault. Colonel Kiger is glad that a place for showing the vase has at last been chosen, but he resents insinuations that the prize which won renown for New Jersey's guardsmen had been neglected or forgotten.

COMMITTEES AT WORK.

When the two committees having in charge the final settlement of the wage scale meet next Wednesday, July 15, that representing the Brotherhood will have gathered all the data and information necessary including the details. Members of the committee have been diligently at work and are considering the manufacturers' proposition from every standpoint. As stated at the time of the last conference the proposition has been favorably received. Just what the proposition is will not be made public until after the meeting next Wednesday when the settlement will be submitted to a referendum vote of the trade.

AMONG THE WORKMEN.

John Lister, packer at the Sevres, accompanied by his wife, left this morning for Atlantic City to spend a couple of weeks enjoying the ocean breezes.

Orlando Ralston, decorating kilnman at the Sevres, accompanied by his wife and two children, left today for Atlantic City, where they will spend a couple of weeks.

Harry Trishler, mould maker at the Crooksville plant, is spending a few days here with friends and relatives. He was a caller at Brotherhood headquarters yesterday.

EPWORTH LEAGUE OFFICERS ELECTED

AT CONVENTION OF CANTON DISTRICT AT LISBON.

Dr. Riker Gave Splendid Address, Number of Departments Reduced.

Lisbon, July 9.—(Special)—A lecture in the M. E. church here last evening on the "Bi-Centenary of the Birth of John Wesley" by Dr. A. B. Riker, president of Mt. Union college, of Alliance, concluded the fourteenth annual convention of Canton district Epworth League.

The convention was successful and profitable and about 60 delegates were present from the local chapters of the district. One of the most important acts of the convention was the change ordered in the district and local organizations, in conformity of the new constitution, which provides for four departments instead of six. These departments will be spiritual work, mercy and help, social and literary and world evangelization.

The selection of a place for holding the convention next year was left with the district cabinet.

The session of yesterday afternoon opened with a consideration of the work of the spiritual department, the meeting being in charge of Miss Millicent Bennett, of Lisbon, first vice president of the district organization. Some time was then given to exercises by the Junior League under the direction of Miss Erma Hoopes, of Lisbon, after which the literary department was considered with Miss Helen Carr, of Leetonia, first vice president of the district organization, in charge.

The following officers were elected for the ensuing year: President, Rev. E. E. Sparks, Uniontown; first vice president, May Bowman, Massillon; second vice president, William S. Clark, Alliance; third vice president, May Stier, Canton; fourth vice president, Elizabeth Lash, Bolivar; corresponding secretary, Edna Taylor, Salem; recording secretary, Nellie Johnson, Lisbon; treasurer, L. S. Converse, Salem; Junior League superintendent, Miss Erma Hoopes, Lisbon.

These officers were installed with impressive ceremonies last evening, after which Dr. Riker gave the concluding lecture.

VICIOUS YOUTH

Wines Appears to Act Like a Fiend Because He Likes It.

John Wines, one of the three boys arrested for train jumping and on suspicion of assaulting an Italian at Industry, was released from jail yesterday. His mother appeared and paid his fine of $4. She cried piteously while in the presence of Chief Wyman and stated that she would give her boy one more chance to reform. She has paid two fines for him.

Wines is about the worst boy that has been arrested since Chief Wyman took his office. He gives the officers all kinds of trouble. During the hours of the night he was allowed freedom of the cell corridors and he carried water from the hydrant at the east side of the jail and threw it on Constine, the man who was arrested for holding up H. O. Sampsell. He continued throwing water until the man was entirely soaked.

TO FAR OFF ALASKA

Young Soldier Finds the North Intolerable Without the News Review.

W. Lewellen, of Company C, Eighth United States infantry, writes the News Review that he is well pleased with the conditions and soldier life in Eagle, Alaska, where his regiment is now stationed. He enlisted in the regular army some time ago, and likes the service very much.

Mr. Lewellen is an old East Liverpool boy, and has many friends in and about this city. He enclosed a subscription to the News Review, which, he states, it will be impossible for him to do without. The paper will be mailed to him regularly.

SALINEVILLE

Salineville, July 9.—Mr. and Mrs. W. E. Bunn, accompanied by Mr. George Bunn and wife, made a visit last week to Youngstown and enjoyed the hospitalities of the home of Mr. and Mrs. Fred S. Bunn, returning home Monday. They report a pleasant time and a big celebration on the glorious Fourth in that live city.

Dr. J. Terry, of Wattsville, was called here last week to the bedside of his brother-in-law, B. F. Johnson, who fell from a building and broke his thigh near the hip joint.

John W. Hunter, one of our leading grocerymen, reported Monday for duty at Lisbon as a juryman. John has had a long term at the county seat.

It is reported that a large force of Italian laborers will be landed here this week.

Mrs. Archie Searight, of East Liverpool, passed through town this week for a visit among friends near Mechanicstown, Carroll county.

The ball games of last Friday and Saturday between the Pittsburg team and the Salineville boys resulted in favor of Salineville. About 300 people were present.

Mrs. Harry Shaff is visiting with her parents in Pennsylvania this week.

Frank Swaney, of East Liverpool, manager of the Bell Telephone company, was here yesterday on business.

The work on William Dodd's new buiding on Main street is at a stand still for want of material. It looks as though the snow would be here before it is finished. The Bell telephone company and the millinery people are anxious for early completion.

Another new shoe store is mapped out for Salineville in the West End in the near future. The ground will soon be broken for the new building.

John S. Thompson, a teamster, is now delivering the United States mail and express to and from the depot while the mail carrier is under quarantine at his home on High street.

Mr. and Mrs. John S. Thompson spent the fourth with relatives in East Liverpool, returning home Saturday on the night train.

Mrs. Willis P. Lewton and four children, Master Frank, Miss Eva and the twin babies, Ruth and Mary, went to East Liverpool last Friday and were the guests of her sisters, Mrs. Ross T. Robins, of Sheridan avenue, and Mrs. J. C. Lewton, of Lincoln avenue, remaining until Monday evening.

Mr. and Mrs. William Neal, of East Liverpool, are guests of their friends, Mr. and Mrs. Gambier Peterson, of West Salineville, this week.

Nate Ware's family, of this place, are now under quarantine for a supposed case of smallpox.

TRUE PREVENTIVE OF HAY FEVER

Hyomei Destroys Germs of the Disease And Keeps People Well.

There can be little or no doubt as to hay fever being a germ disease. It is, too, one disease where prevention is much easier than cure.

All who are subject to this disagreeable trouble, should use Hyomei daily for at least two or three weeks before the time of their annual attack. In this way the annoying paroxysms of sneezing, running at the nose and watery and smarting eyes can be avoided.

This remarkable discovery makes it possible for anyone to breathe air at home which is almost identical with that of the Adirondacks or White Mountains or other resorts where hay fever sufferers go to escape their trouble.

If, however, Hyomei has not been used until the disease has begun, it is necessary to use it more frequently, at least half a dozen times daily, and Hyomei Balm should be rubbed into the nostrils both morning and night. This treatment will relieve at once and will effect a cure in nearly ever case.

Will Reed has a complete line of the Hyomei goods and will sell an outfit of inhaler, Hyomei and medicine dropper for $1 and will also agree to refund the money if the treatment does not give satisfaction.

Do not try to cure hay fever by dosing the stomach. Breathe Hyomei and in that way the medication will reach the minutest air cells in the nose, throat and lungs, soothe and heal the irritated mucous membrane, and prevent and cure all hay fever troubles.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Hustrand, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Alvin & Bulger.

SUMMER OUTINGS.

Low Rates to Seashore, to the Lakes and to Other Attractive Resorts.

Vacation trips to attractive places for outings, including popular summer resorts, may be enjoyed at low fare by purchasing excursion tickets over the Pennsylvania Lines. A list of points which may be visited include the National Capital, Philadelphia, New York, Boston, the Seashore, Niagara Falls, summer havens on the Great Lakes and in North Michigan, in Colorado and California, and cool retreats in the mountains.

Excursion fares to Boston will be in effect June 25, 26 and 27 for the Christian Scientist meeting, and July 2, 3, 4 and 5 for the National Educational Association meeting. The trip may be made via Washington, with stop-overs at the National Capital, at Baltimore, and at New York, returning via Niagara Falls.

The annual seashore excursion over the Pennsylvania Lines will be run August 6. On that date excursion tickets to Atlantic City, Cape May, Angelsea, Avalon, Holly Beach, Ocean City, Sea Isle City and Wildwood, N. J., Ocean City, Maryland, Rehoboth, Delaware, will be sold at very low fares from principal stations on the Pennsylvania Lines.

The annual excursion to Niagara Falls over the Pennsylvania Lines will take place August 27. The fare will be especially low, and the return limit will be sufficient for enjoyable side trips to resorts in Canada.

Tickets to Chautauqua Lake, to Lakeside and Put-in-Bay, to Peaskey, to Mackinac Island, to Traverse City, and the scores of cool retreats in North Michigan; to Devil's Lake and the Dells of Wisconsin, and to the attractive resorts of the Northwest and West, may be obtained at principal ticket offices of the Pennsylvania Lines, every day during the summer.

On July 6th to 8th, inclusive, special low fares to Denver will be in effect for the Christian Endeavor meeting. On July 15th and 16th tickets to Detroit will be sold at low fares for the Epworth League meeting. On July 31st to August 13th fares to San Francisco will be very low on account of the G. A. R. National Encampment, and on September 18th, 19th and 20th a trip to Baltimore may be made at low fare, tickets on sale those dates account the I. O. O. F. meeting.

In fact, opportunities are offered outings at low fares via Pennsylvania Lines to any part of the country, particularly to the summer resort sections of the United States. Full information regarding low fares, time of trains, etc., will be furnished upon application to Adam Hill, ticket agent, East Liverpool, O.

EAST END

BOY'S CONDITION VERY ALARMING

SEBRING LAD FARED BADLY AND MAY DIE.

Was Injured in Fourth of July Celebration—Relatives Summoned.

A telephone message last night from Sebring to John J. Bell announcing the serious illness of Earl Ward, the 15-year-old son of Mr. and Mrs. James Ward, has caused a great deal of anxiety among the friends of the family in the East End. The message stated that a wound sustained by the lad on the Fourth of July by the explosion of a fire cracker, had developed into lock jaw and that his condition was very grave.

Mr. and Mrs. Bell, who are near relatives of the family, left for Sebring on the midnight train to be at the bedside. No word from them as to the lad's condition had been received at a late hour today.

James Ward was an employe of the East End pottery until the erection of the Sebring plants about four years ago when he left to go with the Sebrings. He has many friends here.

EUREKA LODGE

Members Will Accept Invitation of Calcutta—Public Installation.

Quite a number of the members of Eureka lodge, Protected Home Circle, will respond to the invitation of the Calcutta lodge to attend a public installation of officers, which is to take place tomorrow night. District Deputy D. Frank White will act as installing officer.

The members of the Calcutta circle are making great preparations for the entertainment of their guests and those who attend are assured in advance a good time. A fine literary and musical program has been prepared, after which refreshments of ice cream and cake will be served.

Ona Culbertson and wife went to Calcutta today and will be the guests of William Smith and wife until after the ceremonies. A number of the members of Eureka Circle will make the trip tomorrow evening on a hay wagon, while others will go on the Calcutta car line.

ROUSING TIME

Held in Honor of Recently Married Salem People Now Visiting Here.

Mr. and Mrs. Harry Felty, of Salem, arrived yesterday evening from that city and will be the guests of the former's parents, Mr. and Mrs. John Felty, of Dixonville, for a week or more. The young couple were married at Salem on the evening of July 3 and are here to spend their honeymoon.

Last evening quite a number of their friends gathered at the Felty home and gave them a rousing serenade. Mr. Felty showed his appreciation in the usual way and the boys went away happy.

Mr. Felty is a well known and popular young pottery worker, at present employed with the Salem plant and both he and his wife have many friends in East End.

BIG CATFISH

Caught in Little Beaver By Some East End Piscatorial Artists..

Manager F. R. Cross, of the decorating department at the Sevres pottery, Bob Kirkham and Will Russell have established a camp on Little Beaver creek, near the old mill, and are enjoying some rare sport. Their luck in the past few days with the fishing tackle goes a long way toward disproving the statement that the finny tribe has become extinct in the stream. The best catch was a 26-pound catfish and a 9-pound carp.

Is Now Abroad

Mrs. F. R. Cross, of St. George street, accompanied by her two children, have sailed for England on the Belgenland steamer of the American line, leaving Philadelphia on the Fourth. Mrs. Cross will visit Birmingham, London and several other cities of England and Wales, returning some time in September. Her sister, Mrs. Davis, will accompany her home.

EAST END AFFAIRS.

W. D. Hopkins, who has been laid up with rheumatism, is much better today.

Miss Tillie Copestick is visiting friends at Beaver Falls.

Anna White returned last evening from a visit with relatives at Carrollton.

Roy Pinkerston, of Sebring, who has been visiting his parents, returned home yesterday.

Charles Bolton, Clarence Arnold and Lee McCormick are spending a week's vacation at Erie.

Miss Mollie McCormick, the guest of Thomas McCormick for a week, has returned to her home.

The East End Grays and the Crockery City teams play a league game at Columbian park this afternoon.

The East Liverpool Gun club will hold its regular weekly practice shoot at its Klondike grounds this afternoon.

R. S. Weisend, of New Martinsville, who has been visiting his brother, J. J. Weisend, of Maple street, returned to his home today.

Floyd Lafferty, the 7-year-old boy who fell from a window at his home in Dixonville and sustained a broken leg, is showing a marked improvement.

The little daughter of Mr. and Mrs. J. C. Conley, of Pennsylvania avenue, who has been seriously ill with typhoid pneumonia, is much better today.

John Campbell apprentice kilnhand at Laughlin No. 3, has returned from a visit with friends in western Pennsylvania. Returning he passed through the flood districts around Jeannette.

The Ben Hur band will meet for practice at Caldwell's restaurant on Railroad street tomorrow night. At the practice next Tuesday evening they will occupy their new quarters in the Foutts building.

A young mare owned by Robert Larkins was kicked last night in his stable by another horse and a permanent injury may result. This morning the animal could not move and a veterinary was called in on the case.

John Goddard, who has been employed lately as a jiggerman with the Owens China company, Minerva, has been visiting friends in East End. He leaves soon for Canton to accept a similar position in the Bonedum plant.

Dr. M. W. Taylor and J. M. Buckie went out to Ohioville last night, ostensibly to attend a social. Nobody outside of these two gentlemen had heard that a social was to be held and the natural presumption is they were out "sparkin'."

Uncle Reuben's Opinion.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists. 2

FAT MAYOR TOM NOT MUCH FOR

John L. Zimmerman, Democratic Candidate For Gubernatorial Nomination.

BELL PLAT ACCEPTED

From a Staff Correspondent.

Columbus, July 9.—After weeks of expectancy the formal announcement of the gubernatorial candidacy of Hon. John L. Zimmerman, of Springfield, formerly of Washingtonville, Columbiana county, has been made to the public. On divers occasions during the recent past Mr. Zimmerman had planned to announce himself, but in almost every instance as he was about to speak the word some circumstance would develop impelling him to keep his peace.

Concluding that the time had arrived for him to declare himself, Mr. Zimmerman yesterday issued a signed statement, letting himself into the race. His announcement was unequivocal and clear as to its meaning. He wants to be nominated for governor and would count it a great honor to have this distinction conferred upon him. If Tom Johnson will withdraw his opposition from the Columbiana county man, he will win the nomination in a walk.

Tom likes not over much Zimmerman's ultra conservatism, but if he desires to reunite the party he could come nearer to bringing such a thing to pass by coming out boldly for him for governor. Men who have the good of the party at heart will try to persuade Mayor Tom to give Zimmerman his support. Fourteen counties have chosen delegates to the state convention and of those selected it is declared the majority are for Zimmerman. The Columbus Citizen comes out strongly for Zimmerman, denominating him the man of the hour for the Democracy.

The Scripps McRea league has renewed negotiations for the purchase of the Press and Citizen, Democratic organs of this city, and if successful in acquiring them will consolidate them under the name of the Citizen-Press. If the deal falls through the league will start an independent penny paper here. The league is determined to enter the Columbus field and is figuring on putting its plans into effect not later than September. The league owns many valuable newspaper properties in different parts of the country. It recently secured control of several Toledo papers.

The Franklin county commissioners, who rejected the plat of "Bellwood," the site of the new pottery of the Bell Pottery company at Columbus, have reconsidered their decision and have accepted it. It was rejected because there was no straight dedication of streets and alleys, but when it was explained that the company wanted to give the lot owners complete control over these thoroughfares, the county authorities receded from their original position.

The plat is an innovation and is the only one of the kind in the county. Under it the streets of Bellwood become private thoroughfares which can be fenced in to the exclusion of the public, according to the wishes of the lot owners. The city will have no jurisdiction whatever over the thoroughfares. The Bell Pottery company proposes to put into effect the plan adopted with such success by the Sebring Pottery company. This company bought the land on which the town of Sebring stands, erected potteries, buildings, dwellings thereon and made the place what it is today.

A movement has been started by the state board of medical examination and registration to establish a uniform curriculum for the medical colleges of Ohio.

GILL'S PAPER

Sued for Damages in an Immense Sum—Libel Is Alleged.

Steubenville, July 9.—Hardly had the echo of Congressman Gill's retirement from congress extended over the state until a suit was filed in the court of common pleas against his Steubenville newspaper, the Herald-Star, for $50,000 for statements that are alleged to have been libelous, the plaintiff being Edward L. Carter, of the United States Trade Exchange, located in a building on South Third street.

The publication of the article was made two months ago and shortly afterwards one of the prominent officers of the company came to the city and consulted with Mr. Carter, who, it was alleged, had left the city suddenly leaving unpaid bills, which Carter, in his petition denies. The suit was instituted by P. P. Lewis, attorney for Carter.

Carter avers that on May 8, the day after the publication, he called upon the business manager and requested a full and complete retraction, but the paper failed to do so. The article, he says, has injured and destroyed his business.

USELESS TRIP

Coroner Called to View Remains of Man Dead of Old Age.

Steubenville, July 9. — Coroner Campbell had a long trip to Dillonvale that was useless as far as his presence there was concerned. He received a telephone message from a family named McGourty, stating that their father was dead and that they had been advised to summon the coroner. He complied with their request and went to Dillonvale, where he met Dr. Jones.

They drove to the McGourty home, several miles out of the town, only to find on arrival there that the father was 88 years of age and had died of the infirmities of age. No inquest was held on the body.

Kidnaping in Ohio.

Lima, O., July 9.—The village of Bluffton, this county, is intensely excited over the second abduction of a young son of Mr. and Mrs. Emil Kraft, who has been living with his grandparents pending divorce proceedings between his father and mother. Mrs. Kraft, aided by her father, John Adams, of Cleveland, kidnaped the boy on Tuesday. They were apprehended by the authorities of Mount Cory while driving through the town and brought back to Bluffton. Judge Cunningham granted writ of habeas corpus to the father, who lives in Ripley, O. The authorities at Bluffton were advised of the action and asked to keep the boy under surveillance. Deputy Sheriff Freet at once left for Bluffton to take possession of the child. On his arrival he found he had been again abducted. Posses were organized to hunt for the kidnapers, but they have not been found.

LEGAL.

LEGAL NOTICE

Henry Reichet, whose residence is unknown and the unknown heirs of Henry Reichet and all persons claiming by, through or under them, or either of them, will take notice that on the 3d day of July, 1903, Frank H. Nagle filed his petition in the Common Pleas Court, Columbiana county, Ohio, in case No. 4523, against the above named and designated parties and others praying for the quieting of title as against any claims of the above named or designated parties in that part of lot No. 408 in East Liverpool, Ohio, bounded and described as follows: Beginning at the southwest corner of said lot and running thence in an eastwardly direction along the south line of said lot a distance of 40 feet to a point; thence at right angles in a northwardly direction back across said lot parallel with the west line thereof, a distance of 40 feet to a point; thence at right angles in a westwardly direction parallel with the south line of said lot, a distance of 40 feet to the west line of said lot; thence in a southwardly direction along the west line of said lot to the place of beginning. Said part of said lot forms a parcel of ground fronting 40 feet on Peach alley and extending back rectangularly along Summit Lane 40 feet.

Said parties are required to answer on or before the first day of August, 1903, or judgment will be taken against them.

All Youngstown is up in arms about the quality of drinking water secured from the Mahoning river, and a new source of supply is demanded by citizens. Chemical tests of the water of the Mahoning river show 6,000 to 7,700 bacteria to every cubic centimeter. All authorities agree that over 250 bacteria to the cubic centimeter makes water dangerous to use. In looks, water from the Mahoning cannot compare with the iron gray fluid taken from the majestic Ohio, and it's a winning bet that there are more zoological specimens in a cubic inch of Ohio fluid than there are in a barrel of the Mahoning variety.

"The Republican party went into power in Ohio 12 years ago pledged to wipe out the state funded debt," says the Cincinnati Times. "The last Democratic administration was that of James Campbell, and the state funded debt at the conclusion of his term of office was $2,291,665. In 12 years the Republican party, by judicious and wise taxation measures and economic administration, has paid off this debt, and done it without taking the money needed for the proper administration of the state's affairs and the maintenance of her charitable institutions. Not only is this the case, but last week, after the last payment had been made on the state's debt, there remained a balance of $3,142,233.62 in the state treasury."

The mayor and chief of police ought to direct, and see that it's done, that the next wife beater coming before them is submerged under water for five minutes. Water cure of such a nature applied in about one case would forever check this pastime frequently indulged in by brutal husbands. Rigorous measures enforced by the officials in a few cases would cause fewer women's tears to be needlessly shed.

Bob Burdette, the humorist, is to give up the lecture platform, which he has made famous and which has made him rich, to preach in a Los Angeles church. When Bob gets up in the pulpit it is safe to say there will be no empty pews before him, and if any members of his congregation sleep they will miss something.

That East Liverpool woman who so dramatically declared she would rather tie a stone around her neck and dive from the Southside bridge than live with her husband, may be well acquainted with her lord and master, but the chances are she has never experimented with such a thrilling leap.

Judging from the way wife beaters, thugs, highwaymen and other fourth grade citizens have been holding the stage in this city and neighborhood for the last three days, there was just a little too much Fourth.

The special meeting of city council to be held this evening ought to be interesting enough, if all business at hand is attended to, to warrant the charging of a small admission fee to spectators.

A NEW PLAN LAUNCHED FOR FILTRATION PLANT

Continued from First Page.

it and of course replace it, all of which would be expensive.

The plan now under consideration is to build a plant in the Ohio river. It is known as the sand filtration process and has been worked successfully at most every point along the river. Cities owning such a plant have the best water in the state and, though it costs considerable money to build one, the saving in years is a factor that cannot be overlooked. The filtering is done by a natural process, the water sinking through many feet of pure sand and when it reaches the reservoir it is nearly pure.

East Liverpool has long needed an improvement on its present water supply and every citizen interested in the health of himself and the community will favor any plan that will result in proper filtration.

BOARD AND COUNCIL HAVE REAL CLASH

MEMBERS EXCHANGE UNCOMPLIMENTARY REMARKS.

Trouble Came Up Over Question of Quarters for Service Board.

The city council and board of public service held a joint meeting last night and after a lengthy session it was agreed that the service board should seek an office elsewhere than in the city hall.

There was a lively tilt between Councilmen Bissett and O. P. Bowers of the board, and Bissett wanted to know if Bowers proposed to run the city single, high-handed and alone, to which Mr. Bowers retorted that when he transacted business it was only with gentlemen and men who were sober. This caused a commotion, but President Crubaugh held the threatened outbreak in check and order was soon restored.

It was first agreed that the board of public service should have the west portion of the council chamber for their offices, but when a vote was taken to appropriate money to fit up the same it lost, and then a motion prevailed that the board should look elsewhere for quarters, council agreeing to pay the rent without dissention. The postoffice room will now be enlarged, the improvement to take in the room occupied by the board of public service and water works trustees as an office.

AN ITALIAN WAS BRUTALLY BEATEN

NEAR VULCAN WORKS BY AN ENRAGED BOSS.

The Knocker Will Be Arrested on Sight—Victim in Bad Shape.

Antonio Perri, an Italian who works for Contractor Charles Sims on the C. & P., was brutally beaten Tuesday night near the Vulcan brick works by Frank Ray, a boss under Sims. Perri is about 60 years of age and was too feeble to put up much of a defense. He was terribly bruised about the face and chest and has been in the care of a doctor since the occurrence. His face is swollen to twice its natural size and several stitches were required to dress a big gash in his cheek.

A warrant was issued in Mayor Fogo's court yesterday afternoon for the arrest of Ray and the officers will bring him in on sight. He is charged with assault and battery, but it may be changed to something more serious in case the Italian does not get along well.

The fight occurred over some misunderstanding of Ray's orders relative to the work Perri and other Italians were engaged in doing.

KNIFE FOUND

With Which John Dennis Cut His Throat—Revolver Still Missing.

Edward Geisse, nephew of John Dennis, made a careful search of the upstairs part of the Dennis restaurant on Third street and was rewarded by finding the knife with which Dennis cut his throat last Friday afternoon. The knife was of the ordinary pocket variety and was found in a little room used as an attic, where Dennis had thrown it under a lot of rubbish. The large blade was open and covered with blood, leaving no room for doubt as to it being the one used by the suicide.

The revolver with which he attempted to shoot Mollie Taylor has not yet been unearthed and considerable mystery attaches to its disappearance.

COMMISSIONERS

Inspected Roads and Bridges in the Vicinity of Wellsville.

County Commissioners W. K. George, C. Bowman and Eden Reeder were here yesterday afternoon on a road inspection tour. Judge P. M. Smith escorted the commissioners over the road passing Hibbett's mill to Coal Hollow, for the improvement of which 125 citizens recently petitioned. While here they also inspected the railway bridge over Little Yellow creek, deciding to floor it with concrete in the near future.

His Third Venture.

This afternoon Barney Rand and Mrs. Susan Lichtenberger were united in marriage by Rev. C. E. Clark, pastor of the First Methodist church here. The groom is well and favorably known here and this is his third matrimonial venture. The bride is talented and wealthy. Immediately after the ceremony the couple were driven to their cosy summer home at Spring Grove camp ground, where they will spend their honeymoon. A reception was given there this afternoon, followed by a serenade and feast.

Carrier Will Quit.

Edward Bunting, carrier of free rural delivery route No. 1, will step down and out tomorrow, the government having accepted his resignation to take effect at that time.

Just what will be done in the matter of appointing his successor is not known. No one seems to want the job and the chances are good for a total suspension of the free rural delivery system here.

Difficult Operation.

Drs. Parke and Hutcheson performed a very dangerous surgical operation yesterday afternoon when a cancer was removed from Mrs. Vale, wife of N. H. Vale, a butcher of the West End. The operation consumed 30 minutes and was highly successful, and the patient is resting well today at her home on Eighteenth street.

CHESTER CITIZENS FIGHT GAS RATE

THEY CHARGE THE COMPANY WITH BAD FAITH.

The Matter Will Be Brought to the Attention of the Town Council.

Though little has been said respecting the matter to the present, there promises to be one of the biggest protests ever heard in the community when the Ohio Valley Gas company attempts to raise its gas rate in Chester. The citizens are indignant at what they are pleased to term the ingratitude and lack of sincerity on the part of the gas company's officials.

The notice sent out to the private consumers of Chester covers the same ground and involves the same percentage of increase as that in East Liverpool. In proportion to the population of the town there are a great many more consumers in Chester than any other town in the two states. The average citizen looks upon the change as a deliberate attempt to bunco the private consumer, and a move is on foot to stop the robbery if the law can be made to apply. It is not known at this time whether the council has the power to regulate the price, but the matter will be investigated at once.

The patrons of the company are now thoroughly aroused, and will take up the fight against the unjust and excessive rate with a determination that cannot fail to bring success. The older residents have not forgotten the circumstances under which the corporation was granted permission to lay their lines through the streets of Chester, and the officials will be called to account. Superintendent Snyder, who had charge of the local branch at that time, came before the Chester council two years ago and made the request for a 25 year franchise. He was willing to do anything and make any sort of a pledge in order to bring about the desired end. It was the opinion of a majority of the council that the franchise should not be granted for a longer period than ten years, and after considerable discussion, it went through at that. Snyder and his associates protested, claiming it did not give the company a fair show in the matter of extensions and insisted to the very last upon a 25-year grant. He dwelt upon the fact that his company desired to be fair with the people of Chester, and promised that the concern which he represented would not raise the rate nor take advantage of the patrons in any way. The ten year regulation stood for one meeting, and when the next session of the council was held, the wily superintendent had played his cards so well that the former action was rescinded, and the franchise extended to 25 years.

This is the peculiar manner in which the gas corporation shows its appreciation for favors bestowed, and the citizens of the town cannot be expected to sit calmly by and permit the robbery to go on without attempting to stop it, or at least entering a vigorous protest.

IRONDALE POLICE CAUGHT ROBBERS

BROUGHT TO CHESTER FOR TRIAL TODAY.

Miller And Grim Likely to Receive a Salty Dose When They Go to Court.

Word was received by the Chester authorities last night that Andy Miller and Fred Grim, the two thugs who beat an Italian nearly to death in Chester Tuesday, had been located at Irondale. The men had remained in hiding at East Liverpool until late Tuesday night, when they boarded the midnight train and reached Irondale before daylight.

Chief of Police Alex Hanlon, of Irondale, had been communicated with by the Chester authorities, and was on the lookout for the robbers. As soon as they were known to be in town Chief Hanlon telegraphed Justice Pugh and received the instructions to hold them.

Officer Good, of the park force, went to Irondale this morning, returning at noon with his men. They consented to go back to West Virginia without papers, and they were placed in the Chester jail to await a hearing. Justice A. G. Pugh will lose no time in giving the housebreakers a preliminary hearing, and it is probable they will be bound over to court.

MARRIED YESTERDAY

James Johnston And Miss De Temple Surprised Their Friends When They Returned.

James Johnston, a well known young potter of Chester, and Miss Kate De Temple, of East Liverpool, were married at New Cumberland yesterday afternoon and returned to the city today, where they are receiving the congratulations of a large number of friends.

The young couple are well known and popular in pottery circles, Mr. Johnston being a son of Councilman Johnston, of Chester, and a jiggerman at the Edwin M. Knowles pottery, while the bride has been engaged at a pottery trade for some time. They will reside in Chester.

A BAD SPILL

Young Lady of Brilliant Was Badly Hurt at Wellsburg Tuesday.

While driving through Wellsburg with a party of friends Tuesday evening, Miss Julia Tuttle was thrown from a surrey and badly injured. The driver of the outfit had selected a back street to avoid the electric light, and the vehicle pitched over an embankment, throwing the occupants into a run below.

Miss Tuttle received several bad bruises which will lay her up for some time. The lady is well known to a large number of Chester people, and the news was received here with many expressions of regret.

ITALIAN HURT

Left Hand Was Caught in the Machinery and Terribly Mangled.

Pedro Condri was hurt at the mill just at noon by having his left hand caught in the rolls. The foreigner was an inexperienced hand and the accident occurred while he was engaged in a task with which he was not familiar. The thumb of his left hand was terribly mashed, while the hand itself was badly torn. The Italian was taken to the office of Dr. G. E. Lewis, where the wounds were dressed. He will not work for several weeks.

Two Attachment Suits.

Two attachment cases were entered in the court of Justice W. C. Johnston this morning, both of which are set for trial on July 15. W. R. Skeen sued C. M. Williamson for $8.20, claimed due for merchandise, and wages of Andrew Miller in the hands of the Chester tin mill company were attached by Mrs. H. Garner. The latter claim is for $8 and is claimed due for board.

An Unusual Occurrence.

Word was received in Chester of an unusual freak played by the lightning in a recent thunder storm over in Brooke county. A large wheat stack on the farm of John Brady was struck by a bolt of lightning and totally destroyed. In the memory of the oldest residents no parallel case can be recalled.

Choice Residence Property

BRINGING NEGRO BACK

Sheriff Gone to Jeffersonville After Lee Brown, Slayer of Patrolman Massey.

TRIAL TO BE RUSHED THROUCH

May Be Difficult to Secure Counsel for Brown—Court House and Jail Still Guarded—Five Arrests for Rioting. Two Burials of Victims.

Evansville, July 9.—Acting under orders of Judge Rasch, Sheriff Kratz left secretly for the Indiana reformatory at Jeffersonville to bring back Lee Brown, the wounded negro who killed Patrolman Massey last Friday. It was this killing and the desire of the mob to lynch Brown that precipitated the rioting here. Brown was secretly removed to Vincennes early Sunday morning and from Vincennes to the state prison at Jeffersonville for safekeeping. How Sheriff Kratz will bring the negro here and what hour he will arrive will be kept secret if possible.

The sheriff took with him one deputy and Dr. Gilbert, who will try to prevent the negro from dying from the bullet in his lung. If the negro shall be successfull placed in the jail here his trial for the killing of Patrolman Massey will be rushed through, and unless a change of venue shall be taken the troops will be held here until after the trial. A venire of 150 names was drawn secretly from which an effort will be made to secure a jury. The court will appoint an attorney to defend Brown.

Militia Still on Guard.

Lawyers here think it will be difficult to secure an attorney to act, so intense is the feeling. The court house and jail are still guarded night and day by the Martinsville and Evansville companies, the latter company being stationed inside the building. The trial of Brown will be held, according to present plans, with the streets guarded for a distance of one square in each direction from the court house.

Five arrests were made on grand jury indictments for the rioting Sunday night. Those under arrest are Richard Grosbeck, who was Socialist candidate for city clerk; A. P. Cardwell, a furniture merchant; J. T. Zeigler, William Trimble and James Steele. All were released under bond. The coroner heard evidence on the shooting Monday night. He has not returned a verdict. There were no more deaths. The three believed to be fatally shot are in about the same condition, with the outcome uncertain.

Funerals of Mob Victims.

There were two funerals of mob victims during the afternoon. August Jordan and Hazel Allman were buried.

The police authorities say that while many of those shot by the militia were reputable persons, who no doubt were drawn into the crowd from curiosity, two or three of those killed were disturbers and had caused the police trouble before. A revolver found on one of the dead bodies had three empty chambers that had been recently exploded.

A hardware firm whose store was emptied of arms by the mob inserted the following advertisement in local newspapers:

"Warning—If all guns, pistols, ammunition, etc., taken the night of July 5, be returned at once no questions will be asked. We have numbers of all guns, pistols, etc., taken and any one we find with them hereafter will be prosecuted to the full extent of the law."

REALM OF SPORTS

VISITORS TOOK ONE FROM LOCALS

First of a Series of Games Won by Homestead at West End Park.

LOSS ACCOUNTED FOR

By Some Wild West Playing on Part of Locals—Attendance Was Fair And Crowd Appeared to Root for the Visitors Like Fiends.

Mason's failure to catch a foul in the second inning, Umpire Stilwell's rank decision in the seventh, when he called Violet safe at home plate, and Gibson's foolhardy attempt to reach third in the same inning gave the game to Homestead yesterday afternoon in West End park by the score of 7 to 3.

The battle started with the points in favor of the visitors, they having the best bunch of hitters, but at that the locals would have left the field victorious had they retained their noodles when it was absolutely necessary. They fell down at times most inopportune, and as a result were compelled to allow the first of the series of three games to go to the crack Pennsylvania aggregation of amateurs.

Every fan in the city knows what kind of ball Homestead delivers and long before 4 o'clock the grand stand was well filled, with a goodly number scattered around over the field. From their actions, however, they certainly think that the sun rises and sets in the visiting gang. As in the games with the Fairbanks there was a corner full of them who went wild when a Homesteader would scoop a superior play and upon the return by a local if their hearts didn't drop they at least were not heard in the offering of any applause. Continued a few more games and there will not be no first team in East Liverpool. The boys numbered in it at present are everyone of them human. They feel grateful for any appreciation shown them and they certainly deserve some consideration.

In the first inning Gibson went out from third to first. Mason singled. Wallace flew to Tate. Brown singled and, though there were two outs, everything looked favorable for a run until Nolan beat the wind. The visitors started off with Violet walking. After that they went out in rapid succession.

It was in the second that the decisive turn was made. The locals had gone out in one, two, three order and were playing first-rate ball when very suddenly the man of whom it was least thought fell hard. Milton singled, but went out from pitcher to short, McChesney reaching first on the play. Ferguson stepped up and went out readily to Nolan. There were then two outs and only one man on bases. Coursey takes the bat and singles and Pearson lands for a two-bagger. While he was at bat he knocked a little pop foul to Mason. The latter dropped it like he would a ball of fire. Two men scored on the hit when there was no excuse in the world for it.

Neither side scored in the next, but they made up for it in the fourth. The visitors touched the goal just three times and landed four pretty hits. All of them were clean and were inevitable under the circumstances. Wallace led off for the locals by lining one to Ferguson. Brown walked and Nolan followed with a single. Both advanced a base, but when Webb knocked one down to short, Brown got so anxious to get home that he rushed in and was caught. Had he but waited another turn he might have landed. Chick was the next man up and he placed one of the prettiest hits in the rule book. Nolan and Webb scored and the side died when Emmerling played one down to the pitcher.

In the fifth Tate scored after making a two-bagger, but the locals failed to get to first base. In the sixth there was nothing doing for the Smoky City suburbanites. They went out fast. It was one of the innings in which the locals should have made a jump toward victory. Wallace went out from Pearson to first; Brown walked and Nolan allowed the ball to touch his shirt waist. It was Webb's time to make the play of his life, but he fanned. Right here Brown accepted the opportunity to steal third and scored on a wild throw. Reark walked, and it was then up to Emmerling to accept the chance that Webb so rudely discarded. He didn't fan, but went out from third to first.

Violet worked his bluff to perfection in the seventh. He intimidated Stilwell to the extent that he got his base on balls and when he ran in home, notwithstanding that he did not touch the plate by 18 inches, Stilwell called him safe. It was a mean inning for the locals.

One run was scored against them undeservingly and where two runs might have been scored by the home boys, they got nothing. Winters went out to the pitcher. Gibson hit for two bases, and as a result of trying to reach third on Mason's grounder, went out. Wallace, the next man up, got a hit and would have scored both Gibson and Mason. After that neither side could get to second and the game died out without the usual exciting ninth inning.

Tired

No Sleep for Weeks Nervous, Weak.

Surgical Operation Wrecked My Nerves.

Dr. Miles' Nervine Restored My Health.

"A few years ago I had to submit to a surgical operation which caused me severe spinal trouble. After treatment I could not gain strength because of extreme nervousness. I took everything I could hear of that was supposed to be good for my trouble but all in vain. I had not had a night's sleep in weeks, when one day one of your circulars was thrown into our yard and after reading what your Nervine had done for others, I resolved to try it. The second night after taking it I slept soundly for the first time in many months and after taking a few bottles I was completely cured. I also used the Nerve Plaster for backache with very gratifying results. I shall always be grateful for the benefits received from Dr. Miles' Restorative Remedies."—Mrs. C. W. Beaman, Savannah, Mo.

"I wish to thank you for the good your medicine has done me. It has almost worked wonders in my case. I was subject to nervous headaches for a period of thirty years. I had doctored with several doctors and had taken a number of different kinds of patent medicines, all to no avail. I was discouraged for I could not get permanent relief. At last I began a trial of Dr. Miles' Restorative Nervine and Nerve and Liver Pills. I am now completely cured and words cannot express my thankfulness to you and your medicine. If any one wishes to write to me personally I will gladly answer their letters."—J. W. Brant, Ingrahm, Ills.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines.

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zeile Himrod, the pioneer druggist of 822 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902).

"After a serious illness of over a year Judge S. M. Allen of this city has recovered and regards himself most fortunate in successfully combating with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"—Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles, Fulton's Renal Compound for Bright's and Kidney Diseases, etc., $1; for Diabetes, $1.50. John J. WAS DELEHANTY DROWNED AT NIAGARA

A BODY FOUND ANSWERING HIS DESCRIPTION.

Team Mate of George Carey May Have Met An Untimely End.

Edward J. Delehanty, the Washington, D. C., base ball player, who has been missing, was probably drowned in the Niagara river, near Fort Erie, Province of Ontario. A man answering the description of the Washington player was taken from the river at that point several days ago. In one of the pockets a pass issued by the Washington club to Delehanty was found. Upon that fact his friends and his wife base their belief that the body taken from the river is that of Delehanty.

The man, whether Delehanty or some one else, fell into the river from the international bridge, over which he was trying to walk. The probability is that he committed suicide.

The first intimation that the body might be that of the player came in the form of a letter to Mrs. Delehanty from the Pullman company, saying that a passenger on a train leaving Detroit on the afternoon of July 2 had been put off the train at Fort Erie and had fallen into the river.

Another fact stated in the letter was that the ejected passenger had trouble with the bridge tender.

Delehanty was in a despondent mood when he left Detroit. That is shown in a letter which he had written to his daughter, telling her that he was recovering from a spree and that he felt mighty bad. He enclosed an accident policy and closed his letter with the wish that something would happen to the train on which he was riding so that she might get the benefit of the policy. A representative of the Washington club will go to Fort Erie for the purpose of looking at the body.

Delehanty was a team mate of George Carey, of this city, having been in the outfield of the Washington team this season. He has been one of the greatest outfielders in the history of ball playing but has been off his gait this year.

SHAMROCKS FORFEIT BY NON-APPEARANCE

Were Scheduled to Play the Marines, But Failed to Show Up And Lose By It.

Two teams of the Crockery City league were to have played a game at Rock Springs park yesterday afternoon, but only one of them, the Marines, appeared on the diamond, and as a result the other aggregation, the Shamrocks, took a fall in percentage, it being a rule in the league that a team failing to put in an appearance on a scheduled date shall lose 100 per cent. Notwithstanding that the Marines were unable to play a league game they were given some pretty good exercise with a picked nine, composed of all-around diamond experts. The score of the game, which lasted but five innings, was as follows:

SPORTING MISCELLANY.

Two two-baggers in one inning in yesterday's game failed to produce a run.

—

Sugden, of St. Louis, is the best, and Beville, of New York, the poorest fielding catcher.

—

Amos Rusie, the $75-a-month star, is said to be slated for his release by Vincennes, Ind.

—

Dandy Chimes, 2:07½, won the 2:08 pace at Readville, stepping the last half of one mile in 1:02.

—

Gochnaur's errors give him the lowest rank among the shortstops, with Moran, of Washington, leading.

—

Freddy Parent continues to lead the American league with the stick, and Lajoie is fifth, coming fast.

—

Walter J. Travis, former national and metropolitan golf champion, is rounding into his old-time form.

—

Lajoie is reckoned eighth in fielding by the compilers of averages when compared with other second basemen.

—

Local fans are anxious for a series here with the Niles team and if possible Manager Reark will accommodate them.

—

The O'Neill brothers, of the St. Louis Nationals, recently purchased a home in Scranton, Pa., and presented it to their parents.

—

Pearson, who pitched yesterday's game was with St. Louis last year, but failed to make good. He is a star in amateur circles, however.

—

"Buck" Washer, here earlier in the season with the Wheeling Central league team, is on Homestead's twirling staff and will be pitted against the locals in one of the games.

—

Clarke is now the regular first baseman for the Senators, Malachi Kittredge, recently released by Boston, relieving him behind the bat. Carey has not been playing up to his usual standard of late, according to the Washington papers.

—

"Slab" Burns, who is one of the twirlers with the Homestead team, played here last winter in a gridiron contest with John Walsh's team. "Slab" is one of the best foot ball players in eastern Ohio and is said to be as good at base ball. Years ago he played here with a ball team from Tiltonville.

BETWEEN TWILIGHT AND DAWN.

A trip across Lake Erie, via the steamers "Eastern States and "Western States," operated daily between Detroit and Buffalo, is a luxury in modern travel to be enjoyed at a moderate outlay. These fresh water leviathans are conceded to be the most intelligently designed and perfectly executed examples of marine architecture in existence for a night passenger route. This line is famed for the courteous treatment extended its patrons and the absolute wholesomeness of the entire service.

The two hundred and eighty-five miles between the two cities are traversed in 14 hours, and after a dusty and tiresome rail ride the change to comfort and pleasure amid the invigorating lake breezes is a boon to the weary traveler.

Steamers leave daily from Detroit at 4 p. m. and Buffalo at 5:30 p. m., arriving at their destinations the following morning at 7:30.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) is so much different in taste and action from the ordinary nauseating, greasy cod liver oils, that physicians prescribe it in preference to all others.

Its re-constructive, revitalizing and strengthening tonic influence, make it an ideal summer remedy for those who need something to brace and build them up. For stomach troubles its effect is marvelous, either in children or adults. Its pleasant taste makes it a most appreciable household remedy. Contains no grease, no fishy flavor whatsoever.

LIFE HANGS BY THREAD

Physicians Entertain Scarcely Any Hope for Recovery and Worst Is Feared.

RECOVERY IS NOT IMPOSSIBLE

Remarkable Constitutional Strength of Aged Father—Still Able to Take Nourishment—Dr. Rossini May Be Called in Consultation.

Rome, July 9—5:25 a. m.—The pope is asleep. The condition of his lungs is not worse. There is as yet no suspicion of serum gathering again in the pleura, but the disorder of his kidneys is disquieting.

During the early part of the night his holiness was somewhat restless. The occasional brief periods of sleep were disturbed by difficulty in breathing. Dr. Lapponi and Pope Leo's valet, Pio Centra, did their best to nourish the patient at brief intervals. The pontiff spoke little and seemed much depressed. Chloral and caffeine were administered with good effect. About sunrise the pontiff fell into a more restorative sleep than he had had all night.

Rome, July 9—1:15 a. m.—The life of Pope Leo continues to hang by a thread, with the expectation that any moment may bring the final catastrophe. Yet the wonderful vitality of the remarkable old man is combating a complication of diseases which would endanger a strong man in the prime of life. It would appear that every one in the vatican is obliged to give way to overpowering fatigue, so much more tranquil is it in the palace than outside, people being still congregated on the piazza of St. Peter's as this dispatch was filed. The corner of the palace which remained lighted the longest was the apartment of Cardinal Rampolli, where the lights were extinguished only a short time after those in the room where Monsignor Volponi, one of the pontiff's most intimate friends, is lying in a serious condition as a result of the attack of syncope that he suffered. Pope Leo, as though he had second sight, has asked several times why Monsignor Volponi has not been to see him. Naturally the condition of Mgr. Volponi has been kept from the pope.

Throughout yesterday the reports from the sick room alternated with fears and hopes. At times rumors of the gravest character gained currency. During the night the pope had secured but little refreshing sleep, and with this sleeplessness was augmented depression. The difficulty in breathing had increased and a derangement of the kidneys began to seriously manifest itself. These complications were fully and frankly stated by the doctors. Their official bulletin was supplemented in the course of personal conversation, in which they showed that they entertained scarcely any hopes of recovery. Yet they always qualified their statements, setting forth the remarkable constitutional strength and indomitable energy of the patient as the most striking evidence of his almost superhuman will.

Climatic Conditions Favorable.

They instanced the dying man's leaving his bed during the morning and taking several steps, unaided save by a cane, to an arm chair. When this became known many were disposed to criticise the doctors for permitting such an exhausting effort, but it was explained that the entire absence of fever, the temperature being even blow normal, eliminated the danger of syncope from this exertion. Moreover, the attending physicians recognized that they were battling with a man of iron will who does not know the meaning of restraint. Fortunately all the climatic conditions in Rome for the time being are favorable to the sufferer. The air is deliciously cool and there is a complete absence of the enervating sirocco which depresses and kills. The bright sunshine streams into the papal apartment. The encouraging condition are further augmented by the constant use of artificial means of exhilaration, including steady supplies of oxygen.

Except for the brief time he passed in the arm chair, the pope lay in bed throughout the day, shifing his position frequently without assistance and occasionally taking a small draught of diluted wine with the yolks of eggs. The only solid food he has taken is calves' brains and meat broth.

Late Bulletins Favorable.

The later official bulletin following a consultation between Drs. Lapponi and Mazzoni completely contradicted the alarmist reports and gave a more favorable statement. This was disclosed in the improved pulse, better respiration and ameliorated general condition. Dr. Mazzoni said in a conversation following the issuance of the 8:15 bulletin that while the pope's condition still continued desperate, recovery was not entirely impossible. Unfortunately some elements in the population of Rome, including a few who are high in the counsels of the vatican, are inclined to cast doubt on the sincerity of the bulletins. This led during the day to a strong movement in favor of calling other physicians. The theory of the initiators of this movement was that Drs. Lapponi and Mazzoni had misjudged the disease, taking for pneumonia what was really pleurisy. Both accepted the idea of a consultation with any of their colleagues. Many eminent specialists have been proposed, but it is stated late in the night that it has practically been determined that Dr. Rossini shall be called in if another consultation is decided upon.

History of Pope's Illness.

Rome, July 9.—The newspapers publish a history of the pope's illness, evidently inspired by Drs. Lapponi and Mazzoni, who wish to defend themselves from the attacks on their diagnosis of the case, but it is interesting as the first document giving exact data from a medical point of view. The account runs as follows:

On the morning of Tuesday, June 30, Pope Leo went for a drive in the vatican gardens. On returning he declared that he had greatly benefited by the fresh air and wished to repeat the drive. The pope said he felt no need of a medical visit and informed Dr. Lapponi not to go and see him.

During the night of Wednesday, July 1, Pope Leo complained of intestinal disturbance, which he attributed to constipation. Notwithstanding, he went into the vatican gardens and returned to his apartments, again feeling benefited from his drive.

On Thursday he declared he felt well, but Dr. Lapponi, wishing to know personally the nature of the disturbance complained of, spent the night at the vatican. During the night the pope was sleepless and restless.

On Friday Dr. Lapponi examined the pope and found pulmonary inflammation in the right of the thorax between the inferior and middle lobes. He informed Cardinal Rampolli and began the treatment which he thought right on Saturday. During the day the inflammation spread. Dr. Lapponi, worried, desired to have Pope Leo seen by Dr. Mazzoni, who since the operation in 1899 has visited the pontiff occasionally, replacing Dr. Lapponi during his illness with appendicitis.

Dr. Mazzoni Examines Patient.

On Sunday Dr. Mazzoni went to the vatican and examined the patient with Dr. Lapponi, confirming the latter's diagnosis, viz., an inflammatory process in the lung, which was defined in the medical bulletin as pulmonary hepatization. The original treatment was continued, consisting of supporting the strength of the heart and general condition of the patient.

No noticeable change was observed until Monday evening. It was then found that the lowest part of the right of the thorax, which previously was pervious to respiration, had become impervious, affecting the function of the lung. The presence of liquid was suspected. The pontiff spent an agitated and sleepless night.

On Tuesday many symptoms confirmed the presence of liquid. Its increase was considered to account for the pope's general condition growing worse. After a test puncture 800 grammes of bloody liquid was extracted. The condition of the patient improved immediately, reviving hopes, slight in some persons and exaggerated in others. The amelioration in the condition of the patient was not continued during Tuesday. Indeed, depression gained the upper hand.

Planter Killed by Negro Tenant.

Osceola, Ark., July 9.—Arthur Shadden, a prominent young planter living four miles south of Osceola, was shot and killed by a negro tenant on his farm. There was trouble between them in regard to an account. The negro made his escape. The sheriff and a posse are in pursuit. A lynching is probable if the negro shall be caught, as the excitement is great.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disfiguring eruptions which are caused by impure blood. It cures scrofulous sores, erysipelas, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick of Cass City, Tuscola Co., Mich. "Could not walk at times nor wear my shoes. Thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets and used 'All-Healing Salve,' which made a complete cure. It was slow, but *sure*. I was taking the medicine about eight months.

"I would say to all who read this; try Dr. Pierce's Golden Medical Discovery before wasting time and money."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities.

AMERICANS HONORED

Admiral Cotton and Officers Presented to King Edward at Buckingham Palace.

RECEIVED BY QUEEN ALEXANDRA

Ball a Brilliant Function—Guests Included President Loubet and Most of Royal Family—Kearsarge Feature of Naval Representation.

London, July 9.—King Edward signally honored the officers of the American squadron at the state ball given at Buckingham palace—the climax of the visit of President Loubet. His majesty formally received Admiral Cotton, the captains of the American ships and 25 of the junior American officers, and Queen Alexandra later gave them the same distinction. The ball—the first since the accession of King Edward—was a brilliant function, 2,200 guests being present, including President Loubet and his suite, practically all the ambassadors and ministers in London, the majority of the members of the royal family, prominent representatives of the nobility and the officers of the American and French squadrons now in British waters.

American Officers Presented.

Before the arrival of President Loubet United States Ambassador Choate, with Secretary White attending, presented to his majesty the following invited officers of the American squadron: Rear Admiral Cotton, Captain Hemphill, Kearsarge; Staff Lieutenant Charles L. Hussey and Captain Cromwell, of the Chicago; Captain Walker, of the San Francisco; Captain Magill, marines, Kearsarge; Captain Thorpe marines, Chicago; Lieutenant Commander Zane, Lieutenants Pratt, Hourigan, Lubby and Mastin, Pay Inspector Littlefield, Medical Inspector McClung and Ensign Mannix, of the Kearsarge; Lieutenant Commander Hodges, Lieutenant Commander Griffin, chief engineer, Lieutenant Todd, Ensign Cooke and Medical Inspector Derr, of the Chicago; Lieutenant Commander Carter, Lieutenant Commander Mulligan, Paymaster Bent and Ensigns Steel and Cole, of the Kearsarge; Commander McCrea, Paymaster Wallace and Ensigns Bryant and Cook, of the Machias.

To Rear Admiral Cotton the king expressed his gratification at the visit of the squadron and inquired if all arrangements had been made for the comfort of the American officers and sailors. Admiral Cotton replied that he had fallen among friends and every care had been taken of himself and the others. His majesty had a pleasant word to say to each of the officers presented. The admiral, his captains and Staff Lieutenant Hussey were then presented to Queen Alexandra. During the supper several American officers were also introduced to the prince of Wales.

Scene One of Splendor.

Field Marshal Lord Roberts, Admiral Lord Charles Beresford, General Sir Redvers Buller and other distinguished Englishmen personally assisted at the welcome given the officers of the United States squadron. The scene was one of splendor which could not easily be surpassed. The gowns and uniforms were magnificent and the display of jewels wonderful.

The king and queen led the royal quadrille which opened the ball and in which participated President Loubet, the duchess of Devonshire and a number of other distinguished guests. Before the ball Admiral Cotton, the American captains and Staff Lieutenant Hussey dined with the earl of Selborne, first lord of the admiralty, at Whitehall. The dinner was attended by naval officials, Lady Selborne being th only woman present.

Admiral Cotton has been instructed to detach the Kearsarge from his squadron in order that she may arrive at Frenchmans Bay, Me., July 27, when the naval maneuvers will begin. This action is regretted, as the Kearsarge is the feature of the naval representation in European waters, and it will be impossible to carry out the program prepared in the manner desired. Admiral Cotton will shift his flag to the Chicago until the arrival of the Brooklyn.

Train Searched for Harvest Hands.

Boston, Kan., July 9.—Forty farmers stopped a Missouri Pacific train here and went through it, searching for harvest hands. The train ordinarily does not stop here and the farmers flagged it with a lantern wrapped in a red handkerchief. They offered passengers $2.50 and $3 a day for three weeks to get off the train. There is a great scarcity of harvest hands.

CAN'T BE SEPARATED

Some East Liverpool People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

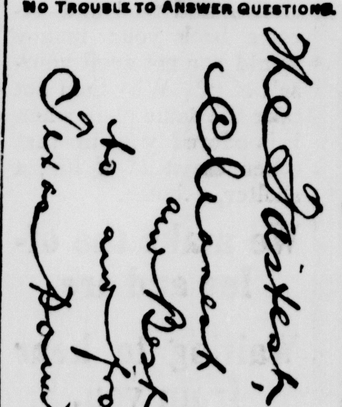

Doan's Kidney Pills make strong, healthy kidneys.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys, forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement about Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

Sold for 50 cents per box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Taken to Lisbon—Chief Wyman left this morning for Lisbon in charge of John Constine, who was bound over to court by Mayor Weaver for making an assault on and robbing H. O. Campsell Tuesday evening.

Doctors Will Meet—A meeting of the Columbiana County Medical society has been called to be held in the city hall at Salem, Tuesday, July 14, at 1 o'clock. Dr. W. E. Morris, of Lisbon, secretary of the society, issued the call this morning.

Campbell Was Heard—John Campbell, the man who was arrested in this city Tuesday afternoon by Officers Dawson and Aufderheide by request of Allegheny officials and who was returned to the latter city yesterday, was given a hearing last evening and held for court. The information which led to Campbell's arrest was made by Mrs. Mary Costello, at whose home, 57 McClure avenue, he boarded. He is charged with stealing a watch and $16 from Mrs. Costello.

DESERTED FAMILY WANTS TO KNOW

by every one who knew him. He was industrious and no one would have thought that he had deserted his family of children in Kentucky.

During the month of January or possibly February, while at work in the pottery he was knocked to the ground and crushed badly by a heavy beam that fell while a number of men were attempting to erect it. Gray was extricated from under the timber after considerable difficulty and was carried to his home. He suffered terrible agony for four days when he died.

The family was in destitute circumstances, and Gray, being so well liked by his fellow employes at the pottery, they started a subscription and succeeded in raising $100. The money was turned over to the wife and Gray was given a respectable burial in Riverview cemetery.

No Meeting Held.

Lisbon, July 9.—(Special)—The committee appointed to investigate and report by July 4 on the merits of the delegate system for making Republican county nominations, has held no meeting as yet. It is said that the matter has been deferred for the reason that several members of the committee have been away fom home for some time.

Marriage Licenses.

Lisbon, July 9.—(Special)—Gottlieb Wynnman and Miss Theresa Mader, both of Knox township, have been licensed to wed.

Which Is Foolish? Which Is Wise?

You are paying $15.00 a month rent; your neighbor is paying $15.00 a month on his property. In ten years you will have 120 rent receipts representing $1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps $2500.00. You paid $1800.00 out and have nothing. He paid $1800.00 out and owns his home which meanwhile has grown in value. He has $2500.00 to his credit in property; you have nothing. You earned $3.00 per day. He earned $3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your $15.00 rent monthly. He had to meet his $15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one?

Who is the foolish one?

We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are Waiting to hear from you.

SOCIAL EVENTS

DELIGHTFUL RECEPTION

Choir of the First M. E. Church Royally Entertained By Mrs. E. W. Fowler.

The farewell reception given by the choir of the First M. E. church to Miss Agnes Jones at the home of Mrs. E. W. Fowler last evening, though informal, was a most enjoyable event. Members of the choir to the number of 25 were in attendance and the evening was one of genuine pleasure.

Dr. M. B. Pratt, pastor of the church, made a neat little speech of adieu to the lady in whose honor the reception was held, and also included Prof. Jennings in his remarks. The latter gentleman has been choir director and assistant pastor of the First church for some time and will leave next week to resume his theological studies.

Dainty refreshments were served on the lawn, and the merry party dispersed at midnight, voting Mrs. Fowler a perfect hostess and a royal entertainer.

Millward-Hubbard.

The marriage of Mr. Stephen Millward and Miss Grace Hubbard took place yesterday afternoon at 3:30 o'clock at the M. E parsonage. Rev. M. B. Pratt officiated, using the ring ceremony. The groom is employed at the Burford pottery. Mr. and Mrs. Millward left last evening for a trip through the east. Upon their return they expect to reside in this city.

LABOR DAY 1903 BIGGEST EVER HELD

GENERAL COMMITTEE WORKING HARD TO THAT END.

Several Committees Appointed And Other Business Transacted Last Night.

The Labor day committee has changed the time of meeting from Monday to Wednesday, and the session last night was the most important yet held. The five new members added to the general committee at the last meeting of Trades Council has so strengthened the body that the members now feel they are ready to begin the real work expected of them.

It was decided that all printing and advertising which the committee found necessary to use should be furnished by local concerns. The general committee had laid this part of the work over in order that the new members could give some attention to it, and a regular printing committee was appointed last night, consisting of Timothy Hickey, Thomas Collins and George Mulligan. These gentlemen will see that the program is prepared and made ready for the printer at the earlist possible moment. The solicitor will begin the canvass for advertisements at once.

William Ashbaugh and A. E. Bertele were added to the sports committee, which is one of the most important on the list. The committee now consists of P. J. McKeone, John Reark, William Ashbaugh and Mr. Bertele. The committee has its list of events partially completed, and it is the intention of the organization to make this feature more attractive than ever before. With this end in view they have begun early, and will not allow the matter to lag for a minute.

The music committee will consist of Thomas Woods, J. J. Weisend and John Reark, and these men will have their hands full from now until the date of the celebration. More or less trouble has been encountered in past years with the question of music, and it will be the aim of the committee to avoid this as much as possible at the coming demonstration.

Cleared Million on Coal Deal.

Clarksburg, July 9.—V. L. Highland and S. C. Denham, of this city, and L. L. Malone and E. Fay Hartley, of Fairmont, cleared a million dollars on a coal deal here, which is one of the largest in the history of this part of the state. They sold 16,000 acres of coal lands in Wetzel county, the Ferry Coal and Coke company's property at Adamston, the Fooze Coal and Coke company's plant near Lumberport and the Howard Coal and Coke company's mines and property at Wilsonburg. The purchaser is the Pittsburg and Fairmont Fuel company, a New York corporation with a capitalization of $2,250,000, of which Archer Brown, of Rogers, Brown & Co., is the head. The price paid is $1,500,000.

Salvationists at World's Fair.

Cleveland, July 9.—The St. Louis exposition management has offered Commander Booth Tucker, of the Salvation army, land for an army exhibit. One of the features of the army's exhibition will be a colony farm. Exhibits from every country on the globe will also be made. The army will erect a two-story exhibition building to be used as headquarters.

ELECTRIC LINES SHOW ACTIVITY

Continued from First Page.

on the Wellsville road when it will be ready to proceed to East Liverpool. This will be the heavy end of the construction but will accomplish one of the great objects of the projectors, the connection of the two large industrial centers of Mahoning and Columbiana counties, which, with the spur to connect with the Stark county line at Salem, will ensure a paying volume of business.

Engineer Smith says that in all his experience he has never encountered as favorable a railroad grade for so long a distance as that along the route of the Youngstown & Southern from Youngstown to Lisbon.

Work on the Youngstown & Ohio River Light and Power company's line, which was started here some days ago, is still in progress. The company is handicapped, however, by the non-arrival of its material which is said to have been contracted for. About 150 feet of track has been laid on Beaver street. This section of the track was laid to conform to a paving grade which places it about a foot below the present street surface. The track is being covered for the present and will remain so until the completion of the line. A few feet of the excavation had to be filled in again temporarily pending the arrival of more rails.

It was intimated here this morning that the Youngstown & Southern and the Youngstown & Ohio River company have reached a co-operative agreement which will probably mean two lines by different routes from this place to Youngstown and but one line from this city to the river.

The Youngstown & Southern is said to have made a verbal agreement yesterday whereby it transfers to the Youngstown & Ohio River company valuable rights for a route into Youngstown through Idora park which the Youngstown & Southern could not utilize in connection with the route it has decided upon.

Steel Plant for Port Colborne.

Port Colborne, Ont., July 9.—Over 200 acres of land on the east side of Welland canal is under option to Port Colborne parties with whom the board of trade has an understanding with regard to the sale of the property to the United States Steel corporation. The property on the west side of the canal is also under option to a local man, said to represent the steel company. The board of trade is in communication with representatives of the United States Steel corporation and has assurances of most satisfactory character. It is said the steel company contemplates the erection of a big plant.

Pardoned Before Entering Pen.

Concordia, Kan., July 9.—A. J. Patterson, convicted and sentenced to three years in the penitentiary for withholding $5,000 collected from the illicit saloons at Clyde as license payments while he was county treasurer, was pardoned by Governor Bailey. This is the first case in the state in which a convicted man has been pardoned before entering the pen. Patterson contended that the city received the money illegally and could not hold him accountable. He paid the money back with interest after conviction.

BUILDERS TRADES COUNCIL NEEDED

Continued from First Page.

strike benefits have been paid, and none will be. There is no reason why we should. The strikers all secured employment soon after the trouble began and have been working steadily ever since. This man to whom I refer is thoroughly ashamed of himself, and is endeavoring to invent an excuse for his wrong doing.

"We have plenty of money left, and propose to redouble our efforts to win our strike for better conditions. Within the next few weeks we intend to let the master painters who refuse to recognize our union know that we are still in town. There has not been much activity for a few days, but that was simply the calm before the storm."

Since the master plumbers took action refusing to longer consider that there was a strike in that trade and resolving to hold no more conferences with the journeymen, little worth noting has occurred in that controversy. The plumbers are standing out to a man, however, and the strike promises to be prolonged.
